

High Priests after the Exile

James VanderKam

From Joshua To Caiaphas High Priests After The Exile

George J. Brooke, Jesper Høgenhaven

From Joshua To Caiaphas High Priests After The Exile:

From Joshua to Caiaphas James C. VanderKam, 2004 Beginning late in the Old Testament period and continuing for the next six hundred years the Jewish high priests were often the most important members of Jewish society They not only possessed religious authority but also exercised political control This book gathers and assesses the surviving evidence about each of the fifty one men who served as high priest from about 515 BCE until approximately 70 CE when the temple in From Joshua to Caiaphas VanderKam, 2021-11-22 Customers in North America who wish to Ierusalem was destroyed purchase this publication please contact Augsburg Fortress Press From Joshua To Caiaphas High Priests After The Exile by James C VanderKam John A O Brien Professor of Hebrew Scriptures University of Notre Dame is a comprehensive 548 page history of the high priests who served in the Second Temple period of Israel and their influence and importance in understanding early Judaism A masterpiece of scholarship and research Professor VanderKam writes with a distinctive clarity that allows even the non specialist general reader to come away with a comprehensive and coherent understanding of Temple Judaism as represented by the fifty one men who served as high priest from about 515 BCE down to 70CE when the Jerusalem temple was destroyed by the Romans No Old Testament Studies Israelite History or Judaic Studies collection can be considered either comprehensive or complete without the inclusion of this impressive and seminal work Also very highly recommended are Professor VanderKam's previous contributions The Dead Sea Scrolls Today 1994 An Introduction To Early Judaism 2001 The Book Of Jubilees 2001 and The Meaning Of The Dead Sea Scrolls which was co authored with Peter Flint 2002 From Judaism to Christianity: Tradition and Transition Patricia Walters, 2010-09-24 The striving of Hellenistic Judaism to lay claim to its own epoch and the struggle of early Christianity to ground its pluriform beliefs in that same world represent the governing themes of this volume dedicated to Thomas H Tobin S J Creation, Covenant, and the **Beginnings of Judaism** Ari Mermelstein, 2014-10-13 This study examines the relationship between time and history in Second Temple literature Numerous sources from that period express a belief that Jewish history began with an act of covenant formation and proceeded in linear fashion until the exile an unprecedented event which severed the present from the past The authors of Ben Sira Jubilees the Animal Apocalypse and 4 Ezra responded to this theological challenge by claiming instead that Jewish history began at creation Between creation and redemption history unfolds as a series of static repeating patterns that simultaneously account for the disappointments of the Second Temple period and confirm the eternal nature of the covenant As iterations of timeless cyclical patterns the difficult post exilic present and the glorious redemption of the future emerge as familiar unremarkable and inevitable historical developments From Creation to New Creation Daniel M. Gurtner, 2013-01-01 In this unique text sixteen well known evangelical scholars celebrate the work of G K Beale whose study and understanding of the Scriptures has garnered immense appreciation among scholars and exegetes of all kinds Beale is renowned for his studies that explore how the writers of the New Testament used the Old Testament

