wanted to know that if I were to die tomorrow I would leave something behind that could still make people smile or think I wanted to create something that would last and be appreciated for generations to come I wanted to leave behind a mark of my existence And so here is my book If you havent read my first book well I want to start over with a Hello I am a fairly new poet and writer who will either make you think laugh or say My God this romantic material is going to come in handy for the next time I meet someone I like Whatever the scenario I just want to remind everyone that we all have three sides to us We may not show all of them every day but within all of us exists a serious side a humorous side and a romantic side In both of my poetry books I show my different characters and then some Especially in THE V FILES **Plays of Edmond Rostand**
