Bauman, 2019-05-14 Winner of the 2023 Southern Jewish Historical Society Book Award Essays from a prolific career that challenge and overturn traditional narratives of southern Jewish history Mark K Bauman one of the foremost scholars of southern Jewish history working today has spent much of his career as he puts it rewriting southern Jewish history in ways that its earliest historians could not have envisioned or anticipated and doing so by

specifically targeting themes and trends that might not have been readily apparent to those scholars. A New Vision of Southern Jewish History Studies in Institution Building Leadership Interaction and Mobility features essays collected from over a forty year career including a never before published article. The prevailing narrative in southern Jewish history tends to emphasize the role of immigrant Jews as merchants in small southern towns and their subsequent struggles and successes in making a place for themselves in the fabric of those communities. Bauman offers assessments that go far beyond these simplified frameworks and draws upon varieties of subject matter, time periods, locations, tools, and perspectives over three decades of writing and scholarship. A New Vision of Southern Jewish History contains Bauman's studies of Jewish urbanization, acculturation, and migration; intra and inter group relations; economics and business; government, civic affairs, transnational diplomacy, social services, and gender, all complicating traditional notions of southern Jewish identity. Drawing on role theory as informed by sociology, psychology, demographics, and the nature and dynamics of leadership, Bauman traverses a broad swath, often urban, of the southern landscape from Savannah, Charleston, and Baltimore through Atlanta, New Orleans, Galveston, and beyond the country to Europe and Israel. Bauman's retrospective volume gives readers the opportunity to review a lifetime of work in a single publication, as well as peruse newly penned introductions to his essays. The book also features an Additional Readings section designed to update the historiography in the essays.

Religion in the Contemporary South Corrie Norman (E.), Donald S. Armentrout, 2005. Religion has always been crucial to the cultural identity of the South. The field of southern religious studies is quite young, however, and most scholarship has focused on the kinds of evangelical fundamentalist activity for which the phrase Bible Belt was coined. *Religion in the Contemporary South* is the first book to fully address the emerging religious pluralism in the South today. Featuring an introduction by Samuel S. Hill, *Religion in the Contemporary South* brings together fourteen essays by both established and emerging scholars that deal with a spectrum of topics. These topics include religious identities in the South that weave in and out of the past, new religious expressions in the South, and the shifting position of old minority traditions, and a microcosmic look at the Episcopal Church. The collection comes at a time of sweeping change in the South as the 150 year stronghold of evangelical Protestantism, the Baptist-Methodist hegemony, gives way to a more diverse religious tradition, one that includes leadership by women, decreasing marginalization for Roman Catholicism and Judaism, and the growing presence of so-called alien religious traditions: Buddhism, Hinduism, and Islam. In his essay, *A Crumbling Empire*, Bill J. Leonard talks about the future of the Baptist denomination, which grows more uncertain as moderates break ties with the fundamentalist leaders of the Southern Baptist Convention. In *Our Lady of Guadeloupe Visits the Confederate Memorial*, Thomas Tweed notes the growth of Hindu, Buddhist, and Muslim traditions in the South. Susan Ridgely Bales examines the state of southern Catholicism in *Sweet Tea and Rosary Beads*, and in *Quiet Revolutionaries*, D. Jonathan Grieser. Corrie E. Norman and Don S. Armentrout discuss the ways in which women priests in the Southern Episcopal Church construct their lives and callings. These and other offerings are varied.

comprehensive and provocative As the South changes and its religious life evolves so must scholarship Religion in the Contemporary South is a guide to the new southern religions more diverse sometimes controversial but as vital to the region as ever

