Farewell To Alexandria:

Farewell to Alexandria Charēs Tzalas, Harry E Tzalas, 2004 The eleven short stories in this book take us back to an Alexandria past the cosmopolitan city as it was experienced by the author in the years before during and following the Second World War Against a backdrop of major events in Alexandria s history from the halcyon days of the late 1930s through the alarms of the War to the 1952 Revolution and the dispersion of almost the entire foreign community of the city Tzalas weaves his stories peopled with characters from his youth These are ordinary people people of different nationalities and faiths but all Alexandrians living side by side in the Great City In describing each character with great sensitivity and perception Tzalas succeeds not only in capturing the essence of the city itself but in poignantly foretelling the fundamental changes and exodus that were to come The events surrounding among others a German family caught in the city during the Second World War three French monks an old Greek musician and a group of cultivated elderly Alexandrian gentlemen are told with an affection often tinged with sadness Through these characters Tzalas tells the story of everyday lives caught up in the turbulent currents of history and the transformation of a beloved city the end of an era Each of the eleven stories is accompanied by an evocative illustration by Anna Boghigian

The Rhetoric of Topics and Forms Gianna Zocco, 2021-01-18 The fourth volume of the collected papers of the ICLA congress *The Many Languages of Comparative Literature* includes articles that study thematic and formal elements of literary texts Although the question of prioritizing either the level of content or that of form has often provoked controversies most contributions here treat them as internally connected While theoretical considerations inform many of the readings the main interest of most articles can be described as rhetorical in the widest sense given that the ancient discipline of rhetoric did not only include the study of rhetorical figures and tropes such as metaphor irony or satire but also that of topoi which were originally viewed as the places where certain arguments could be found but later came to represent the arguments or intellectual themes themselves Another feature shared by most of the articles is the tendency of undeclared thematology which not only reflects the persistence of the charge of positivism but also shows that most scholars prefer to locate themselves within more specific often interdisciplinary fields of literary study In this sense this volume does not only prove the ongoing relevance of traditional fields such as rhetoric and thematology but provides contributions to currently

flourishing research areas among them literary multilingualism literature and emotions and ecocriticism The Quest for the Tomb of Alexander the Great: Third Extended Edition Andrew Michael Chugg,2019-11-17 Uncovers a connection between a Macedonian funerary sculpture found in the foundations of the Basilica di San Marco in Venice and the sarcophagus of an Egyptian Pharaoh shipped to London from Alexandria in 1801 Traces their trails to show that both seem to come from Alexander's tomb in Alexandria Now it is revealed that the sculptural relief was fitted to the sarcophagus confirming the theory The author writes When I embarked upon the deck of this Odyssey it seemed to me that shipwreck was my eventual destiny but now beyond the raging roiling sea I have glimpsed the shore of verdant Valinor unveiled before me Though I may yet come to grief upon some reef washed by waves of disbelief I voyage on to vindication my vessel's ordained destination With greatness grazing on the verge of rediscovery we may surely see the resolution of this mystery So let my sail now be unfurled to catch the wind and win the world Alexander's long lost legacy the parted parts of his shattered tomb and battered body *The Quest for the Tomb of Alexander the Great (Second Edition)* Andrew Chugg,2012-06-01 In 2004 the author's first book *The Lost Tomb of Alexander the Great* was published to the accompaniment of international media attention since it reported the first credible suggestion as to the current whereabouts of the long vanished corpse of the illustrious conqueror In the intervening years progress by testing the candidate remains has been thwarted by the Church authorities yet much new information has emerged casting the enigma in an ever more probing light In this extensively updated and extended account the meanderings of the evidence have been tracked with scrupulous care and the tangled threads of erstwhile hidden history have been teased apart Thus the forgotten secrets of one of the greatest mysteries bequeathed to us by the ancient world are laid bare culminating in the novel suggestion that the body stolen from Alexandria in AD828 and now in Venice may have acquired a false identity at the time that paganism was outlawed by the Emperor of Rome in the 4th century AD **Destruction and Conservation of Cultural Property** R Layton,P Stone,J Thomas,2003-09-02 In 1991 the mosque at Ayodhya in India was demolished by Hindu fundamentalists who claim that it stood on the birthplace of a legendary Hindu hero During recent conflicts in former Yugoslavia ethnic groups destroyed mosques and churches to eliminate evidence of long term settlement by other communities Over successive centuries however a single building in Cordoba functioned as a mosque a church and a synagogue The Roman Emperor Diocletian's Palace in Split is occupied today by shops and residential apartments What circumstances have led to the survival and reinterpretation of some monuments but the destruction of others This work asks whether the idea of world heritage is an essential mechanism for the protection of the world's cultural and natural heritage or whether it subjugates a diversity of cultural traditions to specifically Western ideas How far is it acceptable for one group of people to comment upon or intercede in the way in which another community treats the remains which it claims as its own What are the responsibilities of multinational corporations and non governmental organisations operating in the Developing World Who actually owns the past the landowner indigenous people

