The Eighth Day John Case, 2002-11-26 And on the Seventh Day He rested Genesis 2:2-3 From the New York Times bestselling author of The Genesis Code and The Syndrome here is a spellbinding new thriller of international intrigue religious prophecy cutting edge science and unrelenting suspense For Danny Cray a struggling artist and part time private

investigator the offer is too good to be true A wealthy enigmatic lawyer Jude Belzer would like to retain Danny for a little damage control His client an elusive billionaire named Zerevan Zebet is the target of a vicious campaign in the Italian press that threatens to destroy his reputation Belzer wants Danny to find out who is responsible and he will pay handsomely Danny's only lead is the meager estate of a recently deceased professor of religious studies a man so deeply terrified that he buried himself alive in the basement of an isolated farmhouse Belzer swears that if Danny can get at the late professor's files the conspiracy against his own reclusive client will unravel It's the perfect assignment in a way and Danny can sure use the money But the more he probes the more apparent it becomes that nothing is what it seems There is something he isn't being told Something that's not quite right Something dark fast and sinister that's coming at him from behind From the powerful world of Washington D C to the ancient grandeur of Rome from the mysteries of Istanbul to the high stakes drama of Silicon Valley The Eighth Day is a briskly paced globe trotting thriller of electrifying suspense Packed with unexpected reversals and astonishing twists of plot this is John Case's most gripping novel to date The Junior Instructor for the Parent and Child ... Walter Julius Beecher, Grace B. Faxon, 1921 You've Got Friends! Kathy Goedde, 2008-08 You've Got Friends tells the story of five barnyard animals whose frustration with each other causes them to pursue online relationships While four of the animals unknowingly form online friendships with each other one animal finds someone online who is not really interested in friendship When this online friend shows up at the farm the animals work together to remedy the situation and a valuable lesson is learned The story explains the concept of an internet predator but does it in a child friendly way It should be read to children by a parent or teacher in order to open a dialogue about what children should and shouldn't do online
