Organization Manual , 1966 The Intellectual Education of the Italian Renaissance Artist Angela Dressen, 2021-09-02

Scholars have traditionally viewed the Italian Renaissance artist as a gifted but poorly educated craftsman whose complex and demanding works were created with the assistance of a more educated advisor. These assumptions are in part based on research that has focused primarily on the artist's social rank and workshop training. In this volume, Angela Dressen explores the range of educational opportunities that were available to the Italian Renaissance artist. Considering artistic formation within the history of education, Dressen focuses on the training of highly skilled average artists, revealing a general level of learning that was much more substantial than has been assumed. She emphasizes the role of mediators who had a particular interest in augmenting artists' knowledge and highlights how artists used Latin and vernacular texts to gain additional knowledge that they avidly sought. Dressen's volume brings new insights into a topic at the intersection of early modern intellectual, educational, and art history.

Medieval Bestiaries , 2025-08-28

What could the phoenix, elephant, and spider teach medieval people, and what can they teach us now about human-animal relationships? *Medieval Bestiaries: New Approaches* offers innovative insights on questions previously unasked about a most popular type of illuminated manuscript whose animal pictures and stories continue to entertain and inspire. Bringing together an impressive range of multi-disciplinary expertise, the authors provide fresh perspectives on previously unpublished or under-explored bestiary texts, images, methods of production, cross-literary influences, and moralized messaging. Most significantly, they move bestiaries out of their specialized scholarly corner into the wider world of animal thinking across Christian, Jewish, and Islamic cultures and stake a claim for animals as a central meeting ground for medieval and modern sensibilities. Contributors are Emma Campbell, Marc M. Epstein, Erica Fudge, Larisa Grollemond, Rebecca Hill, Elizabeth Morrison, Julie Orlemanski, Alexandra Paddock, and Debra Higgs Strickland.

Chastity Nancy van Deusen, 2008-02-28

Chastity as a topic is an ideal interdisciplinary consideration since it accesses iconographical representation, the philosophical issues of purity, morality, and of innocence, the legal issues of loss and punishment, the historical issues of celibacy, and the legislation that topic evoked, as well as the role of chastity as a literary topos in Late Antiquity as well as the Middle Ages, for example, in medieval commentary traditions and within medieval vernacular literatures. The topic of Chastity, as well as its opposing characteristics, thus provides an arena for a discussion of the transmission of Ovid and the commentaries this author provoked in the Middle Ages, the interpretation of images illustrating legal texts, cross-cultural enquiries such as the reciprocity between Christian, Muslim, and Judaic interpretations of temperance, continence, and abstinence, and the theological/legal issue of God's rights in

Middle Ages to the Renaissance T. Fenster,C. Lees,2016-04-30 Modern scholarship generally treats the debate about women querelle des femmes as a late medieval phenomenon perhaps touched upon by canonic authors like Chaucer but truly begun by Christine de Pizan 1364 1429 and therefore primarily of English and French origin That emphasis has obscured the ways in which both writers were participating in a much wider much older cultural phenomenon with varied and intractable roots Articles in this collection explore how gender is put into debate in Anglo Saxon German Spanish and Italian cultures and they re examine French and Middle English debate literature The collection is carefully planned to be accessible to students seeking an idea of the debate s motifs and contours while maintaining the high level of issue involvement necessary to commanding a more seasoned audience Contributors include Pamela Benson Alcuin Blamires Margaret Franklin Roberta Krueger Clare Lees and Gillian Overing Ann Matter Karen Pratt Helen Solterer Julian Weiss and Barbara Weissberger

Sarna,1989 **The Quarterly Journal of the Library of Congress** ,1974 Religious Stories in Transformation: Conflict, Revision and Reception Alberdina Houtman,Tamar Kadari,Marcel Poorthuis,Vered Tohar,2016-10-18 In Religious Stories in Transformation Conflict Revision and Reception the editors present a collection of essays that reveal both the many similarities and the poignant differences between ancient myths in Judaism Christianity Islam and modern secular culture and how these stories were incorporated and adapted over time This rich multidisciplinary research demonstrates not only how stories in different religions and cultures are interesting in their own right but also that the process of transformation in particular deserves scholarly interest It is through the changes in the stories that the particular identity of each religion comes to the fore most strikingly

The Dancing Body in Renaissance Choreography Mark Franko,2022-03-01 The Dancing Body in Renaissance Choreography problematizes the absence of the dancing body in treatises in order to reconstruct it through a series of intertextual readings triggered by Thoinot Arbeau s definition of dance in his 1589 dance treatise Orchesographie The notion of the intertext as elaborated by Michael Riffaterre is used to understand a series of relationships between dance and other activities within which the historical dancing body emerges to the light of day Arbeau s discussion of dance as a mute rhetoric in the demonstrative genre points to the intertext of Quintilian s The Oratorical Institution where the genus demonstrativum is explained as epideixis the goal of which is to inspire confidence and charm the audience The second intertext explored is that of civility as found in courtesy books where the posture of the body and the parameters of movement are outlined converging in the gesture of the r v rence The categories of pose and movement are then read into the structure of the basse danse the quintessential courtly social dance of the period The relation of pose to movement or of stillness to mobility is further theorized through the terms of earlier Italian treatises specifically in terms of fantasmata as used by Domenico da Piacenza

Sex Acts in Early Modern Italy Allison Levy,2017-07-05 Emphasizing the peculiar the perverse the clandestine and the scandalous this volume opens up a critical discourse on sexuality and visual culture in early modern Italy Contributors consider not just painted conventional representations of sexual activities and eroticized bodies but also images from print media drawings sculpted objects and painted ceramic jars In this way the volume presents an entirely new picture of Renaissance sexuality stripping away layers of misconceptions and manipulations to reveal an often misunderstood world Sex acts is interpreted broadly from the acting out or performing of one s or another s sex to sexual activity including what might be considered now or then peculiar practices and preferences and a variety of possibly scandalous scenarios While the contributors come from a variety of disciplinary backgrounds this collection foregrounds the

visual culture of early modern sexuality from representations of sex and sexualized bodies to material objects associated with sexual activities The picture presented here nuances our understanding of Renaissance sexuality as well as our own The Spur Carolus Becker,1962 *Virtue, Liberty, and Toleration* Jacqueline Broad,Karen Green,2007-07-23 This volume serves as an introduction to a rich and as yet under explored period in the history of women s ideas The volume provides a partial insight into the richness and complexity of women s political ideas in the centuries prior to the French Revolution The essays in this collection examine women s political writings with particular reference to the themes of virtue especially the virtue of phronesis or prudence liberty and toleration
