authors including Washington Irving and Douglas Jerrold Dickens had written three Christmas stories prior to the novella and was inspired to write the story following a visit to the Field Lane Ragged school one of several establishments for London's half-starved illiterate street children. The treatment of the poor and the ability of a self-interested man redeeming himself by transforming into a more sympathetic character are the key themes of the story. There is discussion among academics as to whether this was a fully secular story or if it is a Christian allegory. Published on 19 December, the first edition sold out by Christmas Eve. By the end of 1844, thirteen editions had been released. Most critics reviewed the novella positively. The story was illicitly copied in January 1844. Dickens took action against the publishers who went bankrupt, reducing further Dickens's small profits from the publication. He went on to write four other Christmas stories in subsequent years. In 1849, he began public readings of the story which proved so successful he undertook 127 further performances until 1870, the year of his death. *A Christmas Carol* has never been out of print and has been translated into several languages; the story has been adapted many times for film, stage, opera, and other media.

CHARLES JOHN HUFFAM DICKENS Charles John Huffam Dickens (7 February 1812 – 9 June 1870) was an English writer and social critic. He created some of the world's best-known fictional characters and is regarded by many as the greatest novelist of the Victorian era. His works enjoyed unprecedented popularity during his lifetime, and by the 20th century, critics and scholars had recognised him as a literary genius. His novels and short stories enjoy lasting popularity. Born in Portsmouth, Dickens left school to work in a factory when his father was incarcerated in a debtors' prison. Despite his lack of formal education, he edited a weekly journal for 20 years, wrote 15 novels, five novellas, hundreds of short stories and non-fiction articles, lectured and performed extensively, was an indefatigable letter writer, and campaigned vigorously for children's rights, education, and other social reforms. Dickens's literary success began with the 1836 serial publication of *The Pickwick Papers*. Within a few years, he had become an international literary celebrity, famous for his humour, satire, and keen observation of character and society. His novels, most published in monthly or weekly instalments, pioneered the serial publication of narrative fiction, which became the dominant Victorian mode for novel publication. The instalment format allowed Dickens to evaluate his audience's reaction, and he often modified his plot and character development based on such feedback. For example, when his wife's chiropodist expressed distress at the way Miss Mowcher in *David Copperfield* seemed to reflect her disabilities, Dickens improved the character with positive features. His plots were carefully constructed, and he often wove elements from topical events into his narratives. *A Christmas Carol* in Prose; Being a Ghost Story of Christmas Charles Dickens, 2019-07-07. In his Ghostly little book Charles Dickens invents the modern concept of Christmas Spirit and offers one of the world's most adapted and imitated stories. We know Ebenezer Scrooge, Tiny Tim, and the Ghosts of Christmas Past, Present, and Future not only as fictional characters but also as icons of the true meaning of Christmas in a world still plagued with avarice and cynicism.
