Flow Of Flesh Reach Of Spirit Thinksheets Of A Contrarian Christian:

Flow of Flesh, Reach of Spirit Willis Elliott, 1995 For more than twenty years Elliott has been writing and circulating among fellow theologians pastors and religious leaders his provocative reflections known as Thinksheets This volume offers a sampler selected by Willis Elliott himself from the more than 2 700 Thinksheets he has produced to date From Story Interpretation to Sermon Crafting Charles R. Dickson, 2012-01-09 From Story Interpretation to Sermon Crafting was written by a preacher for preachers who have to deal with the competing demands of pastoral ministry It takes some of the gains of the last seven decades of the literary approach to Scripture and applies them to a vital aspect of pastoral ministry preaching The book presents a text centered and theological approach to analyzing Old Testament narratives This approach lays a solid basis for interpreting the narratives and demonstrates that the movement from examining the text to crafting the sermon is a continuous process Making use of many examples based on narrative passages from the Old Testament that facilitate grasping the methodology this approach to sermon crafting is rooted in the text shaped by the text and is characterized by sound and controlled exegesis It provides the pastor with an approach that enables Old Testament historical narrative to speak to Christian believers in contemporary society in a way that addresses the issues concerns and struggles faced by the church and Christians The writer to the Hebrews says of righteous Abel though he is dead he still speaks 11 4 Similarly these ancient stories do speak and can still speak today To make them heard effectively and relevantly is the purpose of the book
