

THE FRIENDLY DICTATORSHIP

JEFFREY SIMPSON

Friendly Dictatorship

Jeffrey Simpson

Friendly Dictatorship:

The Friendly Dictatorship Jeffrey Simpson, 2011-01-14 Is Canada a dictatorship albeit a friendly dictatorship In this thoughtful book Jeffrey Simpson argues that the Liberal Party's re-election to a third majority government must raise the question Is Canada in danger of becoming a de facto one party state ruled by an all powerful leader An effective parliamentary system presumes that at least one party is ready and capable of replacing the existing government by winning an election Clearly no party was ready in the last election and none of the opposition parties absorbed the lessons of Canadian political history that the Liberals can only be defeated by coalitions that show a preference for moderation and compromise The recent election results have left the Liberals in power for the foreseeable future Jean Chrétien's longevity and reluctance to step down has highlighted the most alarming part of Canada's de facto one party government Canadian parliamentary democracy now places more power in the hands of the prime minister than does any other democracy Chrétien who has survived and thrived so long in this political system is the last person from whom anyone should expect an interest in reform At the same time Canadians increasing discouragement over their political system can be seen in a declining voter turnout a documented erosion in respect for all politicians and in an increasing interest in other forms of political engagement as opposed to organized partisan politics The Friendly Dictatorship demonstrates what has been happening in three areas that are vital to Canadian democracy the parliamentary system the political parties and the electorate What has occurred within each of these spheres has directly influenced developments in the others and the combined effect has been to leave Canadian democracy in a worrying state The Friendly Dictatorship delivers a message that is informed articulate and passionate and that should be heard by all Canadians

Executive Styles in Canada Luc Bernier, Keith Brownsey, Michael Howlett, 2015-05-07 Canada's political regime is centred on the existence of a federal system of government within the institutions of Westminster parliamentary democracy This system places a great deal of political power in the hands of cabinet ministers and while cabinet systems of government in Canada have evolved at different speeds in different federal and provincial governments they have over the last two decades increased centralization of administrative and legislative control in ever fewer hands This shift has been well demonstrated by scholars such as Donald J Savoie regarding the federal system but little examined in the context of provincial governance *Executive Styles in Canada* places equal emphasis on both levels explaining how and in what way cabinet systems have conformed to or diverged from this general pattern This unique collection is the only systematic cross provincial study of its kind and is certain to be of great benefit to anyone interested in the structure of government in Canada

The Least Examined Branch Richard W. Bauman, Tsvi Kahana, 2006-07-31 Unlike most works in constitutional theory which focus on the role of the courts this book addresses the role of legislatures in a regime of constitutional democracy Bringing together some of the world's leading constitutional scholars and political scientists the book addresses legislatures in democratic theory legislating and deliberating in the constitutional state

constitution making by legislatures legislative and popular constitutionalism and the dialogic role of legislatures both domestically with other institutions and internationally with other legislatures The book offers theoretical perspectives as well as case studies of several types of legislation from the United States and Canada It also addresses the role of legislatures both under the Westminster model and under a separation of powers system

U. S. Intervention and Regime Change in Nicaragua Mauricio Solaun, 2021-08-05 As President Carter's ambassador to Nicaragua from 1977-1979 Mauricio Solaun witnessed a critical moment in Central American history In *U S Intervention and Regime Change in Nicaragua* Solaun outlines the role of U S foreign policy during the Carter administration and explains how this policy with respect to the Nicaraguan Revolution of 1979 not only failed but helped impede the institutionalization of democracy there Late in the 1970s the United States took issue with the Nicaraguan dictator Anastasio Somoza Moral suasion economic sanctions and other peaceful instruments from Washington led to violent revolution in Nicaragua and bolstered a new dictatorial government A U S supported counterrevolution formed and Solaun argues that the United States attempts to this day to determine who rules Nicaragua Solaun explores the mechanisms that kept Somoza's poorly legitimized regime in power for decades making it the most enduring Latin American authoritarian regime of the twentieth century Solaun argues that continual shifts in U S international policy have been made in response to previous policies that failed to produce U S friendly international environments His historical survey of these policy shifts provides a window on the working of U S diplomacy and lessons for future policy making

Hearings United States. Congress. House. Committee on Foreign Affairs, 1961

The International Development and Security Act United States. Congress. House. Committee on Foreign Affairs, 1961

