# From Arrian To Alexander Studies In Historical Interpretation

**A. B. Bosworth**

## **From Arrian To Alexander Studies In Historical Interpretation:**

**From Arrian to Alexander** A. B. Bosworth, 1988 This book provides a new perspective on the sources of Alexander's reign by rigorously examining the methods of historians of the time particularly those of Arrian Revealing Arrian's attitude toward his subject matter approach to sources techniques in writing speeches and the degree to which he imposed his own judgement of his subject matter Bosworth presents a clearer and more accurate picture of the persona of Alexander the Great while offering new insights into two vital problems of documentation the Royal Journals and the purported Last Plans

**From Arrian to Alexander** Albert Brian Bosworth, 1988 *Brill's Companion to the Reception of Alexander the Great*, 2018-09-11 Brill's Companion to the Reception of Alexander the Great offers a considerable range of topics of interest to students and academics alike in the long tradition of this subject's significant impact across a sometimes surprising and comprehensive variety of areas Arguably no other historical figure has cast such a long shadow for so long a time Every civilisation touched by the Macedonian Conqueror along with many more that he never imagined has scrambled to own some part of his legacy This volume canvasses a comprehensive array of these receptions beginning from Alexander's own era and journeying up to the present in order to come to grips with the impact left by this influential but elusive figure

*Encyclopedia of Ancient Greece* Nigel Wilson, 2013-10-31 Examining every aspect of the culture from antiquity to the founding of Constantinople in the early Byzantine era this thoroughly cross referenced and fully indexed work is written by an international group of scholars This Encyclopedia is derived from the more broadly focused Encyclopedia of Greece and the Hellenic Tradition the highly praised two volume work Newly edited by Nigel Wilson this single volume reference provides a comprehensive and authoritative guide to the political cultural and social life of the people and to the places ideas periods and events that defined ancient Greece

*In the Shadow of Olympus* Eugene N. Borza, 2020-07-21 In tracing the emergence of the Macedonian kingdom from its origins as a Balkan backwater to a major European and Asian power Eugene Borza offers to specialists and lay readers alike a revealing account of a relatively unexplored segment of ancient history He draws from recent archaeological discoveries and an enhanced understanding of historical geography to form a narrative that provides a material culture setting for political events Examining the dynamics of Macedonian relations with the Greek city states he suggests that the Macedonians although they gradually incorporated aspects of Greek culture into their own society maintained a distinct ethnicity as a Balkan people Borza has taken the trouble to know Macedonia the land its prehistory its position in the Balkans and its turbulent modern history All contribute to our understanding of the emergence of Macedon Borza has employed two of the historian's most valuable tools autopsy and common sense to produce a well balanced introduction to the state that altered the course of Greek and Near Eastern history Waldemar Heckel Bryn Mawr Classical Review *Greece, Macedon and Persia* Timothy Howe, Erin Garvin, Graham Wrightson, 2015-03-12 Greece Macedon and Persia contains a collection of papers related to the history and historiography of warfare politics and power in

the Ancient Mediterranean world The contributions written by 19 recognized experts from a variety of methodological and evidentiary perspectives show how ancient peoples considered war and conflict at the heart of social political and economic activity Though focusing on a single theme war the papers are firmly based in the context of the wider social and literary issues of Ancient Mediterranean scholarship and as such consider war and conflict as part of a complex matrix of culture in which historical actors articulate their relationships with society and historical authors articulate their relationships with history The result is a rich understanding of Ancient World history and history writing The volume is presented in honour of Waldemar Heckel a foremost scholar of Alexander the Great and ancient warfare

### **Iran's Epic and America's Empire**

Mahmoud Omidshah, 2014-01-10 The Shahnameh is Iran's national epic It is a compendium of Iranian myths legends and history Unlike other Indo European epics it is not about a war like the Iliad or an individual like the Odyssey Beowulf or the Ramayana The central character of the Shahnameh is Iran which it glorifies both as subject and hero Unlike other classical Indo European epics the Shahnameh is not in a dead language It is intelligible to every speaker of Persian in Iran Afghanistan and Central Asia

