

# The Farm Problem

- Worldwide agricultural economy causes great fluctuations in supply and demand
- Farmers' complaints:
  - Lower prices for crops (although purchasing power rising)
  - Rising railroad rates (rates actually declining)
  - Onerous mortgages (loans permit production expansion)

## **Farm Problem:**

The City Man's Guide to the Farm Problem Willard W. Cochrane, 1965-09-10 The City Man's Guide to the Farm Problem was first published in 1965 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions Few domestic questions are so controversial as the farm problem yet the average city man finds it difficult to understand the basic issues involved In this book Professor Cochrane describes for the layman the nature and causes of the commercial farm problem and the rural poverty problem and provides the basis for making informed judgments about these problems and their possible solutions He analyzes the economic and political forces which are at work in the farm economy explains the organization of modern agriculture showing the unique structure of farming and draws a vivid picture of the revolutionary developments which have taken place in agriculture He discusses behavior patterns of farmers and consumers as they relate to the farm economy and the role of government in the farm industry and in the lives of farmers The analysis and discussion make clear the reasons why the government is so deeply involved in farm issues and point up what will be needed in order to make some headway toward solutions of the problems Professor Cochrane emphasizes that there is no perfect solution to the farm problem but he provides the information and analyses from which the reader can gain a better understanding of the issues Sixteen photographic illustrations show old and new methods of farming and types of equipment There are also a number of charts graphs and tables Willard W Cochrane is dean of international programs and a professor of agricultural economics at the University of Minnesota He was director of agricultural economics in the U S Department of Agriculture and economic adviser to the Secretary of Agriculture from 1961 to 1964 and served as agricultural adviser to John F Kennedy during the 1960 presidential campaign He is the author also of Farm Prices Myth and Reality Land Utilization and the Farm Problem L.
