Translated Children's Books Elinor Maureen White, 1990 **Global Commodity Chains and Labor Relations**, 2021-01-18 Due to the increasing linkage of global production sites the concept of commodity chains has become indispensable for the investigation of production at a global scale Although work is the basis of production in every involved location it is often being neglected as a research subject without taking interest in the workers the work processes and the working conditions This edited volume provides a collection of historical and contemporary commodity chain studies by placing labor at the centre of analysis A global historical perspective demonstrates that splitting production processes to different hierarchically connected locations are by no means new phenomena The book is thus an important and valuable contribution to commodity chain research but also to the fields of social economic and global labour history Contributors are Andr s Pinkasz Andrea Komlosy Christin Bernhold Ernst Langthaler Franziska Ollendorf Goran Musi Jan Grumiller Johanna Sittel J rg Nowak Karin Fischer Klemens Kaps Miroslav Lacko Santosh Hasnu Stefan Schmalz Tam s Ger cs Tibor T Meszmann and Uwe Spiekermann *Subject Guide to Children's Books In Print*, 1996 R R Bowker Publishing, 1996 *Books in Print*, 1981 **Subject Guide to Children's Books In Print, 1990-1991** R R Bowker Publishing, 1990-09 *The Writer's Directory, 1998-2000* Miranda H.