Scriptures in their letters Gospels narrative and apocalypse His work has greatly contributed to Evangelical biblical scholarship as we know it today While this commemorative work celebrates one man's contribution to Evangelical biblical scholarship it is also a technical text that students and professors of advanced NT studies will value in the classroom Sixteen essay written by popular scholars including Richard J BaukhamDaniel I BlockD A CarsonDouglas J MooGordon P HugenbergerJoel WhiteDavid F Wells **Disputed Temple** John Robert Barker, 2017-11-15 John Robert Barker uses rhetorical criticism of Haggai to tease out the probable attitudes and anxieties among the Yehudite community that saw rebuilding as both undesirable and unfeasible While some in the community accepted the prophet's claim that YHWH wanted the temple built others feared that adverse agricultural and economic conditions as well as the lack of a royal builder were clear signs that YHWH did not approve or authorize the effort Haggai's counterarguments are combined with his vilification of opponents as unclean and non Israelite Ancient Judaism in its Hellenistic Context Carol Bakhos, 2004-12-01 This volume explores the ways in which Jews lived within the Hellenistic and Greco Roman contexts how they negotiated their religious and social boundaries in their own distinctive manner Scholars demonstrate how the Jewish encounter with Hellenism led not to a conscious struggle with alien forces but rather in many instances to an active re tailoring and re shaping of tradition in light of their material ideological and philosophical surroundings That is to say the Jews a minority people maintained their identity by adapting the trappings to varying degrees of their milieu These essays also reflect many issues that emerge when we study the development of several aspects of Jewish Civilization through the ages in light of broad socio political cultural and philosophical contexts Brill's Companion to the Reception of Alexander the Great ,2018-09-11 Brill's Companion to the Reception of Alexander the Great offers a considerable range of topics of interest to students and academics alike in the long tradition of this subject s significant impact across a sometimes surprising and comprehensive variety of areas Arguably no other historical figure has cast such a long shadow for so long a time Every civilisation touched by the Macedonian Conqueror along with many more that he never imagined has scrambled to own some part of his legacy This volume canvasses a comprehensive array of these receptions beginning from Alexander's own era and journeying up to the present in order to come to grips with the impact left by this influential but elusive figure Christian Origins and Hellenistic Judaism Stanley E. Porter, Andrew Pitts, 2012-10-23 In Christian Origins and Hellenistic Judaism Stanley E Porter and Andrew W Pitts assemble an international team of scholars whose work has focused on reconstructing the social matrix for earliest Christianity through reference to Hellenistic Judaism and its literary forms From Ierusalem Priest to Roman Jew Michael Tuval, 2013 In this study Michael Tuval examines the religion of Flavius Josephus diachronically The author suggests that because Diaspora Jews could not participate regularly in the cultic life of the Jerusalem Temple they developed other paradigms of Judaic religiosity He interprets Josephus as a Jew who began his career as a Judean priest but moved to Rome and gradually became a Diaspora intellectual Josephus first work Judean War reflects a Judean priestly view

of Judaism with the Temple and cult at the center After these disappeared there was not much hope left in the religious realm Tuval also analyzes Antiquities of the Jews which was written fifteen years later Here the religious picture has been transformed drastically The Temple has been marginalized or replaced by the law which is universal and perfect for all Israel's Prophets and Israel's Past Brad E. Kelle, Megan Bishop Moore, 2006-11-01 This volume is an inquiry into the complex relationship of the prophetic texts and Israelite history Taken as a whole the book provides a round table discussion that examines the thesis that the study of prophetic literature i e Isaiah Jeremiah Ezekiel and the Twelve and the history of Israel are best undertaken in interaction with one another This topic appropriately honors John Hayes s long standing scholarly contributions in prophetic interpretation and historical research as well as his interest in the possibilities of the intersection of these two areas The volume also promises to contribute to the body of knowledge about prophets and Israel s past in general by affording twenty four historians and prophetic scholars the opportunity to explore their areas of interest in fresh ways while in dialogue with a central thesis All twenty four contributors have engaged John s ideas about prophets and or history as students colleagues or in their research and publications Thus the question of what impact the fields of prophetic research and Israelite history can and should have on one another unites the articles The book s individual parts however are contributions of historians and prophetic scholars who enter the discussion from their own perspectives and examine the possibilities and problems of the intersection of these two topics. The articles from historians will focus on questions about the usefulness of prophetic texts for reconstructing Israel's history and will also branch out and address topics such as the social location of the prophets and the benefits of other ancient texts as well as archaeology to understanding the prophets Scholars coming from the prophetic side will offer different perspectives on prophetic identity experience and rhetoric and their possible correlations with historical contexts These articles will engage broad issues such as how history may form the context of prophets thought to quote contributor J Gordon McConville and will explore specific texts and issues drawn from Isaiah Jeremiah Ezekiel Hosea Amos Zechariah along with Daniel and Deuteronomy

