The Pictorial Art of El Greco Livia Stoenescu,2025-10-01 The Pictorial Art of El Greco Transmaterialities Temporalities and Media investigates El Greco s pictorial art as foundational to the globalising trends manifested in the visual culture of early modernity It also exposes the figurative semantic and allegorical senses that El Greco created to challenge an Italian Renaissance centered discourse Even though he was guided by the unprecedented burgeoning of devotional art in the post Tridentine decades and by the expressive possibilities of earlier religious artifacts especially those inherited from the apostolic past the author demonstrates that El Greco forged his own independent trajectory While his paintings have been studied in relation to the Italian and Spanish school traditions his pictorial art in a global Mediterranean context continues to receive scant attention Taking a global perspective as its focus the book sheds new light on El Greco s highly original contribution to early Mediterranean and multi institutional configurations of the Christian faith in Byzantium Venice Rome Toledo and Madrid

El Greco - The Cretan Years Nikolaos M. Panagiotakes,translated by John C. Davis,2016-12-05 Exploring all the available sources this study which until now was only available in Greek presents us with an account of El Greco s life up to the time he left Crete for Italy in 1567 at the age of twenty six already an accomplished professional painter Nikolaos Panagiotakes provides a thorough assessment of earlier research on Crete of the 16th century then goes on to present new conclusions on the life of El Greco deriving from the author s firsthand reading of Venetian archive material including questions relating to his birthplace family name religious affiliation and apprenticeship as a painter The evidence indicates that El Greco was an established professional master painter earlier than had previously been thought and also that he had a family before leaving Crete thus perhaps explaining why he did not later marry Jer nima de las Cuevas with whom he had a son in Toledo This work marks a valuable contribution to El Greco scholarship particularly in its thoroughly substantiated assessment of the evidence regarding the formative years in the life of El Greco one of the greatest of all European artists

The Annunciation to Mary Eugene LaVerdiere,2004 This book presents a thorough and enjoyable examination of the Annunciation to Mary in salvation history Eugene LaVerdiere SSS noted scripture scholar enters into Luke s story of the Annunciation to Mary as an ardent connoisseur of art might enter into a painting to view it from the inside

Noting the tradition that Luke was an artist LaVerdiere explores Luke's account of the Annunciation in ways that reveal the Evangelist's artistry as a storyteller his theology and his faith Each of the six chapters at the heart of the book examines a particular phase of the Annunciation story from linguistic and theological points of view LaVerdiere's scholarship and deep faith lead the reader to a deeper and fuller appreciation of the Evangelist's artistry as well as to a consideration of the depth of the mystery revealed in the scriptural account Readers will find LaVerdiere's analysis not only thorough and professional but also enlightening and evocative Book jacket

The Spanish Eye Robert Havard, 2007 The guiding principle of this title is that the sister arts of painting and poetry are mutually illuminating their common currency being the visual image Five masters El Greco Velazquez Goya Picasso and Dali are discussed with a view to distinguishing what is peculiarly Spanish in their way of looking at reality

Machado de Assis João Cezar de Castro Rocha, 2015-10-01 This book offers an alternative explanation for one of the core dilemmas of Brazilian literary criticism the midlife crisis Machado de Assis underwent from 1878 to 1880 the result of which was the writing of *The Posthumous Memoirs of Br's Cubas* as well as the remarkable production of his mature years with an emphasis on his masterpiece *Dom Casmurro* At the center of this alternative explanation Castro Rocha situates the fallout from the success enjoyed by E a de Queir's with the publication of *Cousin Basilio* and Machado's two long texts condemning the author and his work Literary and aesthetic rivalries come to the fore allowing for a new theoretical framework based on a literary appropriation of thick description the method proposed by anthropologist Clifford Geertz From this method Castro Rocha derives his key hypothesis an unforeseen consequence of Machado's reaction to E a's novel was a return to the classical notion of aemulatio which led Machado to develop a poetics of emulation

Old Masters Worldwide Susanna Avery-Quash, Barbara Pezzini, 2020-10-15 As a result of the Napoleonic wars vast numbers of Old Master paintings were released on to the market from public and private collections across continental Europe The knock on effect was the growth of the market for Old Masters from the 1790s up to the early 1930s when the Great Depression put an end to its expansion This book explores the global movement of Old Master paintings and investigates some of the changes in the art market that took place as a result of this new interest Arguably the most important phenomenon was the diminishing of the traditional figure of the art agent and the rise of more visible increasingly professional dealerships firms such as Colnaghi and Agnew's in Britain Goupil in France and Knoedler in the USA came into existence *Old Masters Worldwide* explores the ways in which the pioneering practices of such businesses contributed to shape a changing market

The Word made Visible in the Painted Image Stephen Miller, 2015-11-25 This book explores the areas of perspective proportion witness and theological threshold in the devotional art of the Italian Renaissance with particular reference to the painted image of Christ While the Incarnation in a very real way legitimised the idea of the portrayal of God in human form as Jesus Christ problems remained as to how this might be achieved and whether it should be restricted to the second person of the Holy Trinity This book looks at the creation of pictorial space and the presentation of

the image paying special attention to schemes of perspective as a way to better describe reality as well as to considerations of proportion through such geometric methodology as the Golden Section and dynamic root rectangles based on certain perfect or divine ratios to balance and harmonise form The Word Made Visible in the Painted Image also explores the theological theme of threshold and liminal space describes how themes such as the Incarnation and Revelation were represented and looks at the symbolism employed in so doing It shows how such themes were captured set in space and communicated in the painted image This study is necessarily interdisciplinary combining the subject areas of art history and theory theology biblical study philosophy aesthetics physics metaphysics mathematics geometry optics physiology psychology and sociology in greater and lesser degrees Few books take such an interdisciplinary stance on art theology science and related disciplines to this extent
