Nance,2003-11-11 From New York Times bestselling author and master of the airborne thriller John J Nance comes Fire Flight a ripped from the headlines adventure about the extraordinary pilots who risk their lives flying substandard airplanes in a little known and lopsided war against our nation s wildfires Veteran pilot Clark Maxwell thought his fire bombing days were well behind him

But when Jerry Stein Maxwell's friend and airtanker fleet owner calls at the height of the fire season to beg him to reenter the war he doesn't hesitate. A pair of ferocious forest fires is raging out of control threatening to destroy Yellowstone and Grand Teton National Parks and incinerate thousands of area homes. As the wildfires spread whipped by massive winds and the federal forces arrayed against the fires reach their limits anxiety grows in the local population. A paranoia plagues the fire bombers and smoke jumpers as well after a mysterious string of violent airborne accidents among the airtanker fleet claims the lives of some of the most fearless and experienced veterans. Maxwell has long argued that the airtankers' old aircraft used by pilots to bomb the fires with fire retardant slurry are faulty museum pieces that should have been grounded years ago. Now some of the fleet seem to be falling apart in midair. In the middle of the area's worst wildfire season in history Maxwell is convinced that a sinister cover up is behind the rash of horrific air disasters. Were the planes' inspection papers forged? Is someone capitalizing on these crashes? As he races to unravel a very real mystery and prevent a natural disaster of massive proportions Maxwell's probe reaches the upper levels of the very government agencies charged with mounting the aerial fire fighting effort, a move that for wholly unexpected reasons just may cost him his life and the life of Karen Jones, the married smoke jumper with whom he seems to have fallen in love. In amazing detail with the signature authenticity only a veteran pilot could provide John J. Nance creates a hair-raising thriller that will leave readers breathless from cover to cover.

Rhetorics of Religion in American Fiction Liliana M. Naydan, 2016-05-23. Rhetorics of Religion in American Fiction considers the way in which contemporary American authors address the subject of belief in the post-9/11 Age of Terror. Naydan suggests that after 9/11 fiction by Mohsin Hamid, Laila Halaby, Philip Roth, Don DeLillo, John Updike, and Barbara Kingsolver dramatizes and works to resolve impasses that exist between believers of different kinds at the extremes. These impasses emerge out of the religious paradox that shapes America as simultaneously theocratic and secular, and they exist for instance between liberals and fundamentalists, between liberals and certain evangelicals, between fundamentalists and artists, and between fundamentalists of different varieties. Ultimately Naydan argues that these authors function as literary theologians of sorts and forge a relevant space beyond or between extremes. They fashion faith or lack thereof as hybridized and hence as a negotiation among secularism, atheism, faith, fundamentalism, and fanaticism. In so doing they invite their readers into contemplations of religious difference and new ways of memorializing 9/11.

The God in Flight Laura Argiri, 2016-06-01. In 1878 young Satterwhite arrives at Yale University to discover what life holds for fellows with sharp aesthetic senses. He has never imagined anyone like Professor Doriskos Klionarios, who teaches art and poetry. The two are so dissimilar: a provincial youth and a cultured man of thirty, a foreigner who will never be a fine Englishman. But the tumultuous love affair scorned by their society is a gilded construct between one who believes that he is ready to know real love and a willing partner who understands that what the heart sees it cannot forget better to acquiesce to desire. Desire leads to danger and danger to flight from the rabid moralists of the college, the law, a peer's obsessive jealousy. Their flight takes them
