action this is a vivid narrative history of the often overlooked USAAF campaign in North Africa and Sicily in World War II In 1942 the Western Allies needed to take the offensive against the Axis to relieve pressure on the Soviet Union With planning for a cross Channel invasion beset by logistical and operational difficulties in May 1942 President Roosevelt ordered his military leaders to prepare to support the British in the Mediterranean This led to the first USAAF units arriving in the Middle East in July firstly as reinforcements for the British and later as part of the Operation Torch landings in French Morocco and Algeria in November In little over ten months from the summer of 1942 the USAAF in North Africa grew from nothing to a senior partner providing aircraft and crews the other Allies were unable to match The Axis forces that had controlled almost the entire southern shore of the Mediterranean had been swept from the African continent thanks in no small part to the efforts of the USAAF Using first hand accounts from pilots and other aircrew Tom Cleaver describes how the USAAF units that landed in Morocco were forced to learn their own lessons in combat with veteran Luftwaffe units and how the experience gained in the skies over North Africa and Sicily was invaluable in developing the air forces that would dominate the skies over Europe in the latter years of the war TAC Attack ,1991 **Safety Tactics for Senior Commanders** ,1984 **Aeronautical Engineering Review** ,1957 War Psychiatry Franklin D. Jones,1995 This volume of the Textbook of Military Medicine addresses the delivery of mental health services during wartime The foreseeable future of the U S military includes the potential for involvement in a variety of conflicts ranging from peace keeping missions to massive deployments of personnel and materiel and possible nuclear biological and chemical threats as was seen in the Persian Gulf War The medical role in wartime is critical to success of the mission For the mental health disciplines this role encompasses identification and elimination of unfit personnel improvement of marginal personnel to standards of acceptability prevention of psychiatric casualties and their treatment when prevention fails All of these efforts must be guided by past experience and sound principles of human behavior *Redefining Airmanship (PB)* Tony T. Kern,1997-01-22 Redefining Airmanship offers the first concrete model of the abstract ideal of airmanship and gives the reader step by step guidance for self appraisal and improvement in the areas of flight proficiency teamwork and good judgment in crisis situations The author Major Tony Kern draws on his extensive flight and crew training experience in the U S Air Force but his model is invaluable for all pilots whether military recreational or commercial Kern s work is a breakthrough and a benchmark John J Nance author of Blind Trust *Administrative Handbook PTH-5 for Primary Flight Training Schools* United States.
