constraints of the mid nineteenth century reinventing themselves and their families in the process Nan Mullenneaux focuses on the personal and professional lives of more than sixty women who despite their diverse backgrounds each made complex conscious and unconscious compromises to create profit and power Mullenneaux identifies patterns of macro and micro negotiation and reinvention and maps them onto the waves of legal economic and social change to identify broader historical links that complicate notions of the influence of gendered power and the definition of feminism the role of the body embodiment in race class and gender issues the relevance of family history to the achievements of influential Americans and national versus inter and transnational cultural trends While *Staging Family* expands our understanding of how nineteenth century actresses both negotiated power and then hid that power it also informs contemporary questions of how women juggle professional and personal responsibilities achieving success in spite of gender constraints and societal expectations

The Columbia Guide to American Women in the Nineteenth Century Catherine Clinton, Christine A. Lunardini, 2000 A convenient handbook of dates names terms and resources as well as a highly readable overview of the pivotal role of women in a century of profound political and social change The authors emphasize areas in which scholars have identified important changes such as suffrage and reform topics in which researchers are now making great strides such as racial ethnic religious and regional diversity and innovative and relatively recent explorations for example work on female sexuality Gender, Race and Family in Nineteenth Century America Rebecca Fraser, 2012-11-16 Sarah Hicks Williams was the northern born wife of an antebellum slaveholder Rebecca Fraser traces her journey as she relocates to Clifton Grove the Williams slaveholding plantation presenting her with complex dilemmas as she reconciled her new role as plantation mistress to the gender script she had been raised with in the North American Poetry 19th Century 2 John Hollander, 2016-04-01 First Published in 2004 From Philip Freneau to Walt Whitman Herman Melville to Trumbull Stickney this collection of two volumes selected by John Hollander gives an insight into the artform during the nineteenth century This collection is sorted by author with focus on American Indian Poetry Folk Songs and Spirituals An extensive list of works with attention to their chronology and editor notes on the texts within **Shakespeare and the Royal Actor** Sally Barnden, 2024-01-22 Shakespeare and the Royal Actor argues that members of the royal family have identified with Shakespearean figures at various times in modern history to assert the continuity legitimacy and national identity of the royal line It provides an account of the relationship between the Shakespearean afterlife and the royal family through the lens of a broadly conceived theatre history suggesting that these two hegemonic institutions had a mutually sustaining relationship from the accession of George III in 1760 to that of Elizabeth II in 1952 Identifications with Shakespearean figures have been deployed to assert the Englishness of a dynasty with strong familial links to Germany and to cultivate a sense of continuity from the more autocratic Plantagenet Tudor and Stuart monarchs informing Shakespeare's drama to the increasingly ceremonial monarchs of the modern period The book is driven by new archival research in the Royal Collection and Royal Archives It reads these archives critically asking how

different forms of royal and Shakespearean performance are remembered in the material holdings of royal institutions

Women's Contribution to Nineteenth-century American Theatre Miriam López Rodríguez, María Dolores Narbona Carrión, 2011-11-28 Aquesta col·lecció d'assajos mostra els múltiples aspectes de la contribució que va fer la dona al teatre americà del segle XIX. En aquest estudi s'ensenyen diversos tipus de dones i els rols que ocupen així com reflecteix la manera que Susan Glaspell i Sophie Treadwell van ajudar a donar forma al teatre entre moltes altres que escriurien d'aquí a uns anys.

Companion to Women's Historical Writing M. Spongberg, A. Curthoys, B. Caine, 2016-04-30 This A-Z reference work provides the first comprehensive reference guide to the wide range of historical writing with which women have been involved particularly since the Renaissance. The Companion covers biographical writing, travelogue and historical fictions, broadening the concept of history to include the forms of writing with which women have historically engaged. The focus is on women writing in English internationally but historical and historiographical traditions from beyond the English-speaking world are also examined. Brief biographies of individual writers are included.

Before They Could Vote Sidonie A. Smith, Julia Watson, Sidonie Smith, 2006-08-01 The life narratives in this collection are by ethnically diverse women of energy and ambition, some well known, some forgotten, over generations who confronted barriers of gender, class, race and sexual difference as they pursued or adapted to adventurous new lives in a rapidly changing America. The engaging selections, from captivity narratives to letters, manifestos, criminal confessions and childhood sketches, span a hundred years in which women increasingly asserted themselves publicly. Some rose to positions of prominence as writers, activists and artists; some sought education or wrote to support themselves and their families; some transgressed social norms in search of new possibilities. Each woman's story is strikingly individual, yet the brief narratives in this anthology collectively chart bold new visions of women's agency. This rich new anthology sets in motion an intertextual conversation of remarkable vitality that will change the ways we understand gender, class, ethnicity, culture and nation in nineteenth-century America. Susanna Egan, author of *Mirror Talk*.
