From Belleau Wood To Bougainville The Oral Histor:

From Belleau Wood to Bougainville Robert Wallace Blake, 2004-10-28 The book was written as a companion volume for the authors most recent work Bayonets and Bougainville. In this volume the author presents the verbatim text of two major source documents for that work his fathers ORAL HISTORY and his mothers TRAVEL JOURNAL with his own added commentary. The HISTORY is the text of General Blakes official interview with Marine Corps historian Benis Frank covering the Generals Marine Corps career 1917-1949. The JOURNAL is the transcript of journal entries and letters written by the authors mother during travels abroad and in the USA from 1931 to 1941. The authors commentary weaves his mothers words into a continuous narrative covering the Blakes twenty three year married life. Taken as a whole the book offers an unusual picture of military life in the separate words of the husband and the wife. *The 4th Marine Brigade at Belleau Wood and Soissons* J. Michael Miller, 2020-06-29 The battles of Belleau Wood and Soissons in June and July of 1918 marked a turning point in World War I and in the stature of the US Marine Corps whose fighting proved so critical in repelling the Germans that the French would later rename Belleau Bois de la Brigade de Marine. In this book J Michael Miller a historian of the Marine Corps and veteran chronicler of battle takes us to the battlefields of Belleau Wood and Soissons immersing us in the experience of a single brigade of marines at the forefront of the fighting. Through a close up look at the doughboys singular impact on Allied victory in 1918 his work illuminates Americas bloody sacrifice during World War I. The 4th Marine Brigade at Belleau Wood and Soissons for the first time treats these two battles as one campaign and demonstrates why it is impossible to fully understand one without the other. Miller outlines the company and platoon levels of combat throughout the campaign establishing a basic tactical understanding of the fighting. He also draws on letters, diaries, memoirs and interviews to create a vivid and personal reconstruction of the battles. His use of French and German sources also adds unprecedented insights to this boots on the ground account. The book includes detailed mapping of both battlefields with a thirty six stop guide linking the text with the actual terrain. For each of these stops Miller gives GPS coordinates to provide a virtual tour of the sites he discusses. With its strategic overview and ground level perspective Miller s work suggests a new interpretation and offers a new experience of an iconic moment in American military history and in the story of the Marine Corps. America's Deadliest Battle Robert H. Ferrell, 2007 Preparation The plan First days The 35th Division Ending the enfilade The Kriemhilde Stellung Reorganization Breakout Victory George W. Hamilton, USMC Mark Mortensen, 2011-08-10 In its list of the Top 10 Badass Marines Leatherneck magazine declared that Major George W Hamilton never asked anyone to do anything he wasn t prepared to do himself and do better. Indeed the author of A History of the United States Marine Corps once called Hamilton the most outstanding Marine Corps hero in World War I. A leader of the first major American assault on June 6 1918 and the last ranking officer in the American Expeditionary Forces to learn that the war was over Hamilton remained in the thick of the fighting from start to finish. Although he earned the

Distinguished Service Cross the Navy Cross the Croix de Guerre and two Medal of Honor recommendations for his service Hamilton's fame stalled when he died prematurely in 1922 With this first complete biography Hamilton takes his rightful place among the first rank of American military heroes **In the Company of Generals** Robert H. Ferrell, 2009-11-01

Pierpont Stackpole was a Boston lawyer who in January 1918 became aide to Lieutenant General Hunter Liggett soon to be commander of the first American corps in France Stackpole's diary published here for the first time is a major eyewitness account of the American Expeditionary Forces experience on the Western Front offering an insider's view into the workings of Liggett's commands his day to day business and how he orchestrated his commands in trying and confusing situations Hunter Liggett did not fit John J Pershing's concept of the trim and energetic officer but Pershing entrusted to him a corps and then an army command Liggett assumed leadership of the U S First Army in mid October of 1918 and after reorganizing reinforcing and resting the battle weary troops broke through the German lines in a fourth attack at the Meuse Argonne accomplishing what Pershing had failed to do in three previous attempts The victory paved the way to armistice on November 11 Liggett has long been a shadowy figure in the development of the American high command He was Old Army a veteran of Indian wars who nevertheless kept abreast of changes in warfare and more than other American officers was ready for the novelties of 1914 1918 Because few of his papers have survived the diary of his aide who rode in the general's staff car as Liggett unburdened himself about fellow generals and their sometimes abysmal tactical notions provides especially valuable insights into command within the AEF Stackpole's diary also sheds light on other figures of the war presenting a different view of the controversial Major General Clarence Edwards than has recently been recorded and relating the general staff's attitudes about the flamboyant aviation figure Billy Mitchell General Liggett built the American army in France and the best measure of his achievement is this diary of his aide That record stands here as a fascinating and authentic look at the Great War *Marine Corps Oral History Collection Catalog*, 1975 **The Marine Corps Oral History Program** United States Marine Corps. History and Museums Division. Historical Branch, 1970 **Naval History**, 1992 **Fortitudine**, 1997 **Brute** Robert Coram, 2010-11-10 The author of *American Patriot* details the life of an innovative U S Marine Corps veteran of World War II the Korean War and the Vietnam War From the earliest days of his thirty four year military career Victor Brute Krulak displayed a remarkable facility for applying creative ways of fighting to the Marine Corps He went on daring spy missions was badly wounded pioneered the use of amphibious vehicles and masterminded the invasion of Okinawa In Korea he was a combat hero and invented the use of helicopters in warfare In Vietnam he developed a holistic strategy in stark contrast to the Army's Search and Destroy methods but when he stood up to LBJ to protest he was punished And yet it can be argued that all of these accomplishments pale in comparison to what he did after World War II and again after Korea Krulak almost single handedly stopped the U S government from abolishing the Marine Corps Praise for Brute Coram captures General Krulak's striding march across the Marine Corps and across the

American century and is a meticulous investigator of the things that drove Brute Krulak not all of them pretty Brute is plainspoken and absorbing and captures its subject in strokes that are sharp simple and often funny Dwight Garner The New York Times A well written tale about a complicated yet admirable man James Srodes The Washington Times A revealing and troubling portrait of a much revered figure Kirkus Reviews The Pacific War Remembered John T.
