Fantasies Of Femininity Reframing The:

Fantasies of Femininity Jane M. Ussher, 1997 In *Fantasies of Femininity* Jane Ussher focuses on unraveling the contradictory visions of feminine sexuality the fact that representations of the definition of woman seethe with sexuality yet for centuries women have been condemned for exploring their own sexual desires In her quest for the sources of feminine representation Ussher interviewed dozens of women as well as some men and combed popular media from *Seventeen* to *Cosmopolitan* and *Dallas* to *Donahue* to identify what shapes women's symbolic images of sex and femininity Ussher argues that women have effectively resisted and subverted these archetypal fantasies of femininity and in the process of so doing reframed the very boundaries of sex In this way she exposes as myth much of what we think we know about woman and about sex

Fantasies of Femininity Jane M. Ussher, 1997 An account of how women have managed to resist the archetypal fantasies of femininity and what it supposedly is to be a woman and how women have consequently redefined the boundaries of their sex

Fearless Femininity by Women in American Theatre, 1910s to 2010s Lynne Greeley, 2015-08-06 In this unprecedented fascinating book which covers women in theatre from the 1910s to the 2010s author Lynne Greeley notes that for the purposes of this study feminism is defined as the political impulse toward economic and social empowerment for females or the female identified a position perceived by many feminists as oppositional to ideas of femininity that they see as personally and politically constraining and that femininity comprises social behaviors and practices that mean as many different things as there are women some of which are empowering and others of which are not This book illuminates how throughout the twentieth century and into the twenty first playwrights and artists in American theatre both embodied and disrupted the feminine of their times Through approaches as wide ranging as performing their own recipes energizing silences raging against war and rape and inviting the public to inscribe their naked bodies theatre artists have used performance as a site to insert themselves between the physicality of their female presence and the liminality of their disrupting the role of the feminine Capturing that place of liminality a neither here nor there place that is often unsafe where the established order is overturned by acts as banal as raising a plant women have written and performed and disrupted their way through one hundred years of theatre history even within the constraints of a variably rigid and usually unsympathetic social order Creating a feminist femininity they have reinscribed their place in the culture and provided models for their audiences to do the same This comprehensive tome part of the *Cambria Contemporary Global Performing Arts* headed by John Clum Duke University is an essential addition for theater studies and women's studies

The Madness of Women Jane M. Ussher, Jane Ussher, 2011-03-28 Nominated for the 2012 Distinguished Publication Award of the Association for Women in Psychology. Why are women more likely to be positioned or diagnosed as mad than men? If madness is a social construction, a gendered label, as many feminist critics would argue, how can we understand and explain women's prolonged misery and distress? In turn, can we prevent or treat women's distress in a non-pathologising, women-centred way? The Madness of Women addresses these questions through a rigorous exploration of the myths and realities of women's madness. Drawing on academic and clinical experience, including case studies and in-depth interviews as well as on the now extensive critical literature in the field of mental health, Jane Ussher presents a critical multifactorial analysis of women's madness that both addresses the notion that madness is a myth and yet acknowledges the reality and multiple causes of women's distress. Topics include: The genealogy of women's madness; incarceration of difficult or deviant women; Regulation through treatment; Deconstructing depression, PMS and borderline personality disorder; Madness as a reasonable response to objectification and sexual violence; Women's narratives of resistance. This book will be of great interest to students and scholars of psychology, gender studies, sociology, women's studies, cultural studies, counselling and nursing.

Ladies who Lunge Tara Brabazon, 2002 Ladies who Lunge. Essays on Difficult Women dance through history with the unconventional woman. Witty and refreshing, the tone, texture and feeling of the words on the page are as unconventional as the plucky women who punctuate the prose. It is a tough, determined, moving, frank and funny review of difficult women: how they got there, how we can understand their actions and how we can learn from them.

Viewing Pleasure and Being a Showgirl Alison Carr, 2018-04-19 Drawing on interviews with a breadth of different showgirls from shows in Paris, Las Vegas, Berlin and Los Angeles, as well as her own artworks and those by other contemporary and historical artists, this book examines the experiences of showgirls and those who watch them to challenge the narrowness of representations and discussions around what has been termed sexualisation and the gaze. An account of the experience of being looked at, the book raises questions of how the showgirl is represented, the nature of the pleasure that she elicits and the suspicion that surrounds it, and what this means for feminism and the act of looking. An embodied articulation of a new politics of looking. Viewing Pleasure and Being a Showgirl engages with the idea, reinforced by feminist critique, that images of women are

linked to selling and that women's bodies have been commodified in capitalist culture raising the question of whether this enables particular bodies those of glamorous women on display to become scapegoats for our deeper anxieties about consumerism

Gender and the Media Rosalind Gill, 2015-10-02 Written in a clear and accessible style with lots of examples from Anglo American media Gender and the Media offers a critical introduction to the study of gender in the media and an up to date assessment of the key issues and debates Eschewing a straightforwardly positive or negative assessment the book explores the contradictory character of contemporary gender representations where confident expressions of girl power sit alongside reports of epidemic levels of anorexia among young women moral panics about the impact on men of idealized representations of the six pack but near silence about the pervasive re sexualization of women's bodies along with a growing use of irony and playfulness that render critique extremely difficult The book looks in depth at five areas of media talk shows magazines news advertising and contemporary screen and paperback romances to examine how representations of women and men are changing in the twenty first century partly in response to feminist queer and anti racist critique Gender and the Media is also concerned with the theoretical tools available for analysing representations A range of approaches from semiotics to postcolonial theory are discussed and Gill asks how useful notions such as objectification backlash and positive images are for making sense of gender in today's Western media Finally Gender and the Media also raises questions about cultural politics namely what forms of critique and intervention are effective at a moment when ironic quotation marks seem to protect much media content from criticism and when much media content from Sex and the City to revenge adverts can be labelled postfeminist This is a book that will be of particular interest to students and scholars in gender and media studies as well as those in sociology and cultural studies more generally
