**Reading, Learning, Teaching Clyde Edgerton** Yvonne Mason, 2009 This is an introduction to the literature of contemporary American writer Clyde Edgerton A North Carolina native Edgerton has been compared to Mark Twain for his easy humorous style which is based in oral tradition Like Twain and other humorous writers Edgerton s work often contains both biting satire and exploration of very large questions about the human condition The book contains an overview of each of his novels and his memoir in addition to offering critical commentary on theme craft and structure Pedagogical support is offered with specific strategies that will encourage authentic engagement and learning Teachers will find specific companion pieces of literature for introducing Edgerton s vivid and challenging work This book presents the case for including more of Clyde Edgerton s work in our secondary and college English language arts classrooms as a means of revitalizing curricula and challenging the ways we traditionally think about teaching **Of Fiction and Faith** W. Dale

Brown, 1997 Of Fiction and Faith features personal interviews with twelve of America s most significant writers interviews which provide a window into the personal and literary lives of writers with special focus on their attitudes towards issues of faith **A Web of Words** Richard J. Gray, 2007 Helps readers understand how any literary tradition involves an open

Walsh,2012-02-29 A R Ammons was asked if he agreed that the United States has not produced a major poet in the last 30 years I agree The poetry in the country has become sort of a company affair where support for the arts has just about ruined the arts and the system of bureaucrats managing the funds being developed here and there is turning into trade unionism which may be the best way to write poetry but it is unfamiliar to me This comprehensive collection contains 31 interviews in which Southern writers talk about their craft the Southern literary scene and themselves Poets short story writers and novelists include firmly established writers side by side with emerging talent Lee Smith James Dickey Harry Crews Pat Conroy Doris Bett Pulitzer Prize winner Donald Justice and 25 others **Prairie Sky** W. Scott Olsen,2013-10-09 It s almost

like ballet Preflight Starting Warm up The voices from the control tower the instructions Taxiing The rush down the runway Airborne There are names for every move The run up Position and hold Every move needs to be learned practiced made so familiar you feel the patterns in every other thing you do It s technical yes But there is a grace to getting metal and bone into the sky Prairie Sky is a celebration of curiosity and a book for explorers In this collection of contemplative essays Scott Olsen invites readers to view the world from a pilot s seat demonstrating how with just a little bit of altitude the world changes new relationships become visible and new questions seem to rise up from the ground Whether searching for the still evident shores of ancient lakes the dustbowl era shelterbelt supposed to run the length of the country or the even more elusive understandings of physics and theology Olsen shares the unique perspective and insight allowed to pilots Prairie Sky explores the reality as well as the metaphor of flight notions of ceaseless time and boundless space personal interior and exterior vision social history meteorology and geology Olsen takes readers along as he chases a new way of looking at the physical world and wonders aloud about how the whole planet moves in interconnected ways not visible from the ground While the northern prairie may call to mind images of golden harvests and summer twilight such images do not define the region The land bears marks left by gut shaking thunderstorms hard frozen rivers sweeping floods and hurricane size storms Olsen takes to the midwestern sky to confront the ordinary world and reveals the magic the wondrous and unique sights visible from the pilot s seat of a Cessna Like Antoine de Saint Exupery s classic work Wind Sand and Stars Olsen s Prairie Sky reveals the heart of what it means to fly In the grand romantic tradition of the travel essay it opens the dramatic paradoxes of self and collective linear and circular the heart and the border **Possessing the Past** Lisa Hinrichsen,2015-06-15

Employing recent theories of memory from multiple areas of study Possessing the Past illuminates the tangled relationships among trauma fantasy and the public sphere and their impact on the South in imagination and in reality Focusing on the roles that narrative and fantasy play in creating a sense of regional distinctiveness Lisa Hinrichsen brings a wealth of critical scholarship to her consideration of memory and southern literature Hinrichsen s nuanced readings of a diverse group of

southern authors including William Faulkner Roberto Fernandez Erna Brodber Monique Truong and Katharine Du Pre Lumpkin offer new ways of conceptualizing memory place and history She unravels southern literature's critical confrontation with the region's history through complex systems of remembrance and erasure and she traces how fantasy mediates trauma and adjudicates identity Expansive in its psychoanalytical approach her work explores issues of law testimony and social justice the role of nostalgic fantasies of gentility at midcentury the relationship between white empathy and social fantasy the resemblance of regional patterns of disavowal to national ideologies of forgetting in Vietnam era fiction and the impact of contemporary multicultural literature on memory and community Possessing the Past broadens the theoretical framework used to conceptualize memory and trauma while grounding traumatic testimony in the specifics of time and place amply offered by southern literature It provides new readings of an array of southern writers and deepens our understanding of the continuing importance of history memory and fantasy in the literature of the U S South Vietnam and the Southern Imagination Owen W. Gilman, 1992 Much recent fiction from the American South has spotlighted the American ordeal in Vietnam and a generation of southern writers has been imaginatively preoccupied with ironic parallels that rise out of the Vietnam experience and their own region's tragic past This stimulating study of American cultural history discovers the powerful and intriguing links It shows how profoundly the Vietnam experience has penetrated the imaginations of some of America's most acclaimed writers and how their compulsive sense of southern history unites their vision with the history of the Vietnam War Set against the backdrop of their homeland Vietnam reveals striking parallels Works by a profusion of southern writers have disclosed this astonishing connection in their heritage James Webb Bobbie Ann Mason Jayne Anne Phillips Clyde Edgerton Madison Smartt Bell Barry Hannah Winston Groom Gustav Hasford Harry Crews Larry Brown Sydney Blair Pat Conroy David Huddle Yusef Komunyakaa and Walter McDonald have found in Vietnam many provocative echoes of fundamental issues that first came to a head in the American Civil War Out of the past the issue of race and the dedication to the land remain distinct themes in contemporary southern fiction about Vietnam This absorbing study of cultural echoes that have charged the creative imaginations of fifteen southern writers unites shades of the southern past with the reality of the American present Both periods have evinced an alarming impulse toward violence In this context James Dickey's *Deliverance* although not a novel about Vietnam becomes a paradigm of force and southern violence It serves to reveal the modern southern storyteller's imaginative vision of violence both past and present Whether writing of soldiers at war or of the tumult at home whether expressing the persisting anxiety about race relations or sustaining the community through storytelling southern writers have found in Vietnam a weirdly revelatory mirror of their own cultural heritage