Breaking the Bargain Donald Savoie, 2003-12-15 Canada's machinery of government is out of joint In *Breaking the Bargain* Donald J Savoie reveals how the traditional deal struck between politicians and career officials that underpins the workings of our national political and administrative process is today being challenged He argues that the role of bureaucracy within the Canadian political machine has never been properly defined that the relationship between elected and permanent government officials is increasingly problematic and that the public service cannot function if it is expected to be both independent of and subordinate to elected officials While the public service attempts to define its own political sphere the House of Commons is also in flux the prime minister and his close advisors wield ever more power and cabinet no longer occupies the policy ground to which it is entitled Ministers who have traditionally been able to develop their own roles have increasingly lost their autonomy Federal departmental structures are crumbling giving way to a new model that eschews boundaries in favour of sharing policy and program space with outsiders The implications of this functional shift are profound having a deep impact on how public policies are struck how government operates and ultimately the capacity for accountability

Mutual Security Act of 1961 United States. Congress. House. Committee on Foreign Affairs, 1961

Congressional Record United States. Congress, 1933 The *Congressional Record* is the official record of the proceedings

and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873

Legislatures David C. Docherty, 2011-11-01 Legislatures and the men and women who serve in them form the very heart of Canadian democracy After all with the very rare exception of nationwide referendums Canadians speak collectively only when voting for the people who will be representing their interests in Ottawa The same is true provincially But how democratic are legislative assemblies in Canada After we elect our representatives are we comfortable that we are being properly and democratically represented Apparently not respect for legislatures and legislators in Canada has steadily declined and this perception is only aggravated by the current political climate Legislatures provides a democratic audit of Canada's provincial and national representative assemblies It argues that the problem existing in these bodies is not a lack of talent so much as a lack of institutional freedom Specifically the problem is largely one of resources and rules The move to a more multi party system nationally and the increasing tendency to downsize provincial assemblies has placed additional hurdles in the path to good governance Docherty uses the series criteria of responsiveness inclusiveness and participation to evaluate critically the performance of legislatures in Canada and makes recommendations for legislative reform in Canada A crucial and timely overview of legislatures this book will appeal to students and scholars of Canadian politics as well as politicians and policymakers and anyone interested in the current state of Canadian democracy

Success Stories on the Threshold of the New Millennium in Glorious Uzbekistan, *Douglas Gibson Unedited* Douglas Gibson, Christine Evain, 2007 This volume highlights the work of Canadian editor Douglas Gibson currently working at McClelland Stewart It covers a broad spectrum of topics including the difference between publishing fiction and non fiction and an analysis of the book industry today

Perilous Partners Ted Galen Carpenter, Malou Innocent, 2015-09-22 American leaders have cooperated with regimes around the world that are to varying degrees repressive or corrupt Such cooperation is said to serve the national interest But these partnerships also contravene the nation's commitments to democratic governance civil liberties and free markets During the Cold War policymakers were casual about sacrificing important values for less than compelling strategic rationales Since the 9/11 attacks similar ethical compromises have taken place although policymakers now seem more selective than their Cold War era counterparts Americans want a foreign policy that pursues national interests while observing American values How might that reconciliation of interest and morality be accomplished In *Perilous Partners* authors Ted Galen Carpenter and Malou Innocent provide a strategy for resolving the ethical dilemmas between interests and values faced by Washington They propose maintaining an arm's length relationship with authoritarian regimes emphasizing that the United States must not operate internationally in ways that routinely pollute American values It is a strategy based on ethical pragmatism which is the best way to reconcile America's strategic interests and its fundamental

