## **Fanning The Flames Fans And Consumer Culture In Contemporary Japan:**

*Fanning the Flames* William W. Kelly, 2012-02-01 *Fanning the Flames* examines the worlds of fans in the exuberant and commercialized popular culture of contemporary Japan. The works collected here profile denizens of all night rap clubs, sumo stable patrons, passionate fan clubs of a professional baseball team, enthusiasts of traditional rakugo storytelling, a club of middle aged female fans of a popular music star, youthful followers of Japan's longest running rock band, vinyl record collectors, and a thriving community of girls and women who produce and devour amateur comics. Grounded in close, often extended fieldwork with the fans themselves, each case study is an effort to understand both the personal pleasures and political economies of fandoms. The contributors explore the many ways that fans in and of Japanese mass culture actively search for intimacy and identity amid the powerful corporate structures that produce the leisure and entertainment of today's Japan.

Female Masculinity and the Business of Emotions in Tokyo Marta Fanasca, 2023-11-30 *Female Masculinity and the Business of Emotions in Tokyo* investigates the novel emotion business of *dans* escorting as a phenomenon emerging between gender performativity and pop culture commodified relationships and the wish for self-expression. Fanasca documents the dreams, ambitions, and fears of young crossdresser escorts negotiating their identity with and within the Japanese society, as well as those of crossdresser escorts' clients, women looking for the perfect man and the opportunity to experience emotions. Combining anthropological, sociological, and gender studies theories with an ethnographic approach, Fanasca argues that *dans* crossdressing is the tool used by a sector of Japanese women to resist the heteronormative and patriarchal society and its expectations while reinventing themselves and their identities looking for self-actualization. *Female Masculinity and the Business of Emotions in Tokyo* is an interdisciplinary work which will interest both scholars and students of Japanese studies, gender studies, and anthropology.

**The Ashgate Research Companion to Anthropology** Andrew J. Strathern, 2016-03-03 This companion provides an indispensable overview of contemporary and classical issues in social and cultural anthropology. Although anthropology has expanded greatly over time in terms of the diversity of topics in which its practitioners engage, many of the broad themes and topics at the heart of anthropological thought remain perennially vital, such as understanding order and change, diversity and continuity, and conflict and co-operation in the reproduction of social life. Bringing together leading scholars in the field, the contributors to this volume provide us with thoughtful and fruitful ways of thinking about a number of contemporary and long-standing arenas of work where both established and more recent researchers are engaged. The companion begins by exploring classic topics such as Religion, Rituals, Language, and Culture, Violence, and Gender. This is followed by a focus on current developments within the discipline, including Human Rights, Globalization, and Diasporas, and Cosmopolitanism. It provides an interesting and challenging look at the state of current thinking in anthropology, serving as a rich resource for scholars and students alike.

**Routledge Handbook of New Media in Asia** Larissa Hjorth, Olivia Khoo, 2015-11-06 While a decade ago much of the discussion of new media in Asia was couched in Occidental notions of Asia as a default setting for technology in the future today we are seeing a much more complex picture of contesting new media practices and production As new media becomes increasingly an everyday reality for young and old across Asia through smartphones and associated devices boundaries between art new media and the everyday are transformed This Handbook addresses the historical social cultural political philosophical artistic and economic dimensions of the region's new media Through an interdisciplinary revision of both new media and Asia the contributors provide new insights into the complex and contesting terrains of both notions The

Routledge Handbook of New Media in Asia will be the definitive publication for readers interested in comprehending all the various aspects of new media in Asia. It provides an authoritative up to date intellectually broad conceptually cutting edge guide to the important aspects of new media in the region as the first point of consultation for researchers advanced level undergraduate and postgraduate students in fields of new media and Asian studies. Sound, Space and Sociality in Modern Japan Joseph D. Hankins, Carolyn Stevens, 2013-12-04 This book argues that sound as it is created transmitted and perceived plays a key role in the constitution of space and community in contemporary Japan. The book examines how sonic practices reflect politics aesthetics and ethics with transformative effects on human relations. From right wing sound trucks to left wing protests from early 20th century jazz cafes to contemporary avant garde art forms from the sounds of U S military presence to exuberant performances organized in opposition the book rich in ethnographic detail contributes to sensory anthropology and the anthropology of contemporary Japan.

