Flower Portrait Journal Deborah Schenck, 2003 *A Gallery of Her Own* Elree I. Harris, Shirley R. Scott, 2013-11-26 First Published in 1997 This book is intended as a resource for anyone interested in the artistic contributions and activities of women in nineteenth century Britain It is an index as well as an annotated bibliography and provides sources for information about women well known in their own time and about women who were little known then and are forgotten now *The Journal of Decorative Art* , 1899 *Appendix to the Journals of the Senate and Assembly ... of the Legislature of the State of California ...* , 1872 *Reflexivity in Love A Self-Reflexive Portrait of the Little Flower of Jesus* Fr. Emmanuel Javert Nnadozie OCD, 2024-09-19 This book focuses particularly on the self reflexive elements of the divine and human transformation in the Christian life which we find in St Therese especially her ability to wonder and question herself about the mysteries of God as they relate to her spiritual life and growth It studies Therese s spirit of critical listening and profound spiritual reflection on the things of her experience and explores her self reflective and interrogative self understanding of her call to sanctity of life The author also discusses how the Saint appropriated God s Word and God s grace hidden in the events of her life The book shows how through self reflexivity and meditation on God s Word she discovered her vocation as love in the heart of the Church following which she desired to sing of the mercies of the Lord with her whole life by loving God and neighbor in ordinary things in an extraordinary way and by leading a legion of souls through this Little Way of love which has a general or universal application to all who desire to attain perfection by a straight and short route While it is recognized that God s grace works in individuals according to their personal vocations the author believes that spiritual self reflexivity helps the faithful to integrate meaningfully like St Therese the general principles of the spiritual life and the example of the Saints into each individual s spiritual life in the events of daily life irrespective of their individual vocations And this is why the Little Way as a spiritual path can be lived by all who commit themselves to following the example found in St Therese s simple humble and confident way of spiritual childhood and of loving God and neighbor in the ordinary life and events of every day with reflexivity in love as the key *Australian Photographic Journal* , 1899 **Appendix to the Journals of the Senate and Assembly ... of the Legislature of the State of California ...** California, 1859 *Problem Pictures* , 2017-07-05 During the Victorian period there developed a new anxiety about male female relations and roles in modern society as described by a member of the Athenaeum in 1858 the distinction of man and woman their separate as well as their joint rights begins to occupy the attention of our whole community and with no small effect These essays examine Victorian painting in the light of this woman question by analysing the change in representation of the family romance social issues such as emigration and colonialism the use of the female nude and the traditions of portraiture history painting and still life The art and artists are considered in a socio political context and the connections between Victorian sexism racism and classism are examined These essays bring to light much previously unknown work especially by women and reappraise many
