**Monstrosity** Alexa Wright, 2013-06-30 From the Monster of Ravenna to the Elephant Man Myra Hindley and Ted Bundy the visualisation of real human monsters has always played a part in how society sees itself But what is the function of a monster Why do we need to embody and represent what is monstrous This book investigates the appearance of the human monster in Western culture both historically and in our contemporary society It argues that images of real rather than fictional human monsters help us both to identify and to interrogate what constitutes normality we construct what is acceptable in humanity by depicting what is not quite acceptable By exploring theories and examples of abnormality freakishness madness otherness and identification Alexa Wright demonstrates how monstrosity and the monster are social and cultural constructs However it soon becomes clear that the social function of the monster however altered a form it takes remains constant it is societal self defence allowing us to keep perceived monstrosity at a distance Through engaging with the work of Michel Foucault Julia Kristeva and Canguilhem to name but a few Wright scrutinises and critiques the history of a mode of thinking She reassesses and explodes conventional concepts of identity obscuring the boundaries between what is normal and what is not      *Library of Congress Subject Headings: P-Z* Library of Congress.
