Farthest North The Quest For The North Pole

Robert E. Peary

Farthest North The Quest For The North Pole:

The Farthest North Clive Holland,1999 Farthest North Clive Holland,1994 Lyrical moving accounts of polar explorations by Nansen Peary Franklin and others are presented in their own words and provide eloquent testimonies filled with heroism tragedy triumph and mystery in the intoxicating search for glory fame and wealth *Farthest North* Clive Holland,1999 Collected here are four centuries worth of heroic courage constant danger and glory in the quest for the top of the world of photos Maps A few toes aren't much to give to achieve the Pole observed Robert Peary but as Clive Holland's gripping history of traveling across the polar ice cap shows much more was at risk for the men who went as far north as possible **Discovery of the North Pole** James Martin Miller,1909 **Farthest North** Clive Holland,1994 **Ninety Degrees North** Fergus Fleming,2007-12-01 The author of Barrow's Boys offers a fascinating look at the exploration of the Arctic in the nineteenth century Named a Best Book of the Year by the New York Times Book Review the Seattle Times Publishers Weekly and Time In the nineteenth century theories about the North Pole ran rampant Was it an open sea Was it a portal to new worlds within the globe Or was it just a wilderness of ice When Sir John Franklin disappeared in the Arctic in 1845 explorers decided it was time to find out In scintillating detail *Ninety Degrees North* tells of the vying governments including the United States Great Britain Germany and Austria Hungary and fantastic eccentrics from Swedish balloonists to Italian aristocrats who despite their heroic failures often achieved massive celebrity as they battled shipwreck starvation and sickness to reach the top of the world Drawing on unpublished archives and long forgotten journals Fergus Fleming recounts this riveting saga of humankind's search for the ultimate goal with consummate craftsmanship and wit Barely a page goes by without the loss of a crew member or a body part Fleming is a marvelous teller of tales and a superb thumbnail biographer The Observer A fable of men driven to extremes by the lust for knowledge as epic as a Greek myth Time **Polar Explorations** Don Nardo,2011-03-02 One the least understood places in the world the North and South poles have captivated the imagination of scientists adventurers and ordinary people for centuries With an abundance of natural resources including crude oil and the possibility for new scientific breakthroughs the race to understand the poles has at various times led many nations to make political claims in a rush to exercise control over this terrain This comprehensive volume offers detailed accounts of the major polar explorations the political and scientific stakes in the quest to map and contain the Arctic and Antarctica Chapters discuss the contest for the North Pole the heroic age of exploration of the South Pole during the beginning of the twentieth century the evolution of scientific technology and its effect on research in the harsh environment and the trends in modern polar research **Nineteenth-Century Travels, Explorations and Empires, Part I Vol 1** Peter J Kitson,William Baker,Indira Ghose,Susan Schoenbauer Thurin,2021-11-18 A collection of writings on travels undertaken in the Victorian era The texts collected in these volumes show how 19th century travel literature served the interests of empire by promoting British political and economic values that translated into manufacturing goods Public Opinion ,1920

The North Pole Robert E. Peary, 2022-05-28 In *The North Pole* Robert E Peary chronicles the quintessential journey of early 20th century Arctic exploration providing a riveting narrative of his 1909 expedition that culminated in what he claimed to be the discovery of the North Pole Peary's account rich in detail and personal anecdotes paints a vivid picture of the challenges faced by the explorers in the unforgiving polar environment The book stands as a notable work within the canon of exploration literature adopting a candid and immersive style that allows readers to glimpse the era's spirit of adventure and its complex interplay of ambition endurance and controversy Peary's narrative blends the meticulousness of a logbook with the flair of a seasoned storyteller offering insights into the era's imperialistic drive and the burgeoning field of polar research Robert E Peary was not just an explorer but a controversial figure whose claims would be scrutinized and debated for years to come His background as a civil engineer and his service in the U S Navy provided a foundation of discipline and resilience necessary for polar expeditions The detailed descriptions in *The North Pole* mirror a life dedicated to exploration and the pursuit of geographic knowledge driven by an era's ethos that prized discovery and conquest Peary's exposure to Inuit cultures and his reliance on indigenous knowledge although viewed through a colonial lens was critical to his expeditions and is evident in the narrative *The North Pole* is recommended for enthusiasts of polar history adventure readers and scholars of exploration literature Through Peary's eyes we are offered a window into the motivations perils and triumphs of an age where the uncharted was still within reach and the allure of the unknown beckoned to the intrepid This book serves not only as a testament to human determination but also as a piece of historical documentation capturing the intrigue that once surrounded one of the greatest geographical endeavors of the early 20th century

Advanced Geography Harmon Bay Niver, 1916

North American Exploration Michael Golay, John S. Bowman, 2008-04-21 A comprehensive highly readable reference This is an authoritative one stop resource for essential information on the exploration of North America from alleged pre Columbian explorers to polar expeditions in the twentieth century Completely up to date in content and historical approach the book is divided into seven sections each covering a major area of exploration Vivid narrative entries bring to life early expeditions e g African and Scandinavian voyages real and apocryphal voyages of European explorers Western expeditions and explorations of the Arctic From the Atlantic seaboard to the Appalachians to the Mississippi to the northernmost regions readers will discover the Native nations geographical features private and governmental institutions and settlements that played a role in the history of exploring the continent Maps photos and sidebars with lively first person accounts from contemporary diaries reports and news accounts round out this thorough examination of the numerous adventures taken around the continent Michael Golay has published five books on American history including most recently *The Ruined Land* He lives in Exeter New Hampshire John Bowman is the Editor of the *Cambridge Dictionary of American Biography* and numerous other reference works He lives in Northampton Massachusetts

