Bibliografía crítica de Salvador Elizondo Ross Larson, 1998 Beyond Sinology Andrea Bachner, 2014-01-21 New communication and information technologies provide distinct challenges and possibilities for the Chinese script which unlike alphabetic or other phonetic scripts relies on multiple signifying principles In recent decades this multiplicity has generated a rich corpus of reflection and experimentation in literature film visual and performance art and design and architecture within both China and different parts of the West Approaching this history from a variety of alternative theoretical

perspectives Beyond Sinology reflects on the Chinese script to pinpoint the multiple connections between languages scripts and medial expressions and cultural and national identities Through a complex study of intercultural representations exchanges and tensions the text focuses on the concrete scripting of identity and alterity advancing a new understanding of the links between identity and medium and a critique of articulations that rely on single monolithic and univocal definitions of writing Chinese writing with its history of divergent readings in Chinese and non Chinese contexts with its current reinvention in the age of new media and globalization can teach us how to read and construct mediality and cultural identity in interculturally responsible ways and also how to scrutinize critique and yet appreciate and enjoy the powerful multi medial creativity embodied in writing

Latin American Literature and Mass Media Edmundo Paz Soldán, Debra A. Castillo, 2001 This volume examines Latin American literature in the context of a complimentary audiovisual culture dominated by mass media such as photography film and the Internet The articles gathered here all of them published for the first time critically assess Latin American media theories Garcia Canclini et al pointing out their strengths and shortcomings show how literary works have been able to sustain their visibility in a highly competitive media ecology accommodating to pop and mass culture while at the same time reaffirming

the authority of the literary intellectual Overall the book's foregrounding of the impact of mass media on Latin American literature opens the critical debate on an increasingly essential subject *Bowker's Guide to Characters in Fiction* 2007 ,2008-02 The Oxford Handbook of the Latin American Novel Juan E. De Castro, Ignacio López-Calvo, 2023 The Latin American novel burst onto the international literary scene with the Boom era led by Julio Cortázar, Gabriel García Márquez, Carlos Fuentes and Mario Vargas Llosa and has influenced writers throughout the world ever since García Márquez and Vargas Llosa each received the Nobel Prize in literature and many of the best known contemporary novelists are inspired by the region's fiction Indeed magical realism the style associated with García Márquez has left a profound imprint on African American, African, Asian, Anglophone Caribbean and Latinx writers Furthermore post Boom literature continues to garner interest from the novels of Roberto Bolaño to the works of César Aira and Chico Buarque to those of younger novelists such as Juan Gabriel Vásquez, Alejandro Zambra and Valeria Luiselli Yet for many readers the Latin American novel is often read in a piecemeal manner, delinked from the traditions, authors and social contexts that help explain its evolution The Oxford Handbook of the Latin American Novel draws literary, historical and social connections so that readers will come away understanding this literature as a rich and compelling canon In forty-five chapters by leading and innovative scholars the Handbook provides a comprehensive introduction helping readers to see the region's intrinsic heterogeneity for only with a broader view can one fully appreciate García Márquez or Bolaño This volume charts the literary tradition of the Latin American novel from its beginnings during colonial times, its development during the nineteenth and the first half of the twentieth century and its flourishing from the 1960s onward Furthermore the Handbook explores the region's representations of identity, narrative trends and authors that make this literature so diverse and fascinating reflecting on the Latin American novel's position in world literature **Denver Quarterly** ,1979 **Borges and His Successors** Edna Aizenberg, 1990 In the first book devoted to the impact made by Borges on the contemporary aesthetic imagination Aizenberg brings together specially commissioned essays from international scholars in a variety of disciplines to provide a wide-ranging assessment of Borges's influence on the fiction, literary theory and arts of our time Publishers website *British Medical Journal* ,1904

Modern Latin-American Fiction Writers William Luis, Ann González, 1994 *The Secret Crypt* Salvador Elizondo, 2023-01-31 Originally published in 1968 *The Secret Crypt* is something of a cult classic in Mexican literature Elizondo's impassioned, breathless prose launches the reader into a labyrinth that is also a hall of mirrors Here we find a small group of characters who are part of an underground sect called Urkreis one of whose aims is to discover the identity of the sect's founder known only as the Imagined The identities of narrator, author and characters blur into one another as the narrative moves between the two worlds of the novel and the author writing the novel an unclassifiable masterpiece containing initiation rites, sacrificial murder, conspiracy and delirium *Latin American Scholarship Since World War II* Roberto Esquenazi-Mayo, Michael C. Meyer, 1971