Florida's Civil War Irvin D. S. Winsboro, 2007 Welcome to Florida Historical Society Press initial volume in its newly created Gold Seal series This is the first of what will eventually be a multi volume series of specialized books that deal with narrowly focused issues in Florida history Given the emotional and ongoing interest in the American Civil War it is appropriate that this inaugural issue focuses on that seminal event Just sixteen years after its admission to the Union as a state Florida under the control of a slave owning planter elite brushed aside the flimsy ties that bound it to the nation and joined its sister slave states in creating a new nation the Confederate States of America As every American knows the result was a long bloody and costly war that produced many changes in the body politic and economic climate of the United States Pitting brother against brother state against state and ideology against ideology the war swept aside the dominance of agrarian Americans and ushered in a new era controlled by industrialists and bankers Florida and her fellow southern states was left to the task of picking up the pieces of its culture bolstered by a persistent and unflagging mentality of what should have been It has taken the more than a century and a half for the open wounds of defeat to heal Dr I D S Winsboro of Florida Gulf Coast University in Fort Meyers is the editor of the first Gold Seal volume His scholarship on the role African Americans played in the Civil War is well known Once again welcome to the inaugural volume Nick Wynne Executive Director The Florida Historical Society

Cracker Times and Pioneer Lives James M. Denham, Edgar Canter Brown, Jr., 2023-04-13 Wild and wooly recollections from the Florida frontier Cracker Times and Pioneer Lives brings together the reminiscences of two pioneers who came of age in antebellum Florida s Columbia County and the nearby Suwannee River Valley Though they held markedly different positions in society they shared the adventure thrill hardship and tragedy that characterized Florida s pioneer era With sensitivity poignancy and humor George Gillett Keen and Sarah

Pamela Williams record anecdotes and memories that touch upon important themes of frontier life and reveal the remarkable diversity of Florida's settlers. Keen's story typifies that of many Cracker families. Born in Georgia, he moved with his parents to the Florida Territory in 1830 in search of a better life. He grew up in a dangerous yet exciting setting and as an old man at the turn of the twentieth century recorded his colorful memories with a verve and vernacular reminiscent of the Georgia humorist Augustus Baldwin Longstreet. Keen writes about subsistence farming, cattle grazing, the Seminole wars, marriage customs, medical practices, politics, the abundance of wildlife, and the paucity of educational opportunities. Admittedly not a Cracker, Sarah Pamela Williams was the daughter of a nationally recognized man of letters. In 1847 she moved to Columbia County's seat of Alligator Lake City and later married into one of northeast Florida's prominent planter families. She recorded her recollections of a life brightened by social functions, travel, and cultural endeavors. Offering a rare glimpse into Florida's Civil War homefront, Williams tells of making clothes of homespun, tithing crops to the Confederacy, fearing hostilities just thirteen miles from her home, and surviving as a widow in the lean postwar era. *Cracker Times* and *Pioneer Lives* features biographical sketches of more than 280 persons mentioned by Keen and Williams in their writings, many of whom subsequently pioneered settlement in the Florida peninsula. Writing Reconstruction Sharon D. Kennedy-Nolle, 2015-05-04

After the Civil War, the South was divided into five military districts occupied by Union forces. Out of these regions, a remarkable group of writers emerged. Experiencing the long-lasting ramifications of Reconstruction firsthand, many of these writers sought to translate the era's promise into practice. In fiction, newspaper journalism, and other forms of literature, authors including George Washington Cable, Albion Tourgée, Constance Fenimore Woolson, and Octave Thanet imagined a new South in which freedpeople could prosper as citizens with agency. Radically re-envisioning the role of women in the home, workforce, and marketplace, these writers also made gender a vital concern of their work. Still working from the South, the authors were often subject to the whims of a northern literary market. Their visions of citizenship depended on their readership's deference to conventional claims of duty, labor, reputation, and property ownership. The circumstances surrounding the production and circulation of their writing blunted the full impact of the period's literary imagination and fostered a drift into the stereotypical depictions and other strictures that marked the rise of Jim Crow. Sharon D. Kennedy-Nolle blends literary history with archival research to assess the significance of Reconstruction literature as a genre. Founded on witness and dream, the pathbreaking work of its writers made an enduring if at times contradictory contribution to American literature and history.
