## **From Culture Wars To Common Ground Religion And The American Family Debate:**

*From Culture Wars to Common Ground* Don S. Browning, 1997 What is the status of the American family How is it changing Are these changes making anything better What is the future of the family Does religion offer an answer Not since Habits of the Heart has one book confronted issues with such personal and societal impact Using in depth case studies and national surveys this groundbreaking book presents arguments for a creation of a new family ethic that must be central to the agendas of both contemporary society and the church This second edition offers an updated Preface and Appendix Copyright Libri GmbH All rights reserved      Sex, Family, and the Culture Wars Mark J. Cherry, 2017-07-05 Extraordinary social and moral shifts have taken place in Western societies Sex is no longer the exclusive province of husband and wife set within monogamous married family life The world is awash in sex advertising books magazines movies sex clubs internet pornography etc Parents traditionally responsible for guiding their children's moral and social development have been effectively side lined by commercial and governmental interests This volume pursues a detailed study of how changes in social life dating from the sexual revolution of the 1960s have affected the family Cherry shows that attempts to redefine the family away from the marital union of husband and wife come with real costs social emotional psychological and financial He argues that while political campaigns have fuelled attempts to undermine the traditional family to pretend it possesses no basic biological social or moral reality such ideologically driven undertakings are injurious to society Acting as if there are no consequential differences between traditional marriage and other sexual lifestyles ignores significant data demonstrating the importance of the traditional biological family to the well being of men and women and the successful raising of children The family possesses a biological and moral being that is foundational an essential building block of society Cherry argues that the family is the most incontrovertible field of conflict in the culture wars others might conclude that it is the decisive battleground      ,      **What is Parenthood?** Linda C. McClain, Daniel Cere, 2013-01-01 Extraordinary changes in patterns of family life and family law have dramatically altered the boundaries of parenthood and opened up numerous questions and debates What is parenthood and why does it matter How should society define regulate and support it Is parenthood separable from marriage or couplehood when society seeks to foster children's well being What is the better model of parenthood from the perspective of child outcomes Intense disagreements over the definition and future of marriage often rest upon conflicting convictions about parenthood What Is Parenthood asks bold and direct questions about parenthood in contemporary society and it brings together a stellar interdisciplinary group of scholars with widely varying perspectives to investigate them Editors Linda C McClain and Daniel Cere facilitate a dynamic conversation between scholars from several disciplines about competing models of parenthood and a sweeping array of topics including single parenthood adoption donor created families gay and lesbian parents transnational parenthood parent child attachment and gender difference and parenthood      *The Equal-Regard Family and Its Friendly Critics* John Witte, M. Christian Green, Amy Wheeler, 2007-10-17

This volume is both a celebration and an evaluation of the work on sex marriage and family life by Don S Browning the dean of modern family studies in theological ethics and practical theology Scholars probe a number of Browning s contributions particularly his call for an ethic of equal regard within the household and wider society This book is a true interdisciplinary effort with insights from psychology history law theology biology ethics feminist theology childhood studies and education theory The Equal Regard Family and Its Friendly Critics includes seven honorary forewords ten original essays and a concluding essay by Don Browning himself Contributors Herbert Anderson Carol Browning Don S Browning Lisa Sowle Cahill M Christian Green Timothy P Jackson Martin E Marty Rebekah Miles Bonnie J Miller McLemore Richard Robert Osmer Garrett E Paul Stephen J Pope David Popenoe Stephen M Tipton Mary Stewart Van Leeuwen Linda J Waite John Wall Amy Wheeler Barbara Dafoe Whitehead John Witte Jr     *Marriage and Modernization* Don S. Browning,2003-03-20 The processes of modernization and globalization promise more wealth and health for many people But they are also a threat to the stability and quality of marriage and family life This new book at once sobering and constructive looks at the impact of these processes on marriage and asks what Christianity in cooperation with other religions can do to strengthen married life today Among the deleterious effects of modernization and globalization on marriage are a worldwide drift of men away from the responsibility of parenthood and the tendency of mothers too readily to take on the task of childrearing alone After looking at recent research on these and other problems Don Browning suggests that the cure for modern marital disruption entails reforming and reconstructing the institution of marriage while also nurturing relevant forms of social support Yet the effort to initiate a world marriage revival requires a complex cultural work and Browning explores the key contributions that the religions of the world must make for such an effort to be successful     **Church, State, and Family** John Witte

