**Florida** Michael Gannon,2003-07-01 As if Ponce de Le n who happened on the peninsula in 1513 returned today to demand a quick reckoning Tell me what happened after I was there but leave out the boring parts Michael Gannon recounts the longest recorded history of any state in the nation in twenty seven brisk fully illustrated chapters From indigenous tribes who lived along spring fed streams to environmentalists who labor to Save Our Rivers from the first conquistadors whose broad black ships astonished the natives to the 123 000 refugees whose unexpected immigration stunned South Floridians in 1980 the story of the state is as rich and distinctive as the story of America And it s older than most people think As Gannon writes By the time the Pilgrims came ashore at Plymouth St Augustine was up for urban renewal It was a town with fort church seminary six bed hospital fish market and about 120 shops and houses Because La Florida stretched north from the Keys to Newfoundland and west to Texas St Augustine could claim to be the capital of much of what is now the United States Gannon tells his fast marching saga in chronological fashion Starting with the wilderness of the ancient earth he fills the

landscape with Indians colonists pioneers entrepreneurs politicians and the panorama of Florida today the broad superhighways that wind past horse farms retirement communities international airports launch pads futuristic attractions and come to rest finally amidst the gleaming towers of Oz like cities This revised edition concludes with a look into the twenty first century including in migration restoration of the Everglades education the work force and the infamous 2000 presidential election     *Rhodora* Benjamin Lincoln Robinson, Merritt Lyndon Fernald, 2000     **The British National Bibliography** Arthur James Wells, 2005     **The Christians, Their First Two Thousand Years**, 2002 The Christians is the history of Christianity told chronologically epoch by epoch century by century beginning at Pentecost and concluding with Christians as we find ourselves in the twenty first century It will consist of approximately twelve volumes produced over a 10 year period at the beginning of the third Christian millennium It is written and edited by Christians for Christians of all denominations Its purpose is to tell the story of the Christian family so that we may be knowledgeable of our origins may well know and wisely profit from the experiences of our past both good and bad and may find strength and inspiration to face the challenges of our era from the magnificent examples set for us by those who went before Back cover     **Historians in Public** Ian Tyrrell, 2005-12 From lagging book sales and shrinking job prospects to concerns over the discipline's narrowness myriad factors have been cited by historians as evidence that their profession is in decline in America Ian Tyrrell's *Historians in Public* shows that this perceived threat to history is recurrent exaggerated and often misunderstood In fact history has adapted to and influenced the American public more than people and often historians realize Tyrrell's elegant history of the practice of American history traces debates beginning shortly after the profession's emergence in American academia about history's role in school curricula He also examines the use of historians in and by the government and whether historians should utilize mass media such as film and radio to influence the general public As *Historians in Public* shows the utility of history is a distinctive theme throughout the history of the discipline as is the attempt to be responsive to public issues among pressure groups A superb examination of the practice of American history since the turn of the century *Historians in Public* uncovers the often tangled ways history makers make history both as artisans and as actors     **Forthcoming Books** Rose Arny, 1993-04     **Killing the Indian Maiden** M. Elise Marubbio, 2006-12-15 *Killing the Indian Maiden* examines the fascinating and often disturbing portrayal of Native American women in film Through discussion of thirty four Hollywood films from the silent period to the present M Elise Marubbio examines the sacrificial role of what she terms the Celluloid Maiden a young Native woman who allies herself with a white male hero and dies as a result of that choice Marubbio intertwines theories of colonization gender race and film studies to ground her study in sociohistorical context all in an attempt to define what it means to be an American As Marubbio charts the consistent depiction of the Celluloid Maiden she uncovers two primary characterizations the Celluloid Princess and the Sexualized Maiden The archetype for the exotic Celluloid Princess appears in silent films such as Cecil B DeMille's *The Squaw Man* 1914 and is thoroughly established in

American iconography in Delmer Daves's *Broken Arrow* 1950 Her more erotic sister the Sexualized Maiden emerges as a femme fatale in such films as DeMille's *North West Mounted Police* 1940 King Vidor's *Duel in the Sun* 1946 and Charles Warren's *Arrowhead* 1953 The two characterizations eventually combine to form a hybrid Celluloid Maiden who first appears in John Ford's *The Searchers* 1956 and reappears in the 1970s and the 1990s in such films as Arthur Penn's *Little Big Man* 1970 and Michael Apted's *Thunderheart* 1992 *Killing the Indian Maiden* reveals a cultural iconography about Native Americans and their role in the frontier embedded in the American psyche The Native American woman is a racialized and sexualized other a conquerable body representing both the seductions and the dangers of the frontier These films show her being colonized and suffering at the hands of Manifest Destiny and American expansionism but Marubbio argues that the Native American woman also represents a threat to the idea of a white America The complexity and longevity of the Celluloid Maiden icon persisting into the twenty first century symbolizes an identity crisis about the composition of the American national body that has played over and over throughout different eras and political climates Ultimately Marubbio establishes that the ongoing representation of the Celluloid Maiden signals the continuing development and justification of American colonialism *Florida Heritage*, 1993 *Caribbean Abstracts* Koninklijk Instituut voor Taal-, Land- en Volkenkunde (Netherlands).
