Far From Home Shattering The Myth Of The Model Minority:

Killing the Model Minority Stereotype Nicholas Daniel Hartlep, Brad J. Porfilio, 2015-06-01 Killing the Model Minority Stereotype comprehensively explores the complex permutations of the Asian model minority myth exposing the ways in which stereotypes of Asian Americans operate in the service of racism Chapters include counter narratives critical analyses and transnational perspectives This volume connects to overarching projects of decolonization which social justice educators and practitioners will find useful for understanding how the model minority myth functions to uphold white supremacy and how complicity has a damaging impact in its perpetuation The book adds a timely contribution to the model minority discourse The contributors to this book demonstrate that the insidious model minority stereotype is alive and well At the same time the chapters carefully and powerfully examine ways to deconstruct and speak back to these misconceptions of Asian Americans Hartlep and Porfilio pull together an important volume for anyone interested in how racial and ethnic stereotypes play out in the lives of people of color across various contexts Vichet Chhuon University of Minnesota Twin Cities This volume presents valuable additions to the model minority literature exploring narratives challenging stereotypes in a wide range of settings and providing helpful considerations for research and practice David W Chih University of Illinois at Urbana Champaign Asian Pacific Islander adolescents and young adults are especially impacted by the model minority stereotype and this volume details the real life consequences for them and for all communities of color The contributors provide a wide ranging critique and deconstruction of the stereotype by uncovering many of its manifestations and they also take the additional step of outlining clear strategies to undo the stereotype and prevent its deleterious effects on API youth Killing the Model Minority Stereotype Asian American Counterstories and Complicity is an essential read for human service professionals educators therapists and all allies of communities of color Joseph R Mills LICSW Asian Counseling and Referral Service Seattle WA

The Model Minority Stereotype Nicholas D. Hartlep, 2021-04-01 Researchers higher education administrators and high school and university students desire a sourcebook like The Model Minority Stereotype Demystifying Asian American Success This second edition has updated contents that will assist readers in locating research and literature on the model minority stereotype This sourcebook is composed of an annotated bibliography on the stereotype that Asian Americans are successful Each chapter in The Model Minority Stereotype is thematic and challenges the model minority stereotype Consisting of a twelfth and updated chapter this book continues to be the most comprehensive book written on the model minority myth to date

Far from Home Mary Chung Hayashi, 2003 Mary Chung founder of the National Asian Women's Health Organization NAWHO shatters the myth that Asians are the model minority group in the U S and reveals the hidden health crisis that endangers 11 million people in the Asian American community In the last decade NAWHO has worked to establish the facts to demonstrate how serious and widespread the problems are

Critical Perspectives on Black Education Noelle Witherspoon-Arnold, Melanie C. Brooks, Bruce Makoto Arnold, 2014-06-01 While nation engages in

debates concerning central issues of religion and religious diversity in education the historic saliency of religion and spirituality in the Black community and in the education of its children continues to be largely ignored Historically religion and spirituality were foundational to the development and understanding of social justice issues including but not limited to issues of protest community uplift notions of care and anti oppression Taking into account the historical significance of religion and spirituality in the Black community it is essential for education scholars to cultivate these long standing connections as a means for advancing contemporary struggles for social justice religiosity in education and counter hegemonic praxis The purpose of this book is to expand our understanding of spirituality and religion as related to the schooling of Black students Educational scholarship continues to explore the workings of social justice to ameliorate inequities for those who have not been well served in schools Although the concept of social justice remains a somewhat inchoate term in educational literature this book seeks to explore the historicity of religion and spirituality while offering a scaffold that links ordinary everyday acts of justice religion and spirituality in education to a culture that systematically and institutionally assaults the worth of Black students It is important to note that this book is grounded in a broad concept of religion and spirituality and the editors seek to be inclusive of all types styles and traditions of religiosity and spirituality