(Jr.),2019-04-11 Presents a robust defence of the essential place of stable marital families in modern liberal societies     *The Family Handbook* Herbert Anderson,1998-01-01 This encyclopedic volume brings clarity and focus to a multitude of family issues The expert contributors deal with practical and important questions thereby providing information of significant usefulness to social workers therapists lawyers ministers and health care professionals Those who work with families will learn new techniques and see their efforts in a larger context An extensive directory of family resources provides the reader with helpful and practical information The Family Culture and Religion series offers informed and responsible analyses of the state of the American family from a religious perspective and provides practical assistance for the family s revitalization

**Kids and Kingdom** James Murphy,2013-09-10 Kids and Kingdom challenges the traditional view that Jesus was deeply concerned over children Instead it is argued that despite the Synoptic authors attempts to convince us that children are fully included in the kingdom of God that Jesus loves the little children their presentations fail to conceal images of household disruption and alienation of children brought about by Jesus eschatological movement After establishing what Greco Roman and Jewish sources reveal about children by the end of the first century a deconstructive literary approach is applied to the

Synoptic Gospels foregrounding children over other characters in relation to Jesus adult ministry Murphy scrutinizes prominent healing narratives involving children and teachings involving children such as The Child in the Midst Mark 9 36 37 and parallels One of These Little Ones Mark 9 42 and parallels and Let the Young Children Come to Me Mark 10 13 16 and parallels These are examined against sayings of Jesus relativizing family ties and the lifestyle indicative of the radical call to discipleship in the Synoptic narratives Fundamentally this study does not seek to resolve but to highlight the tensions in the Synoptic Gospels between attempts at child inclusivity and the radical demands of discipleship

**International Handbook of Practical Theology** Birgit Weyel, Wilhelm Gräb, Emmanuel Larrey, Cas Wepener, 2022-09-06 Practical theology has outgrown its traditional pastoral paradigm The articles in this handbook recognize that faith spirituality and lived religion within and beyond institutional communities refer to realms of cultures ritual practices and symbolic orders whose boundaries are not clearly defined and whose contents are shifting The International Handbook of Practical Theology offers insightful transcultural conceptions of religion and religious matters gathered from various cultures and traditions of faith The first section presents concepts of religion Chapters have to do with considerations of the conceptualizing of religion in the fields of anthropology community family institution law media and politics among others The second section is dedicated to case studies of religious practices from the perspective of their actors The third section presents major theoretical discourses that explore the globally significant diversity and multiplicity of religion Altogether sixty one authors from different parts of the world encourage a rethinking of religious practice in an expanded transcultural globalized and postcolonial world

**Equality and the Family** Don S. Browning, 2007 In Equality and the Family Don Browning pulls together essays he has published in the past in order to shed light on the path we should take in the future He contends that practical theology can be envisioned as a practical research program and he uses the very concrete example of the family to illustrate how this works Though it may sound unlikely that equality in the family can be based on Christian ideas Browning insists that it can and that it should His desire is to be pro family and pro marriage in ways that create justice and equality within the family Based on this goal he argues for the church s ideal model of the mother father partnership to be balanced with an understanding and acceptance of the pluralism of family forms as a part of modern life including church life A brief introduction of each essay is included to help the reader understand the original context of the piece

**Celebrating Christian Marriage** Adrian Thatcher, 2002-04-30 The interest in marriage and the future of marriage is urgent and increasing This collection of expert research analysis and discussion may be the most significant ever assembled on this subject There are contributions from different continents and cultures from Roman Catholic Protestant Anglican and Orthodox traditions from theologians and many other professionals including historians social theorists sex therapists lawyers psychiatrists and demographers all in conversation with the idea of Christian marriage There are introductions to each topical section by Adrian Thatcher Marriage at the Start of the Millennium Beginning Marriage Love and Marriage The

Marriage Relationship Children and Marriage Single Sex Marriage Ending Marriage Roman Catholic Perspectives Ending Marriage Anglican Perspectives     *The War Against Parents* Sylvia Ann Hewlett, Cornel West, 1998 A white feminist and a black human rights activist join in a rare partnership to address the burning social issue of our time the abandonment of America's parents