### **Marguerite Yourcenar's Hadrian**

Keith Bradley, 2024-01-31 Marguerite Yourcenar is best known as the author of the 1951 novel *Mmoires d Hadrien* her recreation of the life of the Roman emperor Hadrian The work can be examined from the perspective of the issues raised by writing Roman imperial biography at large and the many ways in which *Mmoires d Hadrien* has a claim to historical authenticity In Marguerite Yourcenar's *Hadrian* Keith Bradley explains how *Mmoires d Hadrien* came to be written gives details of Yourcenar's own biography and describes some of the intricate historical problems that her novel's portrait of Hadrian presents He draws on Yourcenar's correspondence her interviews with journalists and her literary corpus as a whole emphasizing Yourcenar's profound knowledge of the ancient evidence on which her life of Hadrian is based and exploiting a wide range of contemporary Yourcenarian criticism The book pays special attention to the methods by which Yourcenar believed Hadrian's life history to be recoverable compares examples of modern life writing and contrasts the procedures of conventional Roman biographers Revealing how and why *Mmoires d Hadrien* is as it is Marguerite Yourcenar's *Hadrian* illustrates how imaginative literary recreation is often little different from historical speculation

### **Music at Social Meals in Greek and Roman Antiquity**

Charles H. Cosgrove, 2022-12 Comprehensive history of one of the greatest pleasures of ancient life recreational music and the various purposes it served

The Land of the Elephant Kings Paul J. Kosmin, 2014-06-23 A Choice Outstanding Academic Title of the Year The Seleucid Empire 311-64 BCE was unlike anything the ancient Mediterranean and Near Eastern worlds had seen Stretching from present day Bulgaria to Tajikistan the bulk of Alexander the Great's Asian conquests the kingdom encompassed a territory of remarkable ethnic religious and linguistic diversity yet it did not include Macedonia the ancestral homeland of the dynasty The Land of the Elephant Kings investigates how the Seleucid kings ruling over lands to which they had no historic claim attempted to transform this territory into a coherent and meaningful space This engaging book appeals to the specialist and non specialist

alike Kosmin has successfully brought together a number of disparate fields in a new and creative way that will cause a reevaluation of how the Seleucids have traditionally been studied Jeffrey D Lerner American Historical Review It is a useful and bright introduction to Seleucid ideology history and position in the ancient world Jan P Stronk American Journal of Archaeology

**The Rhetoric of Interruption** Daniel Lynwood Smith, 2012-08-31 Why are so many speakers interrupted in Luke and in Acts For nearly a century scholars have noted the presence of interrupted speech in the Acts of the Apostles but explanations of its function have been limited and often contradictory A more effective approach involves grounding the analysis of Luke Acts within a larger understanding of how interruption functions in a wide variety of literary settings An extensive survey of ancient Greek narratives epics histories and novels reveals the forms frequency and functions of interruption in Greek authors who lived and wrote between the eighth century B C E and the second century C E This comparative study suggests that the frequent interruptions of Jesus and his followers in Luke 4 28 Acts 4 1 7 54 57 13 48 etc are designed both to highlight the pivotal closing words of the discourses and to draw attention to the ways in which the early Christian gospel was received In the end the interrupted discourses are best understood not as historical accidents but as rhetorical exclamation points intended to highlight key elements of the early Christian message and their varied reception by Jews and Gentiles

**Panhellenism and the Barbarian in Archaic and Classical Greece** Lynette Mitchell, 2007-12-31 This is the first book in English to provide a systematic treatment of Panhellenism The author argues that in archaic and classical Greece Panhellenism defined the community of the Hellenes and gave it political substance Panhellenism also responded to other needs of the community in particular serving to locate the Hellenes in time and space One of the chief Panhellenic narratives the war against the barbarian provided the conceptual framework in which Alexander the Great could imagine his Asian campaign

Kings and Colonists Richard A. Billows, 1995 This book on Macedonian imperialism in the 4th 2nd centuries BCE looks at the nature and origin of that imperialism and for the first time examines closely the personnel of imperial control to see what the empire meant to them

