Friends in High Places Douglas Frantz, David McKean, 1995 For more than forty years Clark Clifford was Washington's consummate Democratic power broker attorney and adviser to the nation's most influential leaders His 1991 memoir Counsel to the President looked back on a remarkable career of public service But the very year his autobiography was published the Clifford legend began to crumble Caught up in the scandal that destroyed the Bank of Credit and Commerce International the eighty five year old

Clifford was arrested on charges relating to his law firm's involvement with the outlaw bank. Though his case never went to trial and his protege Robert Altman was found not guilty, Clifford's reputation was in ruins. How could such a man come to such an end? What happened? And why? In *Friends in High Places*, a noted investigative reporter and a chief investigator in the Senate inquiry on BCCI provide the answers. Drawing on original documents, more than a hundred interviews with Clifford's friends and adversaries, and fifty hours of interviews with Clifford himself, the authors reveal the drive and shrewdness that led Clifford to the pinnacle of power and demonstrate convincingly that his involvement with BCCI was no aberration but the bitter fruit of seeds planted at the beginning.

Friends in High Places Caro Peacock, 2015-08-01 A pleasurable read. The Victorian setting and international political intrigue together with the murder mystery add complexity to the plot. Historical Novel Society, September 1840.

Novelist and patron of the arts Lady Blessington has hired private investigator Liberty Lane to escort a French gentleman to The Hague. For he has in his possession important papers that will assist in the forthcoming trial of Prince Louis Napoleon Bonaparte, the late emperor's nephew who has failed in an attempt to seize power in France. Plans for the undercover expedition are disrupted, however, when a body is found hanging in the attic at Gore House, Lady Blessington's Kensington mansion. Uncovering evidence that the murder was meticulously prepared for and planned well in advance, Liberty determines to track down the killer. But she is about to find herself plunged into a highly dangerous game involving blackmail, treachery, espionage, and cold-blooded murder. A crackerjack plot and engaging characters make Peacock's seventh Liberty Lane mystery her best yet.

Publishers Weekly: Liberty is a strong character who draws her cases from high society but can work the underbelly to track down the information she needs.

Booklist: *Friends in High Places* Donna Leon, 2009-12-29 By far the best in the New York Times bestselling Macallan Silver Dagger winning series featuring Venetian detective Commissario Brunetti. Evening Standard: In this vivid and atmospheric mystery, Commissario Brunetti is visited by a young bureaucrat investigating the lack of official approval for the construction of Brunetti's apartment years before. What began as a red tape headache ends in murder when the bureaucrat is later found dead after a mysterious fall from a scaffold. Brunetti starts an investigation that will take him into the unfamiliar and dangerous areas of drug abuse and loan sharking and will reveal once again what a difference it makes in Venice to have friends in high places. Beautifully written and immaculately plotted, *Friends in High Places* is further proof still that Leon can do no wrong. Scotsman: Carefully plotted and full of colorful as well as sinister characters, this is crime writing of the highest order, powerful, relevant, and all too full of human failings. The Guardian: Leon tells the story as if she loves Venice as much as her detective does. Warts and all. The plot and subplots unfold elegantly, beauty and the beast march hand in hand, and the result is rich entertainment. The Sunday Times (London): Leon's best so far. I don't think I could really understand a crime fan who didn't love Donna Leon. Scotland on Sunday: Leon is a skillful plotter. Brunetti is a nicely shaded creation, a moral man who is also all too human. *Friends in High Places* is a splendid read, clever and provoking. Observer (UK): *Friends in High Places* Thomas Shepherd, 2004-07 In *Friends*

Strategic Cousins John C. Blaxland, 2006-07-04 Blaxland traces the shift from ties with the British Empire which led Canadian and Australian forces to fight in the Boer War, the two World Wars and Korea to their contribution alongside the United States in Afghanistan. Using late twentieth century concepts of policy, military strategy, operations and tactics, he reveals that Canada and Australia have had remarkably comparable experiences while supporting their key allies. Although the two nations have at times chosen divergent courses, their paths since the end of the Cold War have largely converged and closer collaboration could increase their influence and effectiveness and benefit their allies.
