Lee's *A History of Far Eastern Art* for decades regarded as the premier compendium of the visual arts of Asia is the only book of its scope in English a one volume account that covers art from the Indus River to Japan and Java between the fifth millennium B C E and 1850 C E It offers a clear and comprehensive study of the three major artistic traditions of Asia Indian Chinese and Japanese as well as a cogent overview of their interrelationships and their influences on and from the neighboring traditions of Southeast Asia and Indonesia Central Asia and Korea Copious illustrations reveal the evolution of styles and artistic traditions providing in themselves an unrivaled panorama of Asian achievement in art This new edition of *A History of Far Eastern Art* takes full account of the astonishing recent archaeological discoveries as these have confirmed modified or overturned previous interpretations Many of these new finds are included among the hundreds of reproductions *History of Far Eastern Art (B&W Version)* Sherman Lee, 2005-09-01 *Far Eastern Art* H. focused on during the Cold War are no longer central to the project of history writing By bringing together articles previously published in the journal positions east asia cultures critique editor Tani Barlow has demonstrated how scholars construct identity and history providing cultural critics with new ways to think about these concepts in the context of Asia and beyond Chapters address topics such as the making of imperial subjects in Okinawa politics and the body social in colonial Hong Kong and the discourse of decolonization and popular memory in South Korea This is an invaluable collection for students and scholars of Asian studies postcolonial studies and anthropology Contributors Charles K Armstrong Tani E Barlow Fred Y L Chiu Chungmoo Choi Alan S Christy Craig Clunas James A Fujii James L Hevia Charles Shiro Inouye Lydia H Liu Miriam Silverberg Tomiyama Ichiro Wang Hui
