With illustrations.).* British Museum. Department of British and Mediaeval Antiquities, 1968 *British Museum* ,1956 Finding Time for the Old Stone Age Anne O'Connor, 2007-08-16 Finding Time for the Old Stone Age explores a century of colourful debate over the age of our earliest ancestors In the mid nineteenth century curious stone implements were found alongside the bones of extinct animals Humans were evidently more ancient than had been supposed but just how old were they There were several clocks for Stone Age or Palaeolithic time and it would prove difficult to synchronize them Conflicting timescales were drawn from the fields of geology palaeontology anthropology and archaeology Anne O Connor draws on a wealth of lively personal correspondence to explain the nature of these arguments The trail leads from Britain to Continental Europe Africa and Asia and extends beyond the world of professors museum keepers and officers of the Geological Survey wine sellers diamond merchants papermakers and clerks also proposed timescales for the Palaeolithic This book brings their stories to light for the first time stories that offer an intriguing insight into how knowledge was built up about the ancient British past **Flintknapping** John C. Whittaker, 2010-03-01 Flintknapping is an ancient craft enjoying a resurgence of interest among both amateur and professional students of prehistoric cultures John C Whitaker s bestselling guide is a detailed handbook on flintknapping written from the archaeological perspective of interpreting stone tools as well as making them Flintknapping contains detailed practical information on making stone tools Whittaker starts at the beginner level and progresses to discussion of a wide range of techniques He includes information on necessary tools and materials as well as step by step instructions for making several basic stone tool types Numerous diagrams allow the reader to visualize the flintknapping process and drawings of many stone tools illustrate the discussions and serve as models for beginning knappers Written for a wide amateur and professional audience Flintknapping will be essential for practicing knappers as well as for teachers of the history of technology experimental archaeology and stone tool analysis *Grahame Clark and His Legacy* John Coles, Arkadiusz Marciniak, 2010-05-11 Grahame Clark was a major figure in European archaeology for over 50 years and pioneered work in prehistoric economies and ecology in science based archaeology and in a world view of ancient societies In this book a variety of authorities from Europe and beyond assess these major contributions and provide discussions about Clark s own colleagues and contemporaries his major archaeological themes and his varied approaches and his world wide contacts and travels The papers provide surveys and opinions on Clark s role in the development of archaeology in the 20th

century and the basis that it provided for archaeological work of today The book will be a valuable source of evidence ideas and references for scholars interested in the development of the discipline **The Lower and Middle Palaeolithic**

Periods in Britain Derek A. Roe, 2014-10-30 This book deals with the earliest period of human settlement in Britain proposing a series of archaeological stages for the Lower and Middle Palaeolithic periods An introduction on the problems and methods of studying the Palaeolithic and Pleistocene periods leads into the technical argument a sequence of development derived from evidence of stone artefacts and other signs of human activity at stratified sites in south east England Materials from all occupied parts of Britain are related to this basic sequence and stressing that Britain lay on the edge of the Palaeolithic world the author also brings in essential evidence from Europe and farther afield The final chapter suggests the probable way of life of human groups in this period This broad survey synthesises material from widely scattered sources including museums from all over Britain and has an extensive bibliography Originally published in 1981
