From A Surgeons Journal 1915 1918:

From a Surgeon's Journal, 1915-1918 Harvey Cushing, 1936 Cushing an American surgeon served with a Harvard unit of the American Ambulance in France in the spring of 1915 He went back to the U S to organize and recruit medical staff and returned to France in 1917 He worked at Messines and Passchendaele and by 1918 he was a senior consultant in neurosurgery and operated on cases resulting from the final battles of the war The book is taken from his original diary

From a Surgeon's Journal, 1936 **From a Surgeon's Journal, 1915-1918. [Experiences of an American Surgeon During the Great War.] With Illustrations [including Portraits] and Maps** Harvey Williams Cushing, 1936 **A History of Surgery** Harold Ellis, 2002 A history of key advances in surgery including primitive techniques Includes a fascinating glimpse into the future of surgery **From a Surgeon's Journal. 1915-1918, Etc. [With Plates, Including a Portrait, and Maps.]** Harvey Williams CUSHING, 1936 **The memory of catastrophe** Peter Gray, Kendrick

Oliver, 2024-07-30 Investigates the dynamic relationship between experiences of profound social and cultural disruption and human memory Critical comparisons are made across a wide variety of catastrophic experiences and memories not just of war but also of massacre genocide rebellion famine partition shipwreck and fire The book is an accessible showcase for a wide range of methodological approaches to the study of memory including literary studies cultural studies participant observation and historical studies and uses a variety of oral visual and written sources Offers a diverse chronological and geographical range of catastrophic cases from seventeenth century England to the recent conflicts in the former Yugoslavia from Ireland to the Indian sub continent from Mexico to wartime Leningrad Well written and accessible a fascinating read

War Surgery 1914-18 Thomas Scotland, Steven Heys, 2012-06-18 A most interesting book both from a World War I historical perspective and from the major changes in medicine that are so well outlined British Journal of Surgery The First World War resulted in appalling wounds that quickly became grossly infected The medical profession had to rapidly modify its clinical practice to deal with the major problems presented by overwhelming sepsis Besides risk of infection there were many other issues to be addressed including casualty evacuation anesthesia the use of X rays and how to deal with disfiguring wounds plastic surgery in its infancy This book focuses closely on the human aspects of the surgery of warfare and how developments in the understanding of combat injuries occurred Ten essays covering a wide variety of topics including the evacuation of casualties anesthesia shock and resuscitation pathology X rays orthopedic wounds abdominal wounds chest wounds wounds of the skull and brain and the development of plastic surgery All material is supported by an extensive number of figures tables and images Those with a passion for the history of this period even if they have no medical training will find fascinating information about those surgeons who worked in Casualty Clearing Stations between 1914 and 1918 and laid the foundations for modern war surgery as practiced today **The Army Medical Department, 1917-1941 (Paperback)** Mary C. Gillett, 2009-11-23 CMH 30 10 1 Army Historical Series Provides a long needed in depth analysis of the

Army Medical Department's struggle to maintain the health and fighting ability of the nation's soldiers during both World War 1 a conflict of unexpected proportions and violence and the years that preceded World War 2 **Medical Aspects of Chemical Warfare** ,2014-08-01 NOTE NO FURTHER DISCOUNT FOR THIS PRINT PRODUCT OVERSTOCK SALE Significantly reduced list price while supplies last A comprehensive source of the information available on chemical agents this book will increase the level of preparedness and response capability of military and civilian practitioners responsible for chemical casualty care Includes detailed explanations of chemical detectors and protection equipment diagnosis decontamination techniques established and emerging countermeasures and therapy techniques as well as the history of chemical warfare and casualty management This book content will primarily appeal to military healthcare providers Emergency first providers and responders specialists in chemical warfare industrial accidents and terrorism may also have an interest in this authoritative material Related products Medical Management of Chemical Casualties Handbook is available here https://bookstore.gpo.gov/products/sku/008_023_00149_9 USAMRIID's Medical Management of Biological Casualties Handbook 8E can be found here https://bookstore.gpo.gov/products/sku/008_020_01635_7 Confidence Building in Cyberspace A Comparison of Territorial and Weapons Based Regimes is available here https://bookstore.gpo.gov/products/sku/008_000_01139_7 *Nine Pints* Rose George,2024-06-04 Los Angeles Times Book Prize Finalist A compelling chronicle of the science politics and business of blood The Wall Street Journal Blood carries life yet the sight of it makes people faint It is a waste product and a commodity pricier than oil It can save lives and transmit deadly infections Each one of us has roughly nine pints of it yet many don't even know their own blood type And for all its ubiquitousness the few tablespoons of blood discharged by 800 million women are still regarded as taboo menstruation is perhaps the single most demonized biological event Rose George author of *The Big Necessity* takes us from ancient practices of bloodletting to the breakthrough of the liquid biopsy which promises to diagnose cancer and other diseases with a simple blood test She introduces Janet Vaughan who set up the world's first system of mass blood donation during the Blitz and Arunachalam Muruganantham known as Menstrual Man for his work on sanitary pads for developing countries She probes the lucrative business of plasma transfusions in which the US is known as the OPEC of plasma And she looks to the future as researchers seek to bring synthetic blood to a hospital near you Spanning science and politics individual's stories and global epidemics *Nine Pints* reveals our life's blood in an entirely new light One of Bill Gates Recommended Summer Reading Titles Stellar An informative elegant and provocative exploration of the life giving substance A wondrously well written work Booklist starred review Both fascinating and informative George packs her book with the kinds of provocative witty and rigorously reported facts and stories sure to make readers view the integral fluid coursing through our veins in a whole new way Kirkus Reviews starred review George charges down wholly unexpected avenues of medical history and global injustice leaving the reader by turns giddy and appalled And always always in awe of the writing Mary Roach author of *Grunt* *The Curious Science of*

