*Foreign volunteers and International Brigades in the Spanish civil war (1936-39)* Bruno Mugnai, 2019-04-16 The International Brigades Spanish Brigadas Internacionales were military units made up of volunteers from different countries who traveled to Spain to fight for the Second Spanish Republic in the Spanish Civil War between 1936 and 1939 The number of combatant volunteers has been estimated at between 32 000 35 000 though with no more than about 20 000 active at any one time A further 10 000 people probably participated in non combatant roles and about 3 000 5 000 foreigners were members of CNT or POUM 1 They came from a claimed 53 nations to fight against the Spanish Falangist forces led by General Francisco Franco who was assisted by German and Italian forces The Spanish Civil War, 1936-39 Mark Falcoff, Fredrick B. Pike, 1982 The Spanish Civil War Charles J Esdaile, 2018-10-10 The Spanish Civil War A Military History takes a new military approach to the conflict that tore Spain apart from 1936 to 1939 In many histories the war has been treated as a primarily political event with the military narrative subsumed into a much broader picture of the Spain of 1936 9 in which the chief themes are revolution and counter revolution While remaining conscious of the politics of the struggle this book looks at the war as above all a military event and as one in whose outbreak specifically military issues particularly the split in the armed forces produced by the long struggle in Morocco 1909 27 were fundamental Across nine chapters that consider the war from beginning to endgame Charles J Esdaile revisits traditional themes from a new perspective deconstructs many epics and puts received ideas to the test as well as introducing readers to foreign language historiography that has previously been largely inaccessible to an anglophone audience In taking this new approach The Spanish Civil War A Military History is essential reading for all students of twentieth century Spain *El ejército republicano en la guerra civil* Michael Alpert, 1989 Este libro se dedica a estudiar e ilustrar la evolución de una institución militar que correspondió a una visión española de cómo luchar contra la sublevación militar del 18 de julio de 1936 Obra basada en fuentes primarias principalmente los archivos del ejército de la República y los recuerdos de personas que lucharon en él ofrece conclusiones a primera vista sorprendentes y que no coinciden con las opiniones generalizadas sobre el tema Esforzándose por tratar la historia con visión académica el autor describe la génesis del Ejército desde una agrupación de milicias semiautónomas hasta su final organización según modelos estrictamente castrenses que en cierta manera resultaron más conservadores que los de su enemigo con una estructura dominada por militares profesionales aunque todavía caracterizada por divisiones políticas El autor examina los conflictos interiores del ejército de la República demostrando cómo la escisión entre la política revolucionaria de la guerra civil y la perspectiva de defensa de la legalidad republicana se reflejó en la teoría organizativa y la praxis operativa de las fuerzas militares de la República **The Spanish Republic at War 1936-1939** Helen Graham, 2002-12-19 This book is a comprehensive 2002 analysis of the Spanish left during the civil war of 1936 9 *Republic of Egos* Michael Seidman, 2002-11-23 Most histories of the Spanish Civil War 1936 1939 have examined major

leaders or well established political and social groups to explore class gender and ideological struggles The war in Spain was marked by momentous conflicts between democracy and dictatorship Communism and fascism anarchism and authoritarianism and Catholicism and anticlericalism that still provoke our fascination In Republic of Egos Michael Seidman focuses instead on the personal and individual experiences of the common men and women who were actors in a struggle that defined a generation and helped to shape our world By examining the roles of anonymous individuals families and small groups who fought for their own interests and survival and not necessarily for an abstract or revolutionary cause Seidman reveals a powerful but rarely considered pressure on the outcome of history He shows how price controls and inflation in the Republican zone encouraged peasant hoarding black marketing and unrest among urban workers Soldiers of the Republican Army responded to material shortages by looting deserting and fraternizing with the enemy Seidman s focus on average seemingly nonpolitical individuals provides a new vision of both the experience and outcome of the war

*Voces de la trinchera* James Matthews,2015-04-16 Nosotros no podemos salir de la trinchera ni para orinar siquiera que nos cosen a tiros y a morterazos y a ca onazos y para terminar pronto tienen de todo lo que quieren para un tiro que nosotros tiramos nos tiran ellos un ciento Cecilio Broch Pintor Una perspectiva original y humana de la Guerra Civil a trav s de fragmentos de cartas enviadas por soldados del Ej rcito Popular de la Rep blica a sus seres queridos en la retaguardia El servicio de censura militar conserv sus palabras de forma inconsciente y un cuidadoso anlisis de esta excepcional y compleja fuente descubre la experiencia blica de los combatientes sus miedos deseos y reacciones ante la obligaci n de apostarse en las trincheras durante el violento conflicto fratricida La correspondencia evidencia tambi n los grandes problemas que sufri la Rep blica con su nuevo Ej rcito y que ayudan a explicar la victoria del bando nacional dificultades de suministro divisiones pol ticas actos de disciplina y un cansancio generalizado

Tank Combat in Spain Anthony J. Candil,2021-05-03 Recounts in considerable detail how Germany Italy and Soviet Russia intervened in Spain supplying troops and equipment to the warring sides ARMOR Magazine Although Spain had been for many years on the periphery of the great affairs of Europe within a few months of the Civil War breaking out in 1936 three out of the four major European powers Italy Germany and the Soviet Union decided to intervene Spain turned out to be the perfect proving ground to carry out controlled realistic experiments with live weapons and troops This book covers the theories of the three main contributors that provided armor to the warring parties in the civil war how those contributions shaped combat and how the lessons learned were then applied to tank combat in World War II The use of tanks in the Spanish Civil War wedded traditional war to modern technology The fighting in Spain did not offer any easy answers however to the question of infantry armor cooperation primarily because the tanks supplied were not very worthy and had been supplied in small numbers even though the Republicans organized an armored division The situation for the tanks on the Nationalist side was so bad in practical terms that they reused captured Russian armor in their units Tank employment in Spain did offer many lessons but the lessons did not always lie in what was done or accomplished but

precisely on what was not done and was not accomplished Offers important insight into the employment of tanks during the war lessons learned or not learned by the participating armed forces *Globe at War* Josep Renau, fotomontador Josep Renau, 2006 Considerado como el introductor del fotomontaje pol tico en Espa a Renau dedic gran parte de su actividad pl stica al fotomontaje Con esta t cnica ilustr revistas dise carteles realiz algunos murales y cre diversas series tem ticas La muestra es una selecci n representativa de su obra estructurada en tres grandes secciones que incluyen las que realiz en las ciudades donde vivi y trabaj Valencia Ciudad de M xico y Berl n *Arms of the Spanish Republic* José María Manrique García, Lucas Molina Franco, 2007 Contains 272 photographs Shows the wide range of arms used by the Republicans Provides fascinating insight into the Spanish Civil War The Captured Enemy Material Exhibition that opened at the Hotel Kursaal in San Sebastian in 1938 was the subject of several catalogues and commemorative brochures all of them printed in short runs An extraordinary array of the arms were on display and this book showcases the wide range of armory possessed by the Republican Ejercito Popular The Republican received weapons and soldiers from the Soviet Union Mexico the International Socialist Movement and the International Brigades the Nationalists had the help of Nazi Germany and Fascist Italy Despite the superiority of the weapons available to Franco and the Nationalists the Republicans were able to fight back after defeats at Alcazar and Guernica This impressive arsenal gathered at the Gran Kursaal was soon disbanded and the collection was handed over dismembered to different depots and arsenals Only a small part has survived to this day preserved at different specific military museums