**Theology and Families** Adrian Thatcher, 2008-04-15 This timely book by one of the world's leading theologians in this field makes a positive theological contribution to present intellectual and practical discussions about families and children Explores the intellectual and practical debates about the changing nature of family forms roles and relationships and how Christian faith and theology can contribute to the thriving of families and children Considers the causes and consequences of changes to families over recent decades Utilizes the theological resources that are best equipped to deal with these changes and to shape ethical teaching ethical practice moral judgements and public policies Develops family friendly readings of scripture tradition and doctrine and moves forward theological treatment of marriage gender and children

**The Faith Factor in Fatherhood** Don E. Eberly, 1999-01-01 Edited by founder and chairman of the National Fatherhood Initiative Don Eberly The Faith Factor in Fatherhood addresses the key role that religious institutions can play in reviving what Eberly calls the sacred vocation of fatherhood In response to the wider debate regarding the increased expectations that are being placed by policy makers on faith based institutions to serve important public purposes contributors to this volume guide denominations places of worship and religious social agencies to recover the role they once played in reaching and supporting young men with a message of responsible fatherhood Ecumenical in scope the book addresses what each faith community can do to recover its particular heritage of engaged involved fathering through methods including instruction rites of passage programs stories ceremonies mentoring and community outreach

**Does Christianity Teach Male Headship?** David Blankenhorn, Don S. Browning, Mary Stewart Van Leeuwen, 2004 The question of male headship has remained a vexing and often divisive issue in contemporary Christian thought This insightful volume brings together both sides of the debate proponents of the concept of an equal regard marriage as well as dissenting voices who advocate male leadership within the family and often consequently within the church With contributions from Mary Stewart Van Leeuwen Carolyn Osiek W Robert Godfrey Don Browning and Mary Gallagher the essays provide thoughtful commentary and critique substantively engaging other opinions and contrasting views in a charitable manner

Open Wide the Gates Brian D. Cunningham, 2023-10-13 The culture wars show no sign of abating Same sex sexuality continues to be one of the most brutal and bloody fronts in those wars and Christians the fiercest combatants Friendships families churches and denominations continue to draw their lines in the sand split and go their separate ways Meanwhile the lives of many young and old are deeply scarred and some even lost in the crossfire It doesn't have to be that way Challenging the arguments that perpetuate that conflict Open Wide the Gates presents a carefully developed biblical theological and ethical argument for the welcome affirmation and inclusion of gays and lesbians in the life and ministry of the local church Its irenic tone and clearly

articulated presentation provides pastors denominational leaders and concerned laypeople with a reliable guide for navigating these often turbulent waters In this comprehensive study Brian D Cunnington points to a path forward a path for following Jesus in the twenty first century characterized by grace love and hope a path that demonstrates the radical presence of God s kingdom here on earth for all people regardless of their sexual orientation

### **The Divine Institution**

Sophie Bjork-James,2021-03-12 The Divine Institution provides an account of how a theology of the family came to dominate a white evangelical tradition in the post civil rights movement United States providing a theological corollary to Religious Right politics This tradition inherently enforces racial inequality in that it draws moral religious and political attention away from problems of racial and economic structural oppression explaining all social problems as a failure of the individual to achieve the strong gender and sexual identities that ground the nuclear family The consequences of this theology are both personal suffering for individuals who cannot measure up to prescribed gender and sexual roles and political support for conservative government policies Exposure to experiences that undermine the idea that an emphasis on the family is the solution to all social problems is causing a younger generation of white evangelicals to shift away from this narrow theological emphasis and toward a more social justice oriented theology The material and political effects of this shift remain to be seen

### **Family and Christian Ethics**

Petruschka Schaafsma,2023-08-10 In this book Petruschka Schaafsma offers an innovative appraisal of family Eschewing the framework of worry and renewal that currently dominates family studies she instead explores the topic through the concepts of givenness and dependence Givenness highlights the fact that family is not chosen dependence refers to being intimately included in each other s identities and lives Both experiences are challenging especially in a contemporary context where independence and freedom to shape one s own life have become accepted ideals Schaafsma shows the impasses to which these ideals lead in several disciplines theology philosophy sociology social anthropology and care ethics She moves constructively beyond them by tapping literary artistic and biblical sources for their insights on family Grounded in a theological approach to family as mystery rather than problem she develops an understanding of the current controversial character of family that accounts for both its ordinary and transcendent character This title is available as Open Access on Cambridge Core