**Making and Unmaking Ancient Memory** Martine De Marre, Rajiv Bholia, 2022-04-20 Making and Unmaking Ancient Memory explores the way in which ancient Greeks and Romans represented their past and in turn how modern literature and scholarship has approached the reception and transmission of some aspects of ancient culture The contributions organised into three sections Political Legacies Religious Identities and Literary Traditions explore case studies in memory and reception of the past Through studying the techniques and strategies of ancient historiography biography hagiography and art as well as their effectiveness this volume demonstrates how humanity has inevitably conveyed memory and history with sub conscious biases and preconceived ideas In the current age of alternative facts fake news and post truth discourses these chapters highlight that such phenomena are by no means a recent development This book offers valuable scholarly perspectives to academics and scholars interested in memory historiography and representations of the past in the ancient world as well as those working on literary traditions and

reception studies more broadly      **Clio's Other Sons** John Dillery, 2015-04-29 A discussion of the first written histories of Babylon and Egypt      **A Collection of Stories & Articles** Jason C Mavrovitis, 2017-08-07 A collection of short biographical and family history stories and articles about map and coin collecting and history      **Xenophon's ›Anabasis‹ and its Reception** Tim Rood, Melina Tamiolaki, 2022-10-24 This volume constitutes the first large scale collaborative reflection on Xenophon's Anabasis gathering experts on Greek historiography and Xenophon It is structured in three sections the first section provides a linear reading of the Anabasis through chapters on select episodes from Book 1 through Book 7 including the opening Cyrus characterisation the meeting of Socrates and Xenophon Xenophon's leadership the marches through Armenia and along the Black Sea coast and the service under Seuthes in Thrace The second section offers an in depth exploration of hitherto overlooked recurrent themes Based on new approaches and scholarly trends it focuses on topics such as the concept of friendship the speeches of characters other than Xenophon the suffering of the human body the role of rumour and misrepresentation and the depiction of emotions The third section offers a more thorough investigation of the manifold reception of this work in Antiquity Byzantium Renaissance modern period in cinema studies and illustrations Finally in acknowledgement of the Anabasis long history as a pedagogical text the volume contains an envoi on the importance and benefits of teaching Xenophon and the Anabasis more specifically      The Closing of the Western Mind Charles Freeman, 2007-12-18 A radical and powerful reappraisal of the impact of Constantine's adoption of Christianity on the later Roman world and on the subsequent development both of Christianity and of Western civilization When the Emperor Constantine converted to Christianity in 368 AD he changed the course of European history in ways that continue to have repercussions to the present day Adopting those aspects of the religion that suited his purposes he turned Rome on a course from the relatively open tolerant and pluralistic civilization of the Hellenistic world towards a culture that was based on the rule of fixed authority whether that of the Bible or the writings of Ptolemy in astronomy and of Galen and Hippocrates in medicine Only a thousand years later with the advent of the Renaissance and the emergence of modern science did Europe begin to free itself from the effects of Constantine's decision yet the effects of his establishment of Christianity as a state religion remain with us in many respects today Brilliantly wide ranging and ambitious this is a major work of history      Soldier, Priest, and God F. S. Naiden, 2019 This is the first life of Alexander the Great to explore his religious experience to put his experience in Egypt and Asia on a par with his Macedonian upbringing and Greek education and to explain how the European conqueror became a Moslem saint      The Genre of Acts and Collected Biography Sean A. Adams, 2013-10-17 It is widely accepted by New Testament scholars that the Gospel of Luke and the Acts of the Apostles probably originated as two parts of one work by a single author In spite of this the books have been assigned to very different genres Luke is traditionally viewed as a biography of Jesus and Acts as a history of the early church Comparing in detail the structure and content of Acts with the formal features of history novel epic and biography Sean A Adams challenges this division Applying

both ancient and modern genre theory he argues that the best genre parallel for the Acts of the Apostles is in fact collected biography Offering a nuanced and sophisticated understanding of genre theory along with an insightful argument regarding the composition and purpose of Acts this book will be of interest to those studying the New Testament Acts genre theory and ancient literature

## Enjoying the Song of Phrase: An Psychological Symphony within **From Arrian To Alexander Studies In Historical Interpretation**

In some sort of consumed by monitors and the ceaseless chatter of immediate connection, the melodic splendor and psychological symphony produced by the published word frequently disappear into the back ground, eclipsed by the relentless noise and disruptions that permeate our lives. Nevertheless, set within the pages of **From Arrian To Alexander Studies In Historical Interpretation** a stunning fictional prize brimming with natural feelings, lies an immersive symphony waiting to be embraced. Constructed by a wonderful composer of language, that interesting masterpiece conducts visitors on a mental journey, skillfully unraveling the concealed tunes and profound affect resonating within each carefully crafted phrase. Within the depths with this emotional analysis, we can explore the book is key harmonies, analyze its enthralling writing style, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
