**A Tree's Wisdom** Danny Ray Halladay, 2022-08-01 This story is about six seedlings that grew up in a forest around a clearing in the deepest part of the forest The Elder Trees told them many stories and some bits of wisdom to pass the time away One of the seedling s favorite stories is of how humans came to the clearing one winter and warmed them with a fire for a moment Sadly humans don t visit that part of the forest too often So the seedlings planned to go live near the humans To do that they get ready to leave the forest but they had to wait for the Great Autumn Storm After the Storm they start their journey to grow up living around humans But only one survives She survives because she listened to the wisdom of the Elder Trees With this story you ll find some morals of wisdom to remember and think about Along with hand drawn illustrations that serve as very vivid visuals as to what some moments may have looked like I m grateful to be able to share my talents as an artist poet and now a writer This is the first book I have written And I must say it has been a real fun time creating everything Of course I cannot forget the help and things I ve learned from Newman Springs Publishing to whom I give a great thank you for your assistance and help so that children everywhere can hear or read my story Thank you everyone Sincerely Danny Ray Halladay

**Fruit-Gathering** Rabindranath Tagore, 2019-11-26 In Fruit Gathering Rabindranath Tagore compiles a series of exquisite prose poems that reflect his deep philosophical inquiries and lyrical mastery Written in a rich evocative style the book encapsulates Tagore s quintessential exploration of the human experience weaving together themes of nature spirituality and the ephemeral beauty of life Each piece reads like a meditation poised delicately between Eastern philosophical thought and Western literary influences offering readers an immersive glimpse into the interconnectedness of existence through Tagore s thoughtful observations and aesthetic sensibilities Rabindranath Tagore the first non European Nobel laureate in Literature was profoundly influenced by the cultural and spiritual milieu of India His upbringing in a literary family cultivated his poetic voice while his extensive travels and engagement with global thought enriched his worldview Fruit Gathering emerges from this confluence of experiences reflecting Tagore s aspiration to bridge local tradition with universal themes ultimately revealing his inner quest for understanding and connection with both humanity and the divine I highly recommend Fruit Gathering for those seeking a resonant blend of beauty and profundity in literature Tagore s work invites readers to pause and reflect offering timeless insights that are as relevant today as they were a century ago This book is essential for anyone interested in exploring the

depths of poetic expression and the philosophical underpinnings of human existence

**Works of Sangharakshita** Sangharakshita, 2019-04-01 In this volume Sangharakshita approaches communicating Buddhism

in the West from two very different but equally illuminating angles In the first part in talks given in the early years of his

teaching in England he introduces the apparently exotic worlds of Tibetan Buddhism 1965 and its creative symbols 1972 and

Zen Buddhism 1965 clarifying their mysteries while also somehow allowing them to work their magic **The Living Age**

, 1905 **The Words** Bediuzzaman Said Nursi, The Words is the first volume of the Risale i Nur and consists of thirty three

independent parts or Words which explain and prove aspects of the fundamental matters of belief These consist of such

matters as God s existence and unity the manifestation of the Divine Names and attributes in creation the resurrection of the

dead and the hereafter prophethood the miraculousness of the Qur an the angels the immortality of man s spirit Divine

Determining fate or destiny together with such questions as the true nature of man and the universe and man s need to

worship God Each subject is explained with comparisons and allegories and demonstrated with reasoned arguments and

logical proofs The most profound aspects of the truths of belief which were formerly studied only by advanced scholars are

explained in such a way that everyone even those to whom the subject is new may understand without difficulty This work

answers brilliantly the attacks made on the Qur an in the name of science and philosophy and demonstrates the rationality of

belief in God and logical absurdity of denial It shows too that man s happiness and salvation both in this world and the next

lie only in belief in God and knowledge of God **The Recorded Sayings of Chan Master Zhongfeng Mingben** Jeffrey L.

1263 1323 the key Chan master of the Mongol Yuan dynasty 1271 1368 Through translation of various genres of Zhongfeng s

talks and writings the book attempts to allow Zhongfeng to speak Chan Zen for himself His interactions with foreign students such as disciples from distant Yunnan and Japan and his teachings on the relationship between Chan and Pure Land nianfo nembutsu are closely examined Also the book highlights his influence on the Linji Chan of the subsequent Ming dynasty a neglected area in Chan studies
