Barbara Andrews,2012-10-15 An exciting overview of the manufacturers design and subject matter used in 19th and 20th century American postcards      Rereading Modernist Postcards Bradley D. Clissold,2023-08-31 Informed by both new and old media theory materialist approaches to the study of everyday objects and a series of close readings that chart the critical history of postcard use in the fiction and correspondence of Ernest Hemingway Ring Lardner James Joyce and Wilfred Owen this book locates and attempts to rediscover lost misplaced and neglected postcard materialities as they relate to the archiving editing publishing and fictional repurposing of postcards across Anglo American Literary Modernism 1880 1939 It argues that postcards need to be recognized as important early twentieth century communication technologies and distinctly modernist textualities composed of multimedia recto verso intertextualities Moreover their material limitations encourage users to inscribe messages often in fragmented language forms and innovative cultural shorthands a k a postcardese This study redresses the ongoing widespread scholarly neglect of signifying postcard materialities in modernist studies and the editorial silencing of postcard features in collections of published author correspondence It also stresses that for these four literary figures of modernism the material choice of a postcard for communicating is always as much the meta message as any of the signifying materialities they carry uploaded onto their platforming surfaces      **Broome County in Vintage**

**Postcards** ,2000 Broome County offers an exceptional perspective on the city towns villages and hamlets nestled in the river valleys of a picturesque New York county Located just above the Pennsylvania border in south central New York State Broome County has a diverse and unique heritage beginning with legends of the Iroquois and continuing today with hightech corporations making it in essence the history of America      **Picturing the Postcard** Monica Cure,2018-12-18 The first full

length study of a once revolutionary visual and linguistic medium Literature has died many times this book tells the story of its death by postcard Picturing the Postcard looks to this unlikely source to shed light on our collective modern day obsession with new media The postcard almost unimaginably now produced at the end of the nineteenth century the same anxieties and hopes that many people think are unique to twenty first century social media such as Facebook or Twitter It promised a newly connected social world accessible to all and threatened the breakdown of authentic social relations and even of language Arguing that new media is as much a discursive object as a material one and that it is always in dialogue with the media that came before it Monica Cure reconstructs the postcard s history through journals legal documents and sources from popular culture analyzing the postcard s representation in fiction by well known writers such as E M Forster and Edith Wharton and by more obscure writers like Anne Sedgwick and Herbert Flowerdew Writers deployed uproar over the new medium of the postcard by Anglo American cultural critics to mirror anxieties about the changing nature of the literary marketplace which included the new role of women in public life the appeal of celebrity and the loss of privacy an increasing

dependence on new technologies and the rise of mass media Literature kept open the postcard s possibilities and in the process reimagined what literature could be **American Holiday Postcards, 1905-1915** Daniel Gifford,2013-09-05 In the early 20th century postcards were one of the most important and popular expressions of holiday sentiment in American culture Millions of such postcards circulated among networks of community and kin as part of a larger American postcard craze However their uses and meanings were far from universal This book argues that holiday postcards circulated primarily among rural and small town Northern white women with Anglo Saxon and Germanic heritages Through analysis of a broad range of sources Daniel Gifford recreates the history of postcards to account for these specific audiences and reconsiders the postcard phenomenon as an image based conversation among exclusive groups of Americans A variety of narratives are thus revealed the debates generated by the Country Life Movement the empowering manifestations of the New Woman the civic privileges of whiteness and the role of emerging technologies From Santa Claus to Easter bunnies flag waving turkeys to gun toting cupids holiday postcards at first seem to be amusing expressions of a halcyon past Yet with knowledge of audience and historical conflicts this book demonstrates how the postcard images reveal deep divides at the height of the Progressive Era
