*Psychoanalytic Perspectives on Art, V. 3* Mary M. Gedo, 2013-05-13 This new hardcover annual offers a unique scholarly format an interdisciplinary dialogue that it is hoped will foster the development of a sound useful methodology for applying psychoanalytic insight to art and artists The series provides a medium for those who study art those who interpret it and occasionally those who create it formally to explore the meaning of an artistic work as the direct reflection of the inner world of its creator Within each volume individual topics are addressed by either an art historian or a psychoanalyst with a response frequently tendered by an expert from the other field Reviews of important books of cross disciplinary interest are treated in a similar manner and include rebuttals by the authors themselves It is precisely this exchange of ideas among scholars with difference perspectives on the meaning of a work of art that sets PPA apart from the standard art history publication Its depth of scholarship coupled with its innovative format make it a fascinating addition to the burgeoning field of psychoanalytic studies of art history