Wisdom, Cosmos, and Cultus in the Book of Sirach A. Jordan Schmidt, 2019-03-04 Despite the attention that has already been paid to the theme of creation in the book of Sirach scholarship has yet to provide a comprehensive analysis of Ben Sira's instruction regarding the cosmic order and its role in the divine bestowal of wisdom upon human beings This book which consists of two parts fills a lacuna in scholarship by offering such an analysis The first part of this study examines Ben Sira's three main treatments of the created world thus providing a comprehensive description and synthesis of Ben Sira's doctrine concerning the created order of the cosmos The second part of this work analyzes the place of human beings in general and the Jewish people in particular within the cosmic order This second part includes an analysis of the role of the created order in Ben Sira's wisdom instruction in 1 1 10 and 24 1 34 as well as an elucidation of the way in which his treatments of various kinds of people civic leaders wives doctors manual laborers scribes and cultic personnel are integral to

Ben Sira's doctrine of creation This study demonstrates that the created order is a fundamental category that Ben Sira relies Yahweh's Council Ellen White, 2014-04-28 Ellen upon in articulating his instructions about wisdom and wise behavior White explores the depiction of the divine council under the authority of Yahweh in the type scenes of the Hebrew Bible She proposes criteria for determining a Council of Yahweh type scene and membership requirements Following these criteria the Council of Yahweh texts are Isaiah 6 1 Kings 22 Job 1 2 Zechariah 3 and Daniel 7 After determining a cast of characters the author explores the structure of the council and realizes that the structure contains three tiers with two divisions on tiers 2 and 3 The first tier belongs to the chief god the second tier is called the Councilors and the two divisions are Judicial Officials and Advisors The third tier is the Agents and the two divisions on this tier are the Court Officers and Commissioned Characters who play a role relating to the council but are not themselves members of the council are also analyzed Finally Ellen White evaluates the potential for conceptual evolution especially in relationship to monotheism and the participation of human beings within the Council of Yahweh The Samaritans Reinhard Pummer, 2016 Most people associate the term Samaritan exclusively with the New Testament stories about the Good Samaritan and the Samaritan woman at Jacob s well Very few are aware that a small community of about 750 Samaritans still lives today in Palestine and Israel they view themselves as the true Israelites having resided in their birthplace for thousands of years and preserving unchanged the revelation given to Moses in the Torah Reinhard Pummer one of the world's foremost experts on Samaritanism offers in this book a comprehensive introduction to the people identified as Samaritans in both biblical and nonbiblical sources Besides analyzing the literary epigraphic and archaeological sources he examines the Samaritans history their geographical distribution their version of the Pentateuch their rituals and customs and their situation today Torah, Temple, and Transaction Alex J. Ramos, 2019-12-16 In this book Alex J Ramos examines production consumption and transaction in the regional economy of Galilee during the Early Roman period Drawing on literary sources including biblical texts Josephus and the Mishnah and archaeological evidence he assesses the ways that the Roman and Herodian states settlement patterns and Jewish religious obligations would have shaped household economic behavior Approaching the topic through new institutional economics Ramos considers the role of state institutions of administration and taxation and religious institutions derived from the Torah and the Temple in structuring for Galilean Jews the incentives priorities and costs of economic decision making In contrast to classical economic assumptions of what is economically rational behavior he considers the ways that the laws of the Torah defined the bounds of rational and socially permissible approaches to economic production consumption and transaction Ultimately Ramos argues that state institutions played a rather indirect and weak role in shaping the economy through much of the Early Roman Galilee religious institutions by comparison played a more formative Vision, Narrative, and Wisdom in the Aramaic Texts from Qumran Mette role in defining economic behavior Bundvad, Kasper Siegismund, 2019-09-24 The Aramaic Dead Sea Scrolls from Qumran have attracted increasing interest in

