From Grandmother With Love:

From Grandmother with Love Becky Kelly, 2005-03 Why do we pass along stories of bygone days Why do we safeguard old photos and cherish mementos from long ago Why are we so intrigued by the past There are lots of reasons but maybe the most compelling is this By studying the path that brought us to where we are we come to know ourselves better Personality character humor and style are passed along through the generations just as long held family traditions are Becky Kelly's new prompted journal *From Grandmother with Love* is a special place for Grandmother to recount her favorite memories and family histories Becky's journal features her charming watercolor illustrations and prompted entries to guide Grandmother through her life and times creating a keepsake that will be cherished for years to come leaving a history about the people and events that came before her and so that someday when someone asks a grandchild where they're from they'll know just what to tell Author's web site www.beckykelly.com

[A Grandmother's Love](#) Sherita Brown, 2024-12-11 Around the world in many cultures there are grandparents who raise their grandkids These grandparents have stepped into the role of parents stepping up when their grandchildren needed them the most sometimes when the children's parents are unable or unwilling to do so *A Grandmother's Love* seeks to let them know that they are not alone and to communicate to grandchildren that they are blessings to their grandparents' hearts Author Sherita Brown describes three Colorado grandmothers herself among them who have stood in the gap for one another helping raise their grandchildren together Grandparents take pride in passing down wisdom and knowledge can find joy in learning from younger perspectives and are valuable to their grandkids' futures and their lives Sometimes grandparents may feel robbed of their roles because they must take over disciplining the child as the parent should But in this way they can grant their grandchildren better lives better education and the opportunity to fulfill their dreams This inspirational personal narrative of grandmotherly love shares one woman's family history and offers connection to grandparents raising their grandchildren

Love Happens At Sweetheart Farm Dalyn Weller, 2021-05-07. What if your pursuit of happiness robs someone you love of theirs? Ian MacTavish is a disillusioned wealth manager for his family's firm in Seattle. He's desperate for change, but chasing happiness instead of wealth will cost him more than mere money. When he jilts the firm's wealthiest client and hides out at Sweetheart Farm, his inheritance and the family's legacy are at stake. Lexi Taylor is the overworked owner of Sweetheart Farm, B+B, a romantic getaway and wedding venue. Too bad she's never had a sweetheart of her own. She's convinced she's better off without one. Love is only a recipe for more loss in her experience. But then Ian MacTavish shows up, looking for an escape and winds up helping her make the farm profitable again. Lexi never knew she was lonely until she met Ian. As they work together, Lexi's resolve melts, and Ian's bruised ego begins to mend. Life in the country is just what the city boy needed. Lexi and her Grandmother remind Ian what he's been missing, sitting behind a desk in the business district. But Ian never imagined he'd have to chase pigs, fight bears, and mend fences to repair his bruised ego and find love. With one reckless act, he restores his confidence and wins the admiration of the women who come to matter most. It seems so until Ian's troubles follow him to the farm with Lexi's riding shotgun.

The Nature of Love Irving Singer, 1984. In this concluding volume of his impressive study of the history of Western thought about the nature of love, Irving Singer reviews the principal efforts that have been made by 20th Century thinkers to analyze the phenomenon of love. The bulk of

the book is taken up with critical accounts of the modern thinkers who have systematically called into question the possibility itself of love as a union of distinct human selves For the most part these critiques are effectively executed and they bring a high level of critical acumen to bear on skeptical theses about love that are now too often accepted as truisms Frederick A Olafson Los Angeles Times Book Review Irving Singer has developed a method of historical analysis flexible enough to deal with all kinds of love from Greek homosexual love in Plato to the philia and agape of the New Testament to the courtly love of medieval romance to the Romantics for whom love was magic This final volume brings us to the present In The Modern World Singer offers readings of Freud Proust and Sartre among others He shows how their work was formed in reaction to the 19th century ideal of merging of the identities of lover and beloved More often than not the great modern writers portray love as impossible as a field of failure and regret This masterpiece of critical thinking is a timely eloquent and scrupulous account of what after all still makes the world go round Thomas D Evelyn Christian Science Monitor This is the third of a three volume history of the philosophy of love It begins with Kierkegaard Tolstoy and Nietzsche in the nineteenth century and treats Freud Proust Bergson D H Lawrence G B Shaw Santayana Sartre and others in the twentieth Although the author s approach is primarily historical he intersperses critical remarks throughout Most of the major themes which are discussed by philosophers of love make their way into this history including friendship sexual love and the distinction between love that is based on the value of the beloved and love that bestows value on the beloved Singer devotes a number of pages to his own views on falling in love being in love and staying in love Singer s exposition is lucid and organized his criticisms are insightful Ethics In this third volume of historical overview of the development of the Western conception of love Singer uses writers philosophers and psychologists to provide the reader with an overview of love in the late 19th and 20th century Analyzing authors such as Tolstoy Proust D H Lawrence and Shaw and philosophers such as Nietzsche Kierkegaard Sartre and Santayana as well as Freud Singer links each contributor s thoughts to the influence of previous writers and also provides some psycho historical insight into their personal lives that might have been either a source or direct result of their views In this final volume Singer proceeds to look at not just the great men influence but also provides a chapter overviews scientific contributions to our understanding of love Singer s work is a significant contribution to understanding the social construction of important abstract social and personal values By tracing love through different historical periods through a variety of voices Singer has created a rich history of the struggle between the ideal and the real between the dreams of what love should provide and the reality of what relationships have been in each historical period By personalizing the voice through psychohistorical analysis Singer also provides insight into the shaping of ideas through the intimate struggles of the shapers Mark V Chaffee Contemporary Psychology *The Nature of Love, Volume 3* Irving Singer, 2009-02-27 The final volume of Singer s trilogy discusses ideas about love in the work of writers ranging from Kierkegaard Nietzsche and Tolstoy to Freud Proust D H Lawrence Shaw and others in the contemporary world Irving Singer s trilogy *The Nature of Love* has

been called majestic New York Times Book Review monumental Boston Globe one of the major works of philosophy in our century Nous wise and magisterial Times Literary Supplement and a masterpiece of critical thinking that is a timely eloquent and scrupulous account of what after all still makes the world go round Christian Science Monitor In the third volume Singer examines the pervasive dialectic between optimistic idealism and pessimistic realism in modern thinking about the nature of love He begins by discussing anti Romantic Romantics focusing on Kierkegaard Nietzsche and Tolstoy influential nineteenth century thinkers whose views illustrate much of the ambiguity and self contradiction that permeate thinking about love in the last hundred years He offers detailed studies of Freud Proust Shaw D H Lawrence and Santayana and he maps the ideas about love in Continental existentialism particularly those of Sartre and de Beauvoir Singer finally envisages a future of cooperation between pluralistic humanists and empirical scientists This last volume of Singer s trilogy does not pretend to offer the final word on the subject any more than do most of the philosophers he discusses but his masterful work can take its place beside their earlier investigations into these vast and complex questions