Women in Politics Mary Chung Hayashi, 2023-10-25 Mary Chung Hayashi offers an exploration of the strides made by women in government This analysis bridges the gap between past and present blending Mary's personal journey as an Asian American immigrant and former California State Assembly member with the stories of trailblazing women in political leadership Featuring interviews and discussions Mary brings to life the trials and triumphs of these women showcasing their invaluable contributions to political landscapes and the transformative power of their perseverance

Asian American Communities and Health Chau Trinh-Shevrin, Nadia S. Islam, Mariano Jose Rey, 2009-04-03 This ground breaking textbook examines Asian American health from a public health perspective It provides an overview of the social political economic and cultural forces that influence the distribution of disease and illness in Asian American communities The book explores the diversity within the Asian community with respect to health seeking behavior and knowledge socioeconomic status educational level cultural traditions and specific health care needs and issues By examining the contextual factors that impact health the book seeks to facilitate a meaningful dialogue and identify creative solutions for health disparities faced by racial and ethnic minority communities

Undivided Rights Jael Silliman, Marlene Gerber Fried, Loretta Ross, Elena Gutiérrez, 2016-04-18 Undivided Rights captures the evolving and largely unknown activist history of women of color organizing for reproductive justice on their own behalf Undivided Rights presents a textured understanding of the reproductive rights movement by placing the experiences priorities and activism of women of color in the foreground Using historical research original organizational case studies and personal interviews the authors illuminate how women of color have led the fight to control their own bodies and reproductive destinies Undivided Rights shows how women of color

starting within their own Latina African American Native American and Asian American communities have resisted coercion of their reproductive abilities Projected against the backdrop of the mainstream pro choice movement and radical right agendas these dynamic case studies feature the groundbreaking work being done by health and reproductive rights organizations led by women of color The book details how and why these women have defined and implemented expansive reproductive health agendas that reject legalistic remedies and seek instead to address the wider needs of their communities It stresses the urgency for innovative strategies that push beyond the traditional base and goals of the mainstream pro choice movement strategies that are broadly inclusive while being specific strategies that speak to all women by speaking to each woman While the authors raise tough questions about inclusion identity politics and the future of women s organizing they also offer a way out of the limiting focus on choice Undivided Rights articulates a holistic vision for reproductive freedom It refuses to allow our human rights to be divvied up and parceled out into isolated boxes that people are then forced to pick and choose among

Asian American Politics Andrew Aoki, Okiyoshi Takeda, 2008 An introduction to the study of Asian American participation in US politics It covers historical and cultural context political behaviour and attitudes interest groups and parties elected officials and public policies that have an important impact on Asian Americans **The Publishers Weekly**, 2003 **American Book Publishing Record**, 2004 **2008** 00 00 00 00, 2007 **Forthcoming Books** Rose Army, 2003 Culture Shock for Asians in U.S. Academia Eunhyoung Lee Yook, 2013-11-26 Culture Shock for Asians in U S Academia Breaking the Model Minority Myth discusses the unique cultural challenges that Asians face in U S academia The issues facing Asians in academia are worthy of our attention for two major reasons the numerical significance of Asians in U S academia and the fact that their problem has been largely eclipsed due to their visible success and status as model minority Asian immigrants are often called the model minority because of their Confucianist work ethic and emphasis on ye or social order as well as the high value placed on education Additionally Asians generally have often been stereotyped as excelling in academics However they face serious problems in adjusting to the U S academic system These problems are due to cultural patterns and variables that are largely invisible yet nonetheless have an undeniable impact on academics The issues that affect students ranging from kindergarten through graduate school and that also affect scholars in academic careers beyond the formative process are reviewed systematically in this book Analysis of issues is based on intercultural communication theories and suggestions for overcoming these challenges are suggested Becoming aware of and addressing the roadblocks for Asians is important not only for Asian students and scholars but also for educators education administrators and institutions Additionally helping Asians to overcome the challenges in academia not only helps academia to become a more inclusive place where all students can learn and all scholars can work in academia successfully it also benefits society by producing a more literate educated and qualified workforce overall By promoting understanding of this important topic in a systematic and theoretic fashion valuable resources can be realized to their full potential
