*Post-Pop Cinema* Jesse Fox Mayshark, 2007-05-30 Starting in the early 1990s artists such as Quentin Tarantino David Foster Wallace and Kurt Cobain contributed to a swelling cultural tide of pop postmodernism that swept through music film literature and fashion In cinema in particular some of the arts most fundamental aspects stories characters and genres for instance assumed such a trite and trivialized appearance that only rarely could they take their places on the screen without provoking an inward smirk or a wink from the audience Out of this highly self conscious and world weary environment however a new group of filmmakers began to develop as the decade wore on with a new set of styles and sensibilities to match In *Post Pop Cinema* author Jesse Fox Mayshark takes us on a film by film tour of the works of these filmmakers including Wes and P T Anderson Sofia Coppola Richard Linklater Alexander Payne and David O Russell and seeks to reveal how a common pool of styles collaborators and personal connections helps them to confront the unifying problem of meaning in American film Wes Anderson's *Bottle Rocket* 1996 and Paul Thomas Anderson's *Boogie Nights* 1997 were ultimately about their characters lives even though their characters often dealt with highly contrived environments and situations And soon after Wes Anderson scored his first success others like David O Russell *Flirting With Disaster* *Three Kings* the screenwriter Charlie Kaufman who collaborated with Spike Jonze on such projects as *Being John Malkovich* and *Adaptation* Alexander Payne *Election* *Sideways* Richard Kelly *Donnie Darko* and Sofia Coppola *Lost in Translation* began to tread their own paths over this same ground Although these men and women represent a wide range of styles and subject matter all their films revolve in different ways around the difficulty of establishing and maintaining connections This theme of connection also runs deeper than the films made the directors share actors Mark Wahlberg Bill Murray Ben Stiller Jason Schwartzman collaborators the musician Jon Brion and sometimes even personal connections Spike Jonze starred in Russell's *Three Kings* and was married to Coppola Together these filmmakers form a loose and distinctly American school of filmmaking one informed by postmodernism but not in thrall to it and one that every year becomes more important to the world of cinema both within and beyond the United States David O. Russell Holly Willis, 2018-07-23 David O Russell b 1958 boasts a diverse body of work as a writer and director spanning multiple genres and featuring radically differing aesthetic styles While his early work comically explored taboo subjects with unerring directness he has also investigated politics with explosive satire In his most recent films including *American Hustle* and *Silver Linings Playbook* Russell examines characters and situations that are at once everyday and also extraordinary Whatever the project Russell is driven to explore the idiosyncrasies that make each character human and he extends that curiosity to explore what makes each actor unique His

attentiveness to his cast members has earned him the label of actor s director due in no small part to the many nominations and awards earned by a long list of Hollywood stars in his movies Russell has also become one of our era s most interesting formal stylists as he adopts a visual design appropriate to each of his film s thematic concerns The result may be a color palette resembling the washed out pages of a newspaper achieved by manipulating the film stock for *Three Kings* or the tumultuous opening of *The Fighter* when an audacious roving camera plunges viewers straight into the story from the very first shots of the film Rather than building a signature style Russell has instead tested the varied possibilities of cinematic expression This career spanning volume features conversations with scholars and journalists as well as filmmakers Speaking to directors like Alexander Payne and Spike Jonze Russell contextualizes each of his films offers an intimate account of his evolving writing and directing process and opens his life to reveal how a remarkable body of work has come to be *Letters from Hollywood* Bill Krohn,2020-08-01 Journalist and filmmaker Bill Krohn has been the Los Angeles correspondent for the French magazine *Cahiers du cin ma* for over forty years *Letters from Hollywood* brings together thirty four of his essays many of them appearing in English for the first time Focusing most pieces on a particular director and film Krohn uses his inside knowledge of the studio system to illuminate an art that is also a multibillion dollar business He connects currents in French film criticism and theory with an unfolding account of American cinema past and present offering penetrating insights into directors and their work Beginning with Allan Dwan who learned how to make movies before Hollywood was born by watching D W Griffith Krohn presents a panorama that encompasses Alfred Hitchcock and Woody Allen Stanley Kubrick and Sergio Leone *Star Wars* and *I Love Lucy* He covers everything from gangsters to gremlins from blockbusters to no budget cult films like *Moon Over Harlem* and *Plan 9 from Outer Space* in a style that is accessible to anyone who loves movies or has a passion for writing about them **Focus On: 100 Most Popular English-language Film Directors** Wikipedia contributors, **SPIN** ,1998-01 From the concert stage to the dressing room from the recording studio to the digital realm SPIN surveys the modern musical landscape and the culture around it with authoritative reporting provocative interviews and a discerning critical ear With dynamic photography bold graphic design and informed irreverence the pages of SPIN pulsate with the energy of today s most innovative sounds Whether covering what s new or what s next SPIN is your monthly VIP pass to all that rocks **Charlie Kaufman and Hollywood's Merry Band of Pranksters, Fabulists and Dreamers** Derek Hill,2008-09-01 Since the late 1990s a subtle subversive element has been at work within the staid confines of the Hollywood dream factory Young filmmakers like Spike Jonze Wes Anderson Michel Gondry David O Russell Richard Linklater and Sofia Coppola rode in on the coattails of the independent film movement that blossomed in the early 1990s and have managed to wage an aesthetic campaign against cowardice of the imagination much like their artistic forebears the so called Movie Brats Coppola Scorsese De Palma Altman and Ashby among others did in the 1970s But their true pedigree can be traced back to the cinematic provocateurs of the Nouvelle Vague such as Truffaut Goddard Chabrol Rohmer and Rivette