recent years These texts predate the sectarian Dead Sea scrolls and they are contemporary with the youngest parts of the Hebrew Bible They offer a unique glimpse into the situation before the biblical canons were closed Their highly creative Jewish authors reshaped and rewrote biblical traditions to cope with the concerns of their own time The essays in this volume examine this fascinating ancient literature from a variety of different perspectives The book grew out of an international symposium held at the University of Copenhagen in August 2017 King of the Jews Margaret Barker, 2014-04-17 The book starts with background chapters on the Jews Moses the King in the Old Testament and moves on to the King in the New Testament apart from John and then reaches its main focus on the Gospel of John Only John's Gospel says that Jesus was crucified as Jesus the Nazorean the King of the Jews Jesus was the keeper of the ways of the first temple in Jerusalem These had almost been lost when the Moses traditions came to dominate in the second temple period Jesus mission was to restore the ways of the original temple He entrusted his visions to John the Elder a priestly disciple in Jerusalem and John compiled them into the Book of Revelation Later John wrote his Gospel to show how the visions had been fulfilled The background to the Fourth Gospel is temple tradition John shows how Jesus debates with the Jews centred on the great difference between the world of the second temple and the world of the priest kings of the first temple from which Christianity emerged The Johannine community were the Hebrew disciples of Jesus who saw themselves as the true high priesthood restored Those at Qumran who worshipped as with the angels in heaven cannot have been very different from those who wrote and read John s gospel and the Book of Revelation The latter were the Hebrew Christian community who saw themselves as the heavenly throng Their Lamb on the throne opened a sealed book secret teaching and they were originally people chosen from all the twelve tribes of Israel to receive the Name of the Lord on their foreheads Rev 7 3 4 This vision was set in the early days of the first temple before the kingdom divided and it had become the hope for the future Taken from the Introduction Mermaid and the Partridge George J. Brooke, Jesper Høgenhaven, 2011-04-26 This volume which contains the papers from a conference in Copenhagen in June 2009 on the texts from DJD V represents the ongoing work on the re edition of these texts and reflects the development in approaches and viewpoints since the texts were first published 1968 The Letter of Aristeas Benjamin G. Wright, 2015-09-25 The Letter of Aristeas has been an object modern scholarly interest since the seventeenth century It is best known for containing the earliest version of the translation of the Hebrew Law into Greek and this story accounts for much of the scholarly attention paid to the work Yet this legend only takes up a small percentage of the work Looking at Aristeas as a whole the work reveals an author who has acquired a Greek education and employs both Jewish and Greek sources in his work and he has produced a Greek book Even though Aristeas has garnered scholarly attention no fully fledged commentary has been written on it The works of R Tramontano M Hadas and others often referred to as commentaries only contain text and annotated notes This volume fills the gap in the scholarship on Aristeas by providing a full paragraph by paragraph commentary containing a new translation text critical notes general commentary

The Making of the Tabernacle and the Construction of Priestly Hegemony and notes on specific words phrases and ideas Nathan MacDonald, 2023-09-21 How did the Jerusalem high priests go from being cultic servants in the sixth century BCE to assuming political supremacy at some point during the third or second century The Making of the Tabernacle and the Construction of Priestly Hegemony examines how the conditions were created for the priesthood s rise to power by examining the most important ideological texts for the high priests the description of the wilderness tabernacle and the instructions for the ordination ritual found in the Biblical books of Exodus and Leviticus Although neglected by many modern readers who often find them technical and repetitive the tabernacle accounts excited considerable interest amongst early scribes and readers as is evidenced by the survival of them in no fewer than four versions Untangling this intricate compositional history helps shed light on how these chapters in the Pentateuch shaped and were shaped by the perception of the priesthood's powers and competencies during the Persian and early Hellenistic periods. The hierarchy that is developed is more nuanced and multifaceted than previously appreciated with Israelite artisans community leaders Levites and women incorporated into a complex vision of society The ordination ritual was also transformed by scribal elites during the Persian period appearing in no fewer than five variant forms as the role of the high priesthood and its relationship to other groups was negotiated Using a broad plural methodological approach that incorporates insights from sociology ritual studies textual and literary criticism early interpretation manuscript studies and philology Nathan MacDonald's study shines new light on the historical development theology and ideology of priestly texts in the Pentateuch

Thank you for downloading **From Joshua To Caiaphas High Priests After The Exile**. Maybe you have knowledge that, people have search hundreds times for their favorite books like this From Joshua To Caiaphas High Priests After The Exile, but end up in harmful downloads.
