Friends Of The Earth Guide To Pollution:

Friends of the Earth Guide to Pollution Brian Price,1983 *Dirty Planet* Caroline Clayton,2000 Car bans in Mexico City Oxygen bars in Peking This guide offers the lowdown on the most pressing of the Earth s pollution problems and tells exactly who is to blame It provides practical tips to make homes schools and environment more green and influence local councils and governments The Ecological Community Roger S. Gottlieb,2014-01-02 The Ecological Community offers important and previously unexplored responses to the environmental crisis The premise of this volume writes editor Roger Gottlieb is that the environmental crisis challenges the presuppositions of and creates a rich field of creative work in philosophy politics and moral theory These eighteen essays are fresh and compelling interrogations of the existing wisdom in a host of areas including liberalism communicative ethics rights theory and environmental philosophy itself Contributors Avner de Shalit Gus diZerega Roger S Gottlieb Eric Katz Robert Kirkman Andrew Light Brian Luke David Macauley Mark A Michael Carl Mitcham John O Neill Holmes Rolston III David Schlosberg William Throop Steven Vogel Mark I Wallace Peter S Wenz Michael E Zimmerman The Environment Between Theory and Practice Avner de-Shalit,2000-03-10 Why is there a gap between the questions that environmental philosophers discuss and the issues that motivate environmental activists The author attempts to bridge this gap by combining tools of political philosophy with questions of environmental ethics and politics He defends a radical position in relations to environmental protection and social policies in order to put forward a political theory which is not only philosophically sound but also relevant to the practice of environmental activism He argues that several directions in environmental ethics can be at odds with the contemporary political debates surrounding environmental politics He then goes on to examine the environmental scope of the political theories of liberalism communitarianism participatory democracy and socialism and concludes that the last two are crucial for protecting the environment **Gazteak aldaketaren alde** ,2007 El proyecto profundiza en el ciclo de vida de bienes y servicios y sus efectos sobre el medio ambiente con el prop sito de dar soluci n a las distintas facetas del problema ambiental gesti n de residuos contaminaci n del agua y aire uso inadecuado de las fuentes de energ a etc Human Stress and the Environment Allen H. Rose,1994-09-23 This compilation of papers represents a comprehensive study by scientists and professionals of the effects of stress on health and possible remedies to the problems arising from stress The sources of stress considered here include work transport waste and general environmental factors Mental and physical health aspects are considered in detail in addition to the effects of stress on ageing and well being The study of stress in animals which may well tell us more about stress in humans is also discussed here In view of the fact that stress in modern life is one of the major factors affecting human health the volume represents a timely and valuable contribution to the current debate on community health Environmental Law and Citizen Action Alan Murdie,2013-11-05 Never before have people been so aware of the importance of sound environmental law as every week stories of controversial planning developments and prosecutions for

the release of toxic substances feature in the news Environmental Law and Citizen Action sets out and explains the ways that ordinary citizens can use the law to ensure the environment is protected There are a number of existing UK laws which require local authorities to control pollution and protect the environments and many more which can be used to tackle environmental offenders yet often local government officers themselves are unaware of the full scope of their powers Writing in a clear accessible style Alan Murdie explains how to get access to the relevant information participate in public enquiries use the courts to challenge public and government bodies and prosecute polluters This book maps a path through the intricate legal maze to show what rights every citizen has and how those rights can be enforced Alan Murdie is a barrister with long standing interest and involvement in local government issues and a lecturer at Thames Valley University He is co author of To Pay or Not To Pay a best selling analysis of the poll tax debate and has contributed to a wide range of legal and government periodicals Originally published in 1993 **Water Services** ,1993 **Unity** ,2005 **YouthXchange training kit on responsible consumption for Africa** Martinez-Roca, Carme,Thoresen, Victoria,UNEP,2017-12-31 **The Crisis of London** Andy Thornley,2003-09-02 London is in a mess with homelessness poverty unemployment transport problems and environmental problems This book looks at what has gone wrong exploring policy directions that could make the city a more humane and livable place **U.S. Environmental Protection Agency Library System Book Catalog** United States.
