Fabric of Vision Anne Hollander, 2016-09-22 Clothing appears in all forms of figurative painting often taking up two thirds of a frame yet it can often go unnoticed Far more than a simple means of identifying the status or occupation of a figure clothes and cloth are used creatively by artists to hint at ambiguities in character adjust the emotional temperature direct the eye or make subtle allusions Drawing on works by artists over a period of six centuries from Giotto to El Greco Matisse to Cindy Sherman the author reveals through paintings fashion plates photographs and film stills how drapery in art evolved from Renaissance extravagance to Neoclassical simplicity at the end of the 18th century and has extended to infinite uses in all genres of Modern art First published in 2002 to accompany an exhibition of the same name at the National Gallery London this beautifully illustrated and beautifully written book by pioneering art historian and critic Anne Hollander is reissued with a new Foreword by Valerie Steele As penetrating and insightful as when it was first published it remains a must read for today s generation of students and anyone with an interest in art and fashion

Paris Fashion Valerie Steele, 2017-09-21 Paris has been the international capital of fashion for more than 300 years Even before the rise of the haute couture Parisians were notorious for their obsession with fashion and foreigners eagerly followed their lead From Charles Frederick Worth to Gabrielle Coco Chanel Christian Dior and Yves Saint Laurent fashion history is dominated by the names of Parisian couturiers But Valerie Steele s Paris Fashion is much more than just a history of great designers This fascinating book demonstrates that the success of Paris ultimately rests on the strength of its fashion culture created by a host of fashion performers and spectators including actresses dandies milliners artists and writers First published in 1988 to great international acclaim this pioneering book has now been completely revised and brought up to date encompassing the

rise of fashion s multiple world cities in the 21st century Lavishly illustrated deeply learned and elegantly written Valerie Steele s masterwork explores with brilliance and flair why Paris remains the capital of fashion

History of Painting: Ancient, early Christian and mediæval painting Alfred Friedrich Gottfried Albert Woltmann,Karl Woermann,1888

Sex and Suits Anne Hollander,2016-08-25 Since the dawn of western fashion in the Middle Ages women s dress has never stopped evolving yet menswear has seen far fewer style revolutions At the centre of the male wardrobe is the suit relatively unchanged since the 17th century its cut and cloth suggest athleticism seriousness sexuality and strength qualities which contrasted with the perceived superficiality and frivolity of female dress and eventually led to the adoption of the suit into the female wardrobe where it remains to this day In Sex and Suits brilliant essayist and art critic Anne Hollander charts the development of men s and women s fashion from their divergence in the medieval period to their convergence through to the late 20th century Challenging the idea that the suit s success is merely down to its practicality this trailblazing book argues that men have been fashion s true style setters and that as women s fashion has taken on elements of men s style through tailoring so men have reclaimed the embellishment and colour of past eras First published in 1994 to great acclaim this classic text is as fresh and provocative as ever and remains a must read for students scholars and anyone fascinated by the history of fashion and gender