who in the late 1950s and throughout the 1960s liberated screens around the world with a series of films that challenged our assumptions of what the medium could offer and how stories could be told all of them snapping with style as much as they delivered on ideas Highly idiosyncratic yet intricately realized accessible yet willing to overthrow the constraints of formal storytelling surreal yet always grounded in human emotions this new film movement captures the angst of its characters and the times in which we live but with a wryness imagination earnestness irony and stylish wit that makes the slide into existential despair a little more amusing than it should be      *Scarlett Johansson* Kim R. Holston, Warren Hope, 2021-06-24 Despite her prominence as an actress fashionista social activist and the sexiest woman in the world Scarlett Johansson has kept her life private Her work ethic has been strong since her film debut in *North* 1994 at age 10 Then in 2003 *Lost in Translation* brought kudos and launched her adult career While she never abandoned the independents Johansson became a leading lady in very big films including eight outings as former Russian assassin Black Widow thwarting alien incursions in *The Avengers* and other films in the Marvel Universe This book surveys Johansson's life and films from childhood to her 2019 Academy Award nominations for *Jojo Rabbit* and *Marriage Story* Each film entry includes a plot synopsis extracts from contemporary reviews behind the scenes information and the author's analysis of the film Looked at in depth are the three Woody Allen collaborations her role as Black Widow and the films in which she becomes the other      *The Rough Guide to Film* Rough Guides, 2008-05-01 Get the lowdown on the best fiction ever written Over 230 of the world's greatest novels are covered from *Quixote* 1614 to Orhan Pamuk's *Snow* 2002 with fascinating information about their plots and their authors and suggestions for what to read next The guide comes complete with recommendations of the best editions and translations for every genre from the most enticing crime and punishment to love sex heroes and anti heroes not to mention all the classics of comedy and satire horror and mystery and many other literary genres With feature boxes on experimental novels female novelists short reviews of interesting film and TV adaptations and information on how the novel began this guide will point you to all the classic literature you'll ever need      **Down and Dirty Pictures** Peter Biskind, 2013-01-08 In this dishy superbly reported Entertainment Weekly New York Times bestseller Peter Biskind chronicles the rise of independent filmmakers who reinvented Hollywood most notably Sundance founder Robert Redford and Harvey Weinstein who with his brother Bob made Miramax Films an indie powerhouse As he did in his acclaimed *Easy Riders Raging Bulls* Peter Biskind takes on the movie industry of the 1990s and again gets the story The New York Times Biskind charts in fascinating detail the meteoric rise of the controversial Harvey Weinstein often described as the last mogul who created an Oscar factory that became the envy of the studios while leaving a trail of carnage in his wake He follows Sundance as it grew from a regional film festival to the premier showcase of independent film succeeding almost despite the mercurial Redford whose visionary plans were nearly thwarted by his own quixotic personality Likewise the directors who emerged from the independent movement such as Quentin Tarantino Steven Soderbergh and David O Russell are now among the best known directors in

Hollywood Not to mention the actors who emerged with them like Matt Damon Ben Affleck Ethan Hawke and Uma Thurman Candid controversial and sensationally entertaining Los Angeles Times Down and Dirty Pictures is a must read for anyone interested in the film world     Film Review ,2005 The year s releases in review with necrologies and brief articles

*Post-Production and the Invisible Revolution of Filmmaking* George Larkin,2018-12-07 Post Production and the Invisible Revolution of Filmmaking studies the discourses surrounding post production as well as the aesthetic effects of its introduction during the 1920s and 1930s by exploring the philosophies and issues faced by practitioners during this transitional transformative period The introduction of post production during the transition from silent cinema to the synchronized sound era in the 1920s American studio system resulted in what has been a previously unheralded and invisible revolution in filmmaking Thereafter a film no longer arose from a live and variable combination of audio and visual in the theater as occurred during the silent film era where each exhibition was a singular event The new system of post production effectively shifted control of a film s final form from the theater to the editing room With this new process filmmakers could obtain and manipulate an array of audio elements and manufacture a permanent soundtrack This transition made possible a product that could be easily mass produced serving both to transform and homogenize film presentation fundamentally creating a new art form With detailed research and analysis and nearly 50 illustrations this book is the ideal resource for students and researchers of film history and post production     **A Companion to Film Comedy** Andrew Horton,Joanna E.
