The Wesleyan-Methodist Magazine , 1817 What makes KOREA insult JAPAN □□□, 2018-09-18 Through this book you will get to know true historical and social reasons why Koreans have continued to resent and insult Japanese people The author of this book will share with you her inexcusable experiences with the Korean authorities who took away her human rights certainly knowing that she was born as a Korean but is now a naturalized Japanese citizen Though it is not widely known that the relationship between Japan and Korea is not as good as you might think it is hard to believe that reasons for some offensive actions taken by Koreans against Japanese people which this book discusses will definitely shed light on what truly was happening during the past decades The annexation of Korea and the WWII might be the reasons behind these offensive actions against Japanese people However most of Japanese people

simply can't accept these behaviors. In fact, Korean people should realize that during the 1900s Japan helped Korea economically and socially and improved Korea's social and physical infrastructure that laid the foundation for Korea to become a modernized and industrialized society. Japan also has been fulfilling Korea's requests such as paying compensatory money for so-called comfort women. However, it seems that such compensation was not enough to Korean people who kept asking for more. We cannot deny the fact that Korea has been taking an advantage of the comfort woman issue and the kind-hearted attitude of the Japanese people. As a result, Korean people keep on looking down at Japanese people and spreading Korean people's hate toward Japanese people through Korea's education system. So let's take a look at what the author says about the real situation between Japan and Korea nowadays.

 Henry Sweet, 1898 From the Ashes of 391 Allen Brady, 2019-07-26

In many ways life for Allen Brady began on a 1954 afternoon when his childhood home in Hope Hull, Alabama, erupted in flames and burned to the ground. He was four years old. The family home was rebuilt and given the address of 391. In 1974 he experienced another rebirth while in the military in Okinawa that was the year he married Yoko. Her address included 391, which was eerily similar to his own. In this memoir Brady recalls the series of events that brought him from Alabama to a faraway island where the course of his life was set. He begins with memories of a small farm existence complete with a mule and wagon, no car and no television. While white, he was taught by his parents to respect everyone, no matter the color of their skin, in this racially segregated state. Join the author as he looks back at his life's unexpected turns: his involvement in Vietnam as part of the Army Security Agency and what it meant to be a research operator working under a cloak of secrecy.