In a Far Country John Taliaferro, 2007-11-13 In the fall of 1897 eight whaling ships became trapped in the ice on Alaska's northern coast Without

relief two hundred whalers would starve to death by winter's end. Mercifully an extraordinary missionary Tom Lopp and seven Eskimo herders embarked on a harrowing journey to save the whalers driving four hundred reindeer more than seven hundred untracked miles. At the heart of the rescue expedition lies another in some ways more compelling journey. In a Far Country is the personal odyssey of Tom and his wife Ellen Lopp, their commitment to the natives and the rugged but happy life they built for themselves amid a treeless tundra at the top of the world. The Lopps pulled through on grit and wits, on humility and humor, on trust and love, and by the grace of God. Their accomplishment would surely have received broader acclaim had it not been eclipsed by two simultaneous events: the Spanish American War and the Alaska gold rush. The United States and its territories were transformed abruptly and irrevocably by these fits of expansionist fever, and despite the thoughtful, determined guidance of the Lopps, the natives of the North were soon overwhelmed by a force mightier than the fiercest Arctic winter of the twentieth century.

Scientific American, 1909

Library and Information Studies for Arctic Social Sciences and Humanities Spencer Acadia, Marthe Tolnes Fjellestad, 2020-11-26

Library and Information Studies for Arctic Social Sciences and Humanities serves as a key interdisciplinary title that links the social sciences and humanities with current issues, trends, and projects in library, archival, and information sciences within shared Arctic frameworks and geographies. Including contributions from professionals and academics working across and on the Arctic, the book presents recent research, theoretical inquiry, and applied professional endeavours at academic and public libraries as well as archives, museums, government institutions, and other organisations. Focusing on efforts that further Arctic knowledge, and research papers present local, regional, and institutional case studies to conceptually and empirically describe real-life research in which the authors are engaged. Topics covered include the complexities of developing and managing multilingual resources, working in geographically isolated areas, curating combinations of local, regional, national, and international content collections, and understanding historical and contemporary colonial industrial influences in indigenous knowledge. Library and Information Studies for Arctic Social Sciences and Humanities will be essential reading for academics, researchers, and students working in the fields of library, archival, and information or data science, as well as those working in the humanities and social sciences more generally. It should also be of great interest to librarians, archivists, curators, and information or data professionals around the globe.

Book Lust to Go Nancy Pearl, 2010-06-01

Adventure is just a book away. As bestselling author Nancy Pearl returns with recommended reading for more than 120 destinations, both worldly and imagined, around the globe. From Las Vegas to the Land of Oz, Naples to Nigeria, Philadelphia to Provence, Nancy Pearl guides readers to the very best fiction and nonfiction to read about each destination. Even within one country, she traverses decades to suggest titles that effortlessly capture the different eras that make up a region's unique history. This enthusiastic literary globetrotting guide includes stops in Korea, Sweden, Afghanistan, Albania, Parma, Patagonia, Texas, and Timbuktu. Book Lust To Go connects the best fiction and nonfiction to particular destinations, whether your bags are packed or your armchair is calling. From

fiction to memoir poetry to history Nancy Pearl's Book Lust to Go takes the reader on a globetrotting adventure no passport required

Library Service Detroit Public Library, 1918 Volumes 4-14 include 55th-65th Annual report of the Detroit library commission 1919-20 1929-30

Lobsticks and Stone Cairns Richard Clarke Davis, 1996 Lobsticks and stone cairns are landmarks that mark paths and commemorate events The one hundred biographies in this book also offer themselves as paths to be taken Centuries of human endeavour hardship folly and suffering are collapsed into stories through which we can discover what the Arctic is and has been Profiled in this book are human landmarks dating from as far back as the sixteenth century to those still active in the North today Included are stories of adventurers military officers authors guides culture heroes police traders and even the occasional charlatan The biographies are of Inuit European American Indian and Canadian men and women What appears here is the essence of each person rendered by an expert and put in a new context bringing the history and geography of the North to life

To the Pole Richard Evelyn Byrd, 1998 A look at documents from Byrd's controversial 1926 flight over the North Pole

The Humboldt Current Aaron Sachs, 2007-07-31 A masterly and beautifully written account of the impact of Alexander von Humboldt on nineteenth century American history and culture The naturalist and explorer Alexander von Humboldt 1769-1859 achieved unparalleled fame in his own time Today however he and his enormous legacy to American thought are virtually unknown In *The Humboldt Current* Aaron Sachs traces Humboldt's pervasive influence on American history through examining the work of four explorers J N Reynolds Clarence King George Wallace and John Muir who embraced Humboldt's idea of a chain of connection uniting all peoples and all environments A skillful blend of narrative and interpretation that also discusses Humboldt's influence on Emerson Whitman Thoreau Melville and Poe *The Humboldt Current* offers a colorful passionate and superbly written reinterpretation of nineteenth century American history

Whispering the Techniques of Language: An Psychological Journey through **Farthest North The Quest For The North Pole**

In a digitally-driven world where displays reign great and immediate transmission drowns out the subtleties of language, the profound techniques and emotional subtleties hidden within phrases often get unheard.
