Ramachandra Guha's India after Gandhi is a magisterial account of the pains, struggles, humiliations and glories of the world's largest and least likely democracy. A riveting chronicle of the often brutal conflicts that have rocked a giant nation and of the extraordinary individuals and institutions who held it together, it established itself as a classic when it was first published in 2007. In the last decade India has witnessed among other things two general elections, the fall of the Congress and the rise of Narendra Modi, a major anti-corruption movement, more violence against women, Dalits and religious minorities, a wave of prosperity for some but the persistence of poverty for others, comparative peace in Nagaland but greater discontent in Kashmir than ever before. This tenth anniversary edition, updated and expanded, brings the narrative up to the present. Published to coincide with seventy years of the country's independence, this definitive history of modern India is the work of one of the world's finest scholars at the height of his powers.

**History of Indian Nation : Post-Independence India** Muzaffar H. Syed & Others, 2022-02-20

History of Indian Nation India, the cradle for one of the most ancient civilizations in the world, has a long and rich history spanning thousands of years. In fact, the history of India begins with evidence of human activity millions of years ago. The Indus Valley Civilization was the first major civilization. Vedic Civilization witnessed the rise of major polities. Almost the whole country was controlled by Mauryan Empire and it was again united under Gupta Empire. Muslim rule in the subcontinent began when the Arabs conquered Sindh and Multan. Then several invasions from Central Asia led to the formation of Muslim empires such as the Delhi Sultanate and the Mughal Empire. Mughals conquered most of northern India and finally controlled the entire subcontinent and Afghanistan. Mughal Empire declined in the 18th century. Then East India Company gained ascendancy over South Asia. Dissatisfaction with Company rule led to an unsuccessful revolt in 1857, after which India was directly administered by the British Crown. In the 20th century, a nationwide struggle for independence was launched by Indian National Congress. The subcontinent gained independence from Great Britain in 1947 but the country was partitioned into two dominions of India and Pakistan. After

Independence a new era began This comprehensive book comprising four volumes covers the entire history of the Indian Nation in a very compact manner This book is an asset for historians teachers students and general readers at par