the State or humankind Levant Philip Mansel, 2011-05-24 Not so long ago in certain cities on the shores of the eastern Mediterranean Muslims Christians and Jews lived and flourished side by side What can the histories of these cities tell us Levant is a book of cities It describes three former centers of great wealth pleasure and freedom Smyrna Alexandria and Beirut cities of the Levant region along the eastern coast of the Mediterranean In these key ports at the crossroads of East and West against all expectations cosmopolitanism and nationalism flourished simultaneously People freely switched identities and languages released from the prisons of religion and nationality Muslims Christians and Jews lived and worshipped as neighbors Distinguished historian Philip Mansel is the first to recount the colorful contradictory histories of Smyrna Alexandria and Beirut in the modern age He begins in the early days of the French alliance with the Ottoman Empire in the sixteenth century and continues through the cities mid twentieth century fates Smyrna burned Alexandria Egyptianized Beirut lacerated by civil war Mansel looks back to discern what these remarkable Levantine cities were like how they differed from other cities why they shone forth as cultural beacons He also embarks on a quest to discover whether as often claimed these cities were truly cosmopolitan possessing the elixir of coexistence between Muslims Christians and Jews for which the world yearns Or below the glittering surface were they volcanoes waiting to erupt as the catastrophes of the twentieth century suggest In the pages of the past Mansel finds important messages for the fractured world of today

The Century Magazine ,1889 **The Greeks and the Making of Modern Egypt** Alexander Kitroeff, 2019-03-22 The magnificent Robert L Tignor Princeton University story of the Greeks in Egypt from Muhammad Ali to Nasser From the early nineteenth century through to the 1960s the Greeks formed the largest most economically powerful and geographically and socially diverse of all European communities in Egypt Although they benefited from the privileges extended to foreigners and the control exercised by Britain they claimed nonetheless to enjoy a special relationship with Egypt and the Egyptians and saw themselves as contributors to the country s modernization The Greeks and the Making of Modern Egypt is the first account of the modern Greek presence in Egypt from its beginnings during the era of Muhammad Ali to its final days under Nasser It casts a critical eye on the reality and myths surrounding the complex and ubiquitous Greek community in Egypt by examining the Greeks legal status their relations with the country s rulers their interactions with both elite and ordinary Egyptians their economic activities their contacts with foreign communities their ties to their Greek homeland and their community life which included a rich and celebrated literary culture Alexander Kitroeff suggests that although the Greeks self image as contributors to Egypt s development is exaggerated there were ways in which they functioned as agents of modernity albeit from a privileged and protected position While they never gained the acceptance they sought the Greeks developed an intense and nostalgic love affair with Egypt after their forced departure in the 1950s and 1960s and resettlement in Greece and farther afield *The Century* ,1889 **Knowledge: Its Creation, Distribution and Economic Significance, Volume I** Fritz Machlup, 2014-07-14 With this first of eight volumes the eminent economist Fritz

Machlup launches his monumental inquiry into the production of knowledge as an economic activity Volume I presents the conceptual framework for this inquiry and falls into three parts Types of Knowledge Qualities of Knowledge and Knowledge as a Product Originally published in 1981 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Bloomsbury Group Memoir Club S. Rosenbaum, J. Haule, 2016-10-15 Shortly before his death S P Rosenbaum began work on the history of the Bloomsbury Group's Memoir Club With original archival material and valuable insights on leading Bloomsbury figures such as Woolf Keynes and Forster this illuminating book offers a new perspective on our understanding of twentieth century autobiography and life writing