Humans at War A very good book The New York Times Working in a world of hurt Carol Acton, Jane Potter, 2015-07-01 Working in a world of hurt fills a significant gap in the studies of the psychological trauma wrought by war It focuses not on soldiers but on the men and women who fought to save them in casualty clearing stations hospitals and prison camps The writings by doctors nurses ambulance drivers and other medical personnel reveal the spectrum of their responses that range from breakdown to resilience Through a rich analysis of both published and unpublished personal from the First World War in the early twentieth century to Iraq in the early twenty first Acton and Potter put centre stage the letters diaries memoirs and weblogs that have chronicled physical and emotional suffering many for the first time Wide ranging in scope interdisciplinary in method and written in a scholarly yet accessible style Working in a world of hurt is essential reading for lecturers and students as well as the general reader Commemorative Modernisms Kelly Alice Kelly, 2020-07-06 Reconsiders the relationship between the Great War and modernism through women s literary representations of death Provides the first sustained study of death and commemoration in women s literature in the wartime and postwar period Offers a reconsideration of the relationship between the First World War and literary modernism through the lens of women s writing Considers the literary impact of the vast mortality of the First World War and the culture of war commemoration on British and American women s writing One of the key questions of modern literature was the problem of what to do with the war dead Through a series of case studies focusing on nurse narratives Edith Wharton Katherine Mansfield H D and Virginia Woolf as well as visual and material culture this book provides the first sustained study of women s literary representations of death and the culture of war commemoration that underlie British and American literary modernism Considering previously neglected writing by women in the war zones and at home as well as the marginalised writings of well known modernist authors and drawing on international archival research this book demonstrates the intertwining of modernist war and memorial culture and broadens the canon of war writing *Paying with Their Bodies* John M. Kinder, 2015-03-23 This valuable history examines America s complex and often conflicting relationship to wounded veterans and the lasting legacies of warfare The Intercept America has grappled with the questions posed by injured veterans since its founding and with particular force since the early twentieth century What are the nation s obligations to those who fight in its name And when does war s legacy of disability outweigh the nation s interests at home and abroad Focusing in particular on the decades surrounding World War I John M Kinder argues that disabled veterans have long been at the center of two competing visions of American war one that highlights the relative safety of US military intervention overseas the other indelibly associating American war with injury mutilation and suffering Kinder shows that when we bring disabled veterans into the foreground of history the narrative of American war over the last century takes a very different shape War can no longer be seen as a discrete experience easily left behind rather its human legacies are felt for decades

The First World War and Health , 2020-04-14 The First World War and Health Rethinking Resilience considers how the

