was not always the same Initially understood in terms of the body s substance of flesh tones and body colour it became increasingly a matter of skin skin colour and surfaces Each chapter is dedicated to a different notion of skin and its colour from flesh tones via a membrane imbued with nervous energy to hermetic borderline Looking in particular at works by Fragonard David Girodet Benoist and Ingres the focus is on portraits as facial skin is a special arena for testing painterly skills and a site where the body and the image become equally expressive *Network of Bones* Sean Morey,2019-03-27 Both a far removed place of refuge for the fringe of society and a high status vacation destination the Keys remain a legendary yet fragile place still threatened by a human made disaster the 2010 Deepwater Horizon oil spill Likewise Key West Florida can be many things to many people evoking laidback Margaritaville for some and Ernest Hemingway for others In this mixture of memoir travel writing philosophical reflection natural and cultural history and meditation on language Sean Morey wrestles with the varied and often contradictory nature of his hometown Morey turns a sharp eye inward teasing out the layers of natural and cultural developments that have shaped the Keys for both millions of years and the past few decades He asks What does it take for humans to accept our impact on Earth and more importantly what will move humans to take action to reverse adverse impacts The answer Morey posits lies in imaginative thinking in building connections between locations and individual interests and backgrounds to create a foundation for widespread ecological ethics In *Network of Bones* Morey guides readers through different images of Key West and connects them to global environmental issues including overfishing rising sea levels and polluted oceans Morey s writing stimulates memory and invites engagement with the world as he shows us how learning about one place no matter how specific and eccentric that place might be can teach us about all other places It s just a matter of imagination The author s proceeds from the sale of this book will benefit Coastal Conservation
