

# El Derecho Laboral El Obrero Mexicano 4

**Joe Foweraker, Ann L. Craig**

#### **El Derecho Laboral El Obrero Mexicano 4:**

Deference and Defiance in Monterrey Michael Snodgrass, 2003-06-02 The first comprehensive history of labour relations and the working class in twentieth century Monterrey Deference and Defiance explores how both workers and industrialists perceived responded to and helped shape the outcome of Mexico's revolution Snodgrass's narrative covers a sixty year period that begins with Monterrey's emergence as one of Latin America's pre eminent industrial cities He then explores the roots of two distinct and enduring systems of industrial relations that were both historical outcomes of the revolution company paternalism and militant unionism By comparing four local industries steel beer glass and smelting Snodgrass demonstrates how workers and managers collaborated in the development of paternalistic labour regimes that built upon working class traditions of mutual aid as well as elite resistance to state labour policies Deference and Defiance in Monterrey thus offers an urban and industrial perspective to a history of revolutionary Mexico that remains overshadowed by studies of the countryside

**Popular Movements and Political Change in Mexico** Joe Foweraker, Ann L. Craig, 1990 Covers the period from 1968 to 1989

**The Making of Law** William Suarez-Potts, 2012-09-26 Despite Porfirio Díaz's authoritarian rule 1877-1911 and the fifteen years of violent conflict typifying much of Mexican politics after 1917 law and judicial decision making were important for the country's political and economic organization Influenced by French theories of jurisprudence in addition to domestic events progressive Mexican legal thinkers concluded that the liberal view of law as existing primarily to guarantee the rights of individuals and of private property was inadequate for solving the social question the aim of the legal regime should instead be one of harmoniously regulating relations between interdependent groups of social actors This book argues that the federal judiciary's adjudication of labor disputes and its elaboration of new legal principles played a significant part in the evolution of Mexican labor law and the nation's political and social compact Indeed this conclusion might seem paradoxical in a country with a civil law tradition weak judiciary authoritarian government and endemic corruption Suarez Potts shows how and why judge made law mattered and why contemporaries paid close attention to the rulings of Supreme Court justices in labor cases as the nation's system of industrial relations was established

*The Paradox of Revolution* Kevin J. Middlebrook, 1995 Review First major comprehensive analysis in English of the post revolutionary evolution of organized labor from 1920 to present Argues that before labor plays a major role in Mexico's political and economic future it must democratize internally the State also must end direct manipulation of unions Handbook of Latin American Studies v 57 <http://www.loc.gov/hlas>
