respetuosa inclusiva y solidaria que haga frente a las múltiples formas de violencia que persisten en nuestros entornos. La obra se sostiene en un perspectiva plural e integral que articula los saberes de la pedagogía a la psicología a la antropología a el derecho la sociología a la ciencia política y otros campos afines convencidos de que solo un abordaje interdisciplinario puede hacer justicia a la complejidad del fenómeno de la violencia y del conflicto. Cada capítulo ofrece una análisis crítico de situaciones concretas desde la convivencia universitaria hasta el acoso escolar desde los conflictos laborales hasta la justicia restaurativa en el ámbito penal juvenil y brinda valiosas orientaciones de prevención y transformación. Este nuevo volumen incorpora marcos teóricos que iluminan la comprensión de fenómenos como la diversidad cultural y la interacción transcultural ofreciendo claves para el diseño de políticas públicas programáticas educativas y prácticas comunitarias encaminadas al fortalecimiento de la convivencia. En el mismo sentido el libro sin perder rigor científico adopta una visión humanista que reivindica el poder de la educación la comunicación el diálogo y la participación como elementos fundamentales para la construcción de sociedades más justas pacíficas e inclusivas. Se parte del reconocimiento de la dignidad inherente de toda persona de la necesidad de fomentar la empatía y de asumir la corresponsabilidad en la construcción del bien común. Se afirma asimismo la importancia de los marcos normativos tanto nacionales como internacionales que amparan los derechos humanos así como la necesidad de su efectiva implementación y de su permanente actualización ante los nuevos retos sociales.

Thomson,2001-01-24 The Distant Relation breaks down the artificial division between philosophy and literature by weaving contemporary philosophic arguments through close readings of Carpentier Rulfo Paz and Garcia Marquez Thomson draws the reader into the largely uninhabited space between philosophy and literature providing new critical strategies that allow text and reader to respond to the very distance they share These strategies involve a reconceptualization of distance that recognizes the productive and affirmative nature of separation The Distant Relation will attract anyone interested in the ongoing struggle to overcome conventional interpretations of language time and identity within the broader context of philosophical trends and Spanish American studies **Alejo Carpentier and His**
