From 291 To Zurich The Birth Of Dada:

From "291" to Zurich Ileana B. Leavens, 1980 Poetry of the Revolution Martin Puchner, 2006 Martin Puchner tells the story of political and artistic upheavals through the political manifestos of the 19th and 20th centuries He argues that the manifesto was the genre through which modern culture articulated its revolutionary ambitions and desires Repression and Recovery Cary Nelson, 1989 A poststructuralist literary history Nelson's premise that the history of modernist culture is one we no longer know we have forgotten and he aims to recover the political questions many forgotten modern poets looked straight in the eye **Flight Out of Time** Hugo Ball, 1996-05-06 A key document Indispensable for an understanding of the beginnings of the Dada movement and Dada in Zurich Rudolf Kuenzli Director International Dada Archive In Flight Out of Time one can follow Dada's unfolding and expansion almost day by day Charles Haxthausen coeditor Berlin Culture and Metropolis **The Grove Encyclopedia of American Art** Joan M. Marter, 2011 Arranged in alphabetical order these 5 volumes encompass the history of the cultural development of America with over 2300 entries **The Oxford Critical and Cultural History of Modernist Magazines** Peter Brooker, Andrew Thacker, 2009 This volume contains 44 original essays on the role of periodicals in the United States and Canada Over 120 magazines are discussed by expert contributors completely reshaping our understanding of the construction and emergence of modernism **Dada Magazines** Emily Hage, 2020-12-24 Dada magazines made Dada what it was diverse non hierarchical transnational and defiant of the most fundamental artistic conventions This first volume entirely devoted to Dada periodicals retells the story of Dada by demonstrating the centrality of these graphically inventive provocative periodicals Dada New York Dada Dada Jok and dozens more that began crossing enemy lines during World War I The book includes magazines from well known Dada cities like New York and Paris as well as Zagreb and Bucharest and reveals that Dada continued to inspire art journals into the 1920s Anchored in close material analysis within a historical and theoretical framework Dada Magazines models a novel multifaceted methodology for assessing many kinds of periodicals The book traces how the Dadaists Marcel Duchamp Tristan Tzara Dragan Aleksic Hannah Hoch and many others compiled printed distributed and exchanged these publications At the same time it recognizes the journals as active agents that engendered the Dada network and its thematic chronological structure captures the constant exchanges that took place in this network With in depth scrutiny of these magazines and 1970s Dadazines inspired by them Dada Magazines is a vital source in the histories of art and design periodical studies and modernist studies

American Genesis Thomas P. Hughes, 2020-05-21 The book that helped earn Thomas P Hughes his reputation as one of the foremost historians of technology of our age and a finalist for the Pulitzer Prize in 1990 *American Genesis* tells the sweeping story of America's technological revolution Unlike other histories of technology which focus on particular inventions like the light bulb or the automobile *American Genesis* makes these inventions characters in a broad chronicle both shaped by and shaping a culture By weaving scientific and technological advancement into other cultural trends Hughes

demonstrates here the myriad ways in which the two are inexorably linked and in a new preface he recounts his earlier missteps in predicting the future of technology and follows its move into the information age **Alchemist of the Avant-Garde** John F. Moffitt,2012-02-01 Acknowledged as the Artist of the Century Marcel Duchamp 1887 1968 left a legacy that dominates the art world to this day Inventing the ironically d gag attitude of ready made art making Duchamp heralded the postmodern era and replaced Pablo Picasso as the role model for avant garde artists John F Moffitt challenges commonly accepted interpretations of Duchamp s art and persona by showing that his mature art after 1910 is largely drawn from the influence of the occult traditions Moffitt demonstrates that the key to understanding the cryptic meaning of Duchamp s diverse artworks and writings is alchemy the most pictorial of all the occult philosophies and sciences *Inspiration: Bacchus and the Cultural History of a Creation Myth* John F. Moffitt,2005-05-01 The purpose of this book is to reveal the antique pedigree of a now commonplace term Inspiration an essential creation myth now propelling notions of self expression in modern art making Knowledge of the ancient sources of such supposedly modernist fixations will make a significant contribution to historical cultural thinking particularly by showing in detail the facts of an unrecognized evolutionary continuity In order to personify Inspiration this study initially focuses upon Michelangelo s Bacchus of 1496 so revealing now forgotten meanings once typically to be attached in a generic way to any Bacchus Then it demonstrates how these Dionysiac concepts arose in ancient Greece Later developments particularly from the Middle Ages through the Renaissance are traced here for the first time Due to further modifications by Friedrich Nietzsche Dionysiac expressionism eventually became a staple of modern art theory and practice **Anarchy and Art** Allan Antliff,2007-04-01 One of the powers of art is its ability to convey the human aspects of political events In this fascinating survey on art artists and anarchism Allan Antliff interrogates critical moments when anarchist artists have confronted pivotal events over the past 140 years The survey begins with Gustave Courbet s activism during the 1871 Paris Commune which established the French republic and ends with anarchist art during the fall of the Soviet empire Other subjects include the French neoimpressionists the Dada movement in New York anarchist art during the Russian Revolution political art of the 1960s and gay art and politics post World War II Throughout Antliff vividly explores art s potential as a vehicle for social change and how it can also shape the course of political events both historic and present day it is a book for the politically engaged and art aficionados alike Allan Antliff is the author of *Anarchist Modernism* **Modernisms** Peter Nicholls,2017-10-07 Peter Nicholls provides original analytic accounts of the main Modernist movements Close readings of key texts monitor the histories of Futurism Expressionism Cubism Dadaism and Surrealism This new edition includes discussion of the recent research trends examination of developments in the US and a new chapter on African American Modernisms **The New Vision** Maria Morris Hambourg,Christopher Phillips,1989 A broad historical study of the provocative innovations of European and American photography between the World Wars Presents more than 160 images from the Ford Motor Company Collection of
