My Take LK Advani, 2021-01-19 L K Advani's blogs cut across generations for his contemporaries they have a recall value For the young Indian restless to do his bit in shaping the future of his country Advani's blogs provide a rare insight into history They take him through the turmoil and toil of leaders like Sardar Patel and their distinctive contribution in shaping today's India Advani's blogs have a dual purpose they mirror an era gone by and yet link its relevance to an India raring to take on the world The blogs therefore successfully merge two eras one to which Advani himself belongs with another which sees him as a mentor That Advani has been a consequential politician is a given As a protagonist in the political playfield spanning decades he along with Atal Behari Vajpayee not only formed the Bharatiya Janata Party but transformed it dramatically If the BJP is nationally in the reckoning today it is because of the Atal Advani vision of bringing it centre stage from the margins It is through this journey that he redefined secularism During his historic yatras including the Ramjanambhoomi and Somnath to Ayodhya the country was compelled to redefine secularism and distinguish it from the pseudo secularism being handed down by adversaries But that is only one part The other and more significant is Advani's contribution in setting and elevating standards in public life and hammering that they be followed That he has led from the front is well known The strength of Advani's blogs like his persona is that they are direct candid and forthright There is no soft pedaling issues or minimizing the blow as it were He has stated facts as they are and made no attempt to either underplay or exaggerate any sequence His writings are as clear as his mind The blogs offer a wide range history politics books and all else To those who have a stake in India's political future Advani's blogs are an effective guide for others an interesting read

Throughout its long and distinguished history Wisden has reported on Indian cricket around the world and commented on its highs and lows One of the first references to a touring Indian cricket side was in 1889 Perhaps the most notable feature of the tour was the wonderfully successful bowling of Mr Pavri who took 170 wickets at a cost of under 12 runs each For a time India enjoyed a golden age of cricket largely through Lord Hawke's tours in the 1890s and then buoyed up by the exploits of Kumar Shri Ranjitsinhji who was chosen as a Wisden Cricketer of the Year in 1897 But there were set backs to come such as the team's 1953 Worst Start in Test Cricket which saw Trueman scythe through their top order at Headingley to leave the team in disrepair at 0 for 4 wickets after 14 balls Recent decades have seen formidable players such as Ganguly Laxman Sehwag Dravid and Tendulkar lift India's game to great heights making them a force to be reckoned with This anthology charts the progress of India through Wisden's pages using match reports articles notes obituaries and illustrations to bring this extraordinary team and their equally extraordinary nation to vivid and delightful life **Democracy's XI** Rajdeep