First World War 1914 1918 affected mental and physical health its treatment and how the victims not only soldiers and sailors but also medics and even society as a whole tried to cope with the wounds sustained The volume which contains over twenty articles divided into four sections military personal medical and societal resilience therefore aims to broaden the scope of resilience resilience is more than the personal ability to cope with hardship if society as a whole cannot cope with or even obstructs personal recovery resilience is difficult to achieve Contributors are Carol Acton Julie Anderson Leo van Bergen Ana Carden Coyne C dric Cotter Dominiek Dendooven Christine van Everbroeck Daniel Flecknoe Christine E Hallett Hans Georg Hofer Edgar Jones Wim Klinkert Harold Kudler Alexander McFarlane Johan Meire Heather Perry Jane Potter Fiona Reid Jeffrey S Reznick Stephen Snelders Hanneke Takken Pieter Trogh and Eric Vermetten See inside the book *At Belleau Wood with Rifle and Sketchpad* Louis C. Linn, 2012-01-23 Of all the American divisions in World War I the 4th Brigade of Marines Second Division Regular Army A E F suffered the most casualties captured the second most territory captured the most enemy prisoners and equipment and won the most decorations for valor Louis Linn a young Marine in this illustrious division carried a sketchbook and pencil stub drawing whenever he could to maintain his sanity in the madness of war Several years after the Armistice he used these sketches to write the stories of events that haunted him that gave him nightmares that kept him awake at night Never before published Linn s memoir recalls his training in Norfolk and Quantico life in the trenches at Verdun fighting at the Battle of Belleau Wood his wounding at Soissons and again at St Mihiel and his subsequent hospitalization Throughout his sketches and woodcuts portray the action providing a vivid account of the war from the trenches Head Injuries R. A. Frowein, O. Wilcke, A. Karimi-Nejad, Mario Brock, M. Klinger, 2012-12-06 The 28th annual conference of the German Society for Neurosurgery was held in Cologne West Germany from the 18th to the 21st of September 1977 The conference dealt with problems concerning craniocerebral injuries and space occupying processes in the posterior cranial fossa as well as general topics on clinical practice and research with special attention paid to the work of younger neurosurgeons This volume is a presentation of the conference results Within the scope of the general topics special interest was directed toward the question of the current status of cytostatic treatment for brain tumors In addition to experimental investigations the results concerning cerebral tumors and medulloblastomas are reported Cerebellar tumors represent two further focal points 1 From the diagnostic viewpoint specific results from computerized tomography are discussed especially with regard to the more extensive anatomic difficulties involved in the posterior cranial fossa 2 With emphasis on cerebellar processes the results of long term measurements of intracranial pressure during the postoperative follow up period are reported *Medicine and Modern Warfare* Roger Cooter, Mark Harrison, Steve Sturdy, 1999 Examines the practice and development of medicine within the armed forces from the late 19th century through the end of WWII Spanning the laboratory and the battlefield material provides insight into different national styles and priorities Examines the relationship between medical personnel and the armed forces as a whole looking at areas such as disease prevention

treatment of psychiatric casualties and development of medical science Cooter is professor of social history and director of the Wellcome Unit for the History of Medicine at the University of East Anglia Annotation copyrighted by Book News Inc Portland OR **Traumatic Brain Injury, Part I** Jordan H. Grafman, Andres M. Salazar, 2015-02-19 The Handbook of Clinical Neurology volume on traumatic brain injury TBI provides the reader with an updated review of emerging approaches to traumatic brain injury TBI research clinical management and rehabilitation of the traumatic brain injury patient Chapters in this volume range from epidemiology and pathological mechanisms of injury and neuroprotection to long term outcomes with a strong emphasis on current neurobiological approaches to describing the consequences and mechanisms of recovery from TBI The book presents contemporary investigations on blast injury and chronic traumatic encephalopathy making this state of the art volume a must have for clinicians and researchers concerned with the clinical management or investigation of TBI Internationally renowned scientists describe cutting edge research on the neurobiological response to traumatic brain injury including descriptions of potential biomarkers and indicators of potential targets for treatments to reduce the impact of the injury Explores cellular and molecular mechanisms as well as genetic predictors of outcome Offers coverage of various diagnostic tools CT MRI DDTI fMRI EEG resting functional imaging and more State of the art traumatic brain injury management and treatment principles are presented for both civilian and military care Wisconsin Library Bulletin ,1935

Easing Pain on the Western Front Paul E. Stepansky, 2019-12-26 World War I is regarded as the first modern war driven by fearful new technologies of mechanized combat The unprecedented carnage rapidly advanced military medicine transforming the nature of wartime caregiving and paving the way for modern nursing practice Drawing on firsthand accounts of American nurses as well as their Canadian and British counterparts historian Paul E Stepansky describes nurses encounters with devastating new forms of injury wounds from high explosive artillery shells poison gas burns shell shock the Spanish Flu Comparing nursing practice on the western front with nursing care during the American Civil War the Spanish American War and the Anglo Boer War the author is especially attentive to the emergent technologies employed by nurses of the Great War