values Perilous Partners creates a strategy for conducting an effective U S foreign policy without betraying fundamental American values Canadian Federalism Herman Bakvis, Grace Skogstad, 2020-07-09 Canadian Federalism is Canada's leading text on federal institutions and processes The fourth edition provides extensive updates and covers all the significant developments of the past decade including Prime Minister Stephen Harper's battles with the Supreme Court and Prime Minister Justin Trudeau's efforts at a more co-operative approach to intergovernmental relations It also features two entirely new chapters one on criminal justice and criminal law the other on comparative federalism Specific topics include the Supreme Court's renewed emphasis on co-operative federalism and a federal-provincial balance tilted more in favour of the provinces the Trudeau government's efforts to broker a deal between provinces over pipelines and carbon taxes as part of its commitment under the Paris Agreement the strains imposed on federal-provincial relations with the influx of refugees and the changing role of Ottawa and the provinces towards cities and in accommodating Indigenous rights Examination of these key issues includes discussion of the implications of the 2019 federal election and recent provincial elections *Lies the Media Tell Us* James P. Winter, 2007 More disinformation and misinformation as perceived bad news threatens to disturb domestic tranquility **Imperfect Democracies** Patti Tamara Lenard, Richard Simeon, 2012-10-01 Canada and the United States are consistently ranked among the most democratic countries in the world yet voices expressing concern about the quality of these democracies are becoming louder and more insistent Critics maintain that the two countries suffer from a democratic deficit a deficit that raises profound questions about the legitimacy and effectiveness of their democratic institutions Imperfect Democracies brings together Canadian and American scholars to compare how the democratic deficit plays out in the two nations An important contribution to the field of democratic theory and the study of democratic institutions this timely book will spark debate on both sides of the border **Cracking the AP U.S. History Exam, 2015 Edition** Princeton Review, 2015-03-03 EVERYTHING YOU NEED for the NEW 2015 EXAM Equip yourself to ace the new AP U S History Exam with The Princeton Review's comprehensive study guide including thorough content reviews targeted strategies for every question type and 2 full-length practice tests with complete answer explanations The AP U S History course and exam have changed Created to align with the new exam content and written by the experts at The Princeton Review Cracking the AP U S History Exam arms you to take on the test and achieve your highest possible score Techniques That Actually Work Tried and true strategies to help avoid traps and beat the test Tips for pacing yourself and guessing logically Essential tactics to help you work smarter not harder Everything You Need to Know to Help Achieve a High Score Detailed coverage of the new short-answer question type Comprehensive guidance on the document-based and long-essay questions Up-to-date information on the 2015 exam Practice Your Way to Perfection 2 full-length practice tests with detailed answer explanations Pacing drills to help you maximize your points End-of-chapter drills for targeted review This eBook edition has been formatted for on-screen viewing with cross-linked questions answers and explanations **Two Cheers for**

Minority Government Peter H. Russell, 2023-11-01 Two Cheers for Minority Government presents a concise accessible analysis of the prevalence of minority governments in Canada Using the Canadian case to reflect on the processes and procedures of the parliamentary system Peter H Russell explores the tendency for people in parliamentary government to prefer elections which result in one party getting a margin of seats Russell aims to explain why a minority government is not only a likely outcome of parliamentary elections in Canada but is also for most the best possible outcome He argues that the best result of parliamentary actions is for no party to end up with a majority of seats in the lower house This makes for government that is more accountable to the people The new edition reveals how the increasing frequency of parliamentary elections that do not result in majority governments is a positive development for democracy Ultimately Two Cheers for Minority Government aims to help both citizens and politicians understand and make the most of the opportunities presented by minority governments

Just Watch Me- Trudeau's Tragic Legacy Ron Coleman Colonel, 2003-01-16 Just Watch Me was the expression used by Trudeau when challenged by a reporter regarding his use of power during the FLQ crisis in Canada in 1970 This book traces the source of Trudeau s political groundings and his world travels after his formal education It examines his early work in Quebec and the formation of alliances within that community After being convinced that he could achieve more at the federal level it explores his initial activities and policy changes as the Prime Minister Just Watch Me demonstrates his politicalization of the federal civil service RCMP and the military It exposes his moves to consolidate power by centralizing it one of the key aspects of socialism It explores his lack of principles and ethics and his revisionist thinking regarding Canadian history The book explores the moral makeup of politicians prevalent in Canada and other democracies as well and seeks to reveal their shortcomings These character flaws eventually become embedded in the party and subvert political process Trudeau altered Canadian political institutions and the bureaucracy to moribund shells and bloated francophone reservoirs respectively filled with political hacks party loyalists and party bag men incapable of performing their functions Trudeau employed reverse discrimination in order to favor one ethnic group over others He went so far as to embed the mechanism to do so in the Charter of Rights and Freedoms His brand of socialism transformed segments of Canadian culture from independence thus stripping them of their self reliance and self respect He used his power to interfere in the economy institute unnecessary social policies drive down production and plunge the country into debt and deficits unknown except in wartime He was in constant conflict with other levels of government and was incapable of developing policies and plans that were good for Canadians and Canada Internationally he oversaw the transformation of a middle power to a little power His anti Americanism and pro communist leanings put Canada at odds with her closest ally and neighbour Trudeau s anti military and anti nuclear stance resulted in the eventual neutering of the Canadian military In the end he squandered billions on bilingualism the bureaucracy the arts and Quebec His governments were only about elevating Quebec and Quebecers to political power In summary he revolutionized Canada while most of Canada slumbered on This book

exhorts Canadians to take back political power through the only tool they have left the vote It asks them to carefully examine their political candidates and eliminate those whose character is lacking or unlikely to withstand the assault that the party can bring to bear It encourages Canadians to reform their political institutions and finally to reverse the trend towards socialism a trend that can only be destructive as evidenced in so many countries that have tried it The Bride's Pass Sarah Tytler, 1882