Lawrence Durrell's Poetry Isabelle Keller-Privat, 2019-04-25 This book offers the first in depth analysis of Lawrence Durrell's entire poetic opus from his early collections in the 1940s up to his last one published in 1973 Thirty years of Durrellian poetry are brought together in order to unveil the genesis of Durrell's writing both poetic and fictional drawing links to his novels and residence books which he kept writing at the same time Durrell thus appears as first and foremost one of the greatest late modernist poets whose literary and epistemological investigations are to be understood in the light of a worldwide network of literary brotherhoods including T S Eliot Michael Fraenkel Henry Miller and David Gascoyne Simultaneously this book shows why Durrell must also be read as the heir to the greatest English romantic poets Byron Shelley Keats and Wordsworth as well as to the French symbolists and modernists from Baudelaire to Nerval Valéry and Cendrars This comparative approach opens up a brand new perspective on Durrell that has not yet been broached by North American and English scholarship The symbolic patterns the stylistic ploys and the aesthetic and philosophic tenets that characterize Durrell's poetics account for the necessary back and forth reading that connects prose and poetry the fictional and the lyrical the descriptive and the abstract Poetry excerpts extracts from his residence books novels and essays highlight not only Durrell's complex literary strategies but also the ontological quest of a writer who although never at home with the world he lived in strove to create a life world what semiologists call the Umwelt

Selecting and Implementing Technologies in Libraries Tod Colegrove, 2022-09-14 New technology and services are fundamental to maintaining the relevance of libraries today but which technologies and or services make sense to implement and which to avoid Building from a framework drawn in the overlap of design thinking with best practices in emerging technology and library practice this book is a go to guide for the active library practitioner and LIS student alike From the 3D printers and laser cutters of today's library makerspace to collection development and library outreach this primer offers clear examples that illustrate the practical and collaborative approach that ensures

alignment and increases the likelihood of success Written as a textbook for LIS students in the crossover areas of emerging technology design thinking and library management the book will also meet the needs of the active library practitioner in public academic and special libraries both those new to the field and seasoned professionals The practical treatment and examples provided will be of interest and immediate use Questions at the end of each chapter give readers an opportunity to think about the concepts presented The book is also designed to let the enduring values of librarianship and library practice shine through guiding the reader to navigate the future of library technology *Broken Shackles* Peter Meyler, 2007-01-26

In 1889 *Broken Shackles* was published in Toronto under the pseudonym of Glenelg This very unique book containing the recollections of a resident of Owen Sound Ontario an African American known as Old Man Henson was one of the very few books that documented the journey to Canada from the perspective of a person of African descent Now over 112 years later a new edition of *Broken Shackles* is available Henson was a great storyteller and the spark of life shines through as he describes the horrors of slavery and his goal of escaping its tenacious hold His times as a slave in Maryland his refuge in Pennsylvania and New Jersey and his ultimate freedom in Canada are vividly depicted through his remembrances The stories of Henson's family friends and enemies will both amuse and shock the readers of *Broken Shackles* Old Man Henson From Slavery to Freedom It is interesting to discover that his observations of life's struggles and triumphs are as relevant today as they were in his time **Century Illustrated Monthly Magazine ...**, 1889 **History of the Seventh Indiana Cavalry Volunteers** Thomas Sydenham Cogley, 1876 **Alexandrian Cosmopolitanism** Hala Halim, 2013-09-19

Interrogating how Alexandria became enshrined as the exemplary cosmopolitan space in the Middle East this book mounts a radical critique of Eurocentric conceptions of cosmopolitanism The dominant account of Alexandrian cosmopolitanism elevates things European in the city's culture and simultaneously places things Egyptian under the sign of decline The book goes beyond this civilization barbarism binary to trace other modes of intercultural solidarity Halim presents a comparative study of literary representations addressing poetry fiction guidebooks and operettas among other genres She reappraises three writers C P Cavafy E M Forster and Lawrence Durrell who she maintains have been cast as the canon of Alexandria Attending to issues of genre gender ethnicity and class she refutes the view that these writers' representations are largely congruent and uncovers a variety of positions ranging from Orientalist to anticolonial The book then turns to Bernard de Zogheb a virtually unpublished writer and elicits his camp parodies of elite Levantine mores in operettas one of which centers on Cavafy Drawing on Arabic critical and historical texts as well as contemporary writers and filmmakers engagement with the canonical triumvirate Halim orchestrates an Egyptian dialogue with the European representations
