Love and Politics in the Contemporary Spanish American Novel Aníbal González, 2010-02-01 The Latin American Literary Boom was marked by complex novels steeped in magical realism and questions of nationalism often with themes of surreal violence In recent years however those revolutionary projects of the sixties and seventies have given way to quite a different narrative vision and ideology Dubbed the new sentimentalism this trend is now keenly elucidated in *Love and Politics in the Contemporary Spanish American Novel* Offering a rich account of the rise of this new mode as well as its political and cultural implications Anibal Gonz lez delivers a close reading of novels by Miguel Barnet Elena Poniatowska Isabel Allende Alfredo Bryce Echenique Gabriel García Márquez Antonio Sk rmeta Luis Rafael Sánchez and others Gonz lez proposes that new sentimental novels are inspired principally by a desire to heal the division rancor and fear produced by decades of social and political upheaval Valuing pop culture above the avant garde such works also tend to celebrate agape the love of one's neighbor while denouncing the negative effects of passion eros Illuminating these and other aspects of post Boom prose *Love and Politics in the Contemporary Spanish American Novel* takes a fresh look at contemporary works

for the further study and enjoyment of this major figure in world literature      Encyclopedia of Gay Histories and Cultures  
George Haggerty, 2013-11-05 First Published in 2000 A rich heritage that needs to be documented Beginning in 1869 when  
the study of homosexuality can be said to have begun with the establishment of sexology this encyclopedia offers accounts of  
the most important international developments in an area that now occupies a critical place in many fields of academic  
endeavors It covers a long history and a dynamic and ever changing present while opening up the academic profession to  
new scholarship and new ways of thinking A groundbreaking new approach While gays and lesbians have shared many  
aspects of life their histories and cultures developed in profoundly different ways To reflect this crucial fact the encyclopedia  
has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad  
range of human experience is covered Written for and by a wide range of people Intended as a reference for students and  
scholars in all fields as well as for the general public the encyclopedia is written in user friendly language At the same time it  
maintains a high level of scholarship that incorporates both passion and objectivity It is written by some of the most famous  
names in the field as well as new scholars whose research continues to advance gender studies into the future      **Writing**

**in Dante's Cult of Truth** Maria Rosa Menocal, 1991 Using the works of Dante as its critical focus Mar a Rosa Menocal s  
original and imaginative study examines questions of truth ideology and reality in poetry as they occur in a series of texts and  
in the relationship between those texts across time In each case Menocal raises theoretical issues of critical importance to  
contemporary debates regarding the structure of literary relations Beginning with a reading of La vita nuova and the  
Commedia this literary history of poetic literary histories explores the Dantean poetic experience as it has been limited and  
rewritten by later poets particularly Petrarch Boccaccio Borges Pound Eliot and the all but forgotten Silvio Pellico author of  
Le mie prigioni By blending discussions of Dante s own marriage of literature and literary history with those investigations  
into the imitative qualities of later works Writing in Dante s Cult of Truth presents an intertextual literary history one which  
seeks to maintain the uncanniness of literature while imagining history to be neither linear nor clearly distinguishable from  
literature itself      **Perspectives on the life and works of Gabriel García Márquez** Gustavo Arango, 2023-04-11

Perspectives on the life and works of Gabriel Garc a M rquez Caribbean Troubadour explores both the big picture and the  
small details about the Colombian Nobel Prize winner his development as an artist the construction of his public persona the  
characteristics and the significance of his most relevant works the secrets and the agonies of his trade the blurred line  
between fact and fiction and the recurrent themes of solitude truth love Arango brings special attention to Garc a M rquez s  
Caribbean background as well as the deep roots of his works in the tradition of the medieval troubadours Archival materials  
never before published in English give the final touches to this portrayal of one of the most influential Latin American writers  
of the twentieth century      *The Dark Matter of Words* Timothy Walsh, 1998 Timothy Walsh s study of the function and  
significance of absence in literature demonstrates its centrality in terms of both literary technique and philosophical

consequence Textual gaps narrative lacunae and strategic vagueness together with the uncertainties that such devices inevitably generate have been essential elements of literature from Lao Tzu to Lawrence from Chaucer to Faulkner and beyond Walsh finds that poststructural approaches to indeterminacy tend to overlook the specific and productive roles that absence and uncertainty often play within the overall design of a work The aesthetic generation of uncertainty he demonstrates is not a roadblock on the path to meaning or a sign of some radical and suppressed internal contradiction rather it is as basic an artistic aim as the desire to evoke sympathy laughter or outrage Coining the phrase structured absence to explain a central tenet in his discussion of the mechanics of uncertainty Walsh analyzes various literary devices and tropes involved in generating a felt sense of absence and a purposeful uncertainty Structured absences he demonstrates combine to form intricate patterns and networks which explains how the dynamic potential of uncertainty can increase exponentially through a deft orchestration of absence Walsh argues that the use of absence in works of art of silence shadow blankness and void is a principal means by which the inherent biological limitations of human consciousness and of human language are encoded in aesthetic constructs Because of the limitations of our senses and because we often are more attuned to what lies beyond the threshold of perceptual limits the lacunae in artistic works represent attempts to replicate the real and inescapable limits of human experience *Dante Studies* Dante Society of America,1988 **The Pleasures of the Text** Elizabeth Locey,2002-01-15 This provocative reading of scandalous French woman writer Violette Leduc heralded as a great by Beauvoir Sartre Genet Camus erodes the divide between body and text in erotic literature In *The Pleasures of the Text* Elizabeth Locey sets herself the task of pinning down the often slippery ways in which pleasure is mapped onto the body of the reader and she confronts and challenges the philosophical debate between pornography and erotica **Love in the Time of Cholera by Gabriel García Márquez | Summary & Study Guide** ,
