Israel and South Africa Ilan Pappé, 2015-10-15 Within the already heavily polarised debate on the Israeli Palestinian conflict parallels between Israel and apartheid South Africa remain highly contentious A number of prominent academic and political commentators including former US president Jimmy Carter and UN Special Rapporteur John Dugard have argued that Israel's treatment of its Arab Israeli citizens and the people of the occupied territories amounts to a system of oppression no less brutal or inhumane than that of South Africa's white supremacists Similarly boycott and disinvestment campaigns comparable to those employed by anti apartheid activists have attracted growing support Yet while the apartheid question has become increasingly visible in this debate there has been little in the way of genuine scholarly analysis of the similarities or otherwise between the Zionist and apartheid regimes In Israel and South Africa Ilan Pappé one of Israel's preeminent academics and a noted critic of the current government brings together lawyers journalists policy makers and historians of both countries to assess the implications of the apartheid analogy for

Antipode, 2000. **Washed with Sun** Jeremy Foster, 2014-08-15. South Africa is recognized as a site of both political turmoil and natural beauty and yet little work has been done in connecting these defining national characteristics. *Washed with Sun* achieves this conjunction in its multidisciplinary study of South Africa as a space at once natural and constructed. Weaving together practical, aesthetic and ideological analyses, Jeremy Foster examines the role of landscape in forming the cultural iconographies and spatialities that shaped the imaginary geography of emerging nationhood. Looking in particular at the years following the British victory in the second Boer War from 1902 to 1930, Foster discusses the influence of painting, writing, architecture and photography on the construction of a shared, romanticized landscape subjectivity that was perceived as inseparable from being South African and thus helped forge the imagined community of white South Africa. In its innovative approach to South Africa's history, *Washed with Sun* breaks important new ground, combining the persuasive theory of cultural geography with the material specificity of landscape history.