**Global Dance Cultures in the 1970s and 1980s** Flora Pitrolo, Marko Zubak, 2022-03-28 This book explores some of disco's other lives which thrived between the 1970s and the 1980s from oil boom Nigeria to socialist Czechoslovakia from post colonial India to war torn Lebanon. It charts the translation of disco as a cultural form into musical geo political ideological and sociological landscapes that fall outside of its original conditions of production and reception capturing the variety of scenes contexts and reasons for which disco took on diverse dimensions in its global journey. With its deep repercussions in visual culture gender politics and successive forms of popular music art fashion and style disco as a musical genre and dance culture is exemplary of how a subversive marginal scene that of queer and Black New York undergrounds in the early 1970s turned into a mainstream cultural industry. As it exploded atomised and travelled disco served a number of different agendas its aesthetic rootedness in ideas of pleasure transgression and escapism and its formal malleability constructed around a four on the floor beat allowed it to permeate a variety of local scenes for whom the meaning of disco shifted sometimes in unexpected and radical ways.

*Dilemmas of Adulthood* Nancy R. Rosenberger, 2013-11-30 In *Dilemmas of Adulthood* Nancy Rosenberger investigates the nature of long term resistance in a longitudinal study of more than fifty Japanese women over two decades. Between 25 and 35 years of age when first interviewed in 1993 the women represent a generation straddling the stable roles of post war modernity and the risky but exciting possibilities of late modernity. By exploring the challenges they pose to cultural codes Rosenberger builds a conceptual framework of long term resistance that undergirds the struggles and successes of modern Japanese women. Her findings resonate with broader anthropological questions about how change happens in our global local era and suggests a useful model with which to analyze ordinary lives in the late modern world. Rosenberger's analysis establishes long term resistance as a vital type of social change in late modernity where the sway of media global ideas and friends vies strongly with the influence of family school and work. Women are at the nexus of these contradictions dissatisfied with post war normative roles in family work and leisure and yet in Japan as elsewhere committed to a search for self that shifts uneasily

between self actualization and selfishness The women s rich narratives and conversations recount their ambivalent defiance of social norms and attempts to live diverse lives as acceptable adults In an epilogue their experiences are framed by the aftermath of the 2011 earthquake and tsunami which is already shaping the future of their long term resistance Drawing on such theorists as Ortner Ueno the Comaroffs Melucci and Bourdieu Rosenberger posits that long term resistance is a process of tense irregular but insistent change that is characteristic of our era hammered out in the in between of local and global past and future the old virtues of womanhood and the new virtues of self actualization Her book is essential for anyone wishing to understand how Japanese women have maneuvered their lives in the economic decline and pushed for individuation in the 1990s and 2000s     The Star and Celebrity Confessional Sean Redmond,2013-10-18 In this book the different manifestations meanings and processes of the star and celebrity confessional will be explored The confessional is taken to be any moment in which a star celebrity or fan engages in revelatory acts that are considered to be authentic heart felt and honest These confessional encounters can take place in an interview through performance and presentation events online and in unscripted encounters A star may break down in tears or reveal a previously unknown truth about their private life However this authenticity is often found to have been manufactured or is timed to occur against a new release or product launch Alternatively the desire to confess may be seen to draw attention to the centrality of pseudo forms of emotion in contemporary culture and the obsessional behaviour it produces In this book authors consider acts of confession by celebrities such as Tom Cruise Michael Jackson Jade Goody Britney Spears Sarah Jessica Parker Tracey Emin and Russell Crowe     **Egypt's Football Revolution** Carl Rommel,2021-07-27 Both a symbol of the Mubarak government s power and a component in its construction of national identity football served as fertile ground for Egyptians to confront the regime s overthrow during the 2011 revolution With the help of the state appreciation for football in Egypt peaked in the late 2000s Yet after Mubarak fell fans questioned their previous support calling for a reformed football for a new postrevolutionary nation In Egypt s Football Revolution Carl Rommel examines the politics of football as a space for ordinary Egyptians and state forces to negotiate a masculine Egyptian chauvinism Based on several years of fieldwork with fans players journalists and coaches he investigates the increasing attention paid to football during the Mubarak era its demise with the 2011 uprisings and 2012 Port Said Massacre which left seventy two dead and its recent rehabilitation Cairo s highly organized and dedicated Ultras fans became a key revolutionary force through their antiregime activism challenging earlier styles of fandom and making visible entrenched ties between sport and politics As the appeal for football burst alternative conceptions of masculinity emotion and power came to the fore to demand or prevent revolution and reform     *Baseball Without Borders* George Gmelch,2006-11-01 A collection of original essays about baseball in other cultures notably Asia Europe the Americas and the Pacific which explores a wide range of issues for each region     **AKB48** Patrick W.
