fashion students are discouraged by the master who usually affects to despise fashion drawing and tells the students he Wishes them to go in for real art instead of raising the standard and showing them how much good drawing is essential and that most of the celebrated artists did not disdain any kind of painting even the signs of coaching inns About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
