A Brief History of the Artist from God to Picasso Paul Barolsky, 2015-08-26 In A Brief History of the Artist from God to Picasso Paul Barolsky explores the ways in which fiction shapes history and history informs fiction It is a playful book about artistic obsession about art history as both tragedy and farce and about the heroic and the mock heroic The book demonstrates that the modern idea of the artist has deep roots in the image of the epic poet from Homer to Ovid to Dante Barolsky's major claim is that the history of the artist is inseparable from historical fiction about the artist and that fiction is essential to the reality of the artist's imagination

Included throughout are 80 sketches and paintings showcasing Leonardo's approach to the female form including anatomical sketches of birth and other artwork as well as examples from other artists from the 15th and 16th centuries Vahland explains how artists like Raphael, Giorgione and the young Titian were influenced by da Vinci's women while Michelangelo da Vinci's main rival created masculine images of woman that counters Leonardo's depictions Crossings Walter C.
